## INDEPENDENT AUDITOR'S REPORT

Mr. Richard H. Gilbert, Jr., CPA,  
Deputy State Auditor  
State of South Carolina  
Columbia, South Carolina

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the South Carolina Educational Television Commission ("the Commission") as of and for the year ended June 30, 2006, as listed in the table of contents. These financial statements are the responsibility of the Commission's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1 to the financial statements, the financial statements of the Commission are intended to present the financial position and results of operations of only that portion of the funds of the State of South Carolina financial reporting entity that is attributable to the transactions of the Commission, an agency of the State. They do not purport to and do not present the financial position of the State of South Carolina as of June 30, 2006, and changes in its financial position, for the year then ended in conformity with accounting principles generally accepted in the United States of America, and do not include, other agencies, divisions or component units of the State of South Carolina.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the governmental activities, each major fund and the aggregate remaining fund information of the South Carolina Educational Television Commission as of June 30, 2006, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Commission changed its policy regarding the its period of availability for the fund statements from one year to thirty days for receivables from sales of goods or services and also received clarification regarding the ownership of land and buildings as discussed in Note 19. As further discussed in Note 19, management also discovered an error in the classifications of certain capital assets and the overstatement of a liability in the prior year.

Management's Discussion and Analysis on pages 3 through 8 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was performed for the purpose of forming an opinion on the financial statements of the Commission taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued our report dated January 4, 2007 on our consideration of the Commission's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with Governmental Auditing Standards and should be considered in assessing the results of our audit.

### **MANAGEMENT'S DISCUSSION AND ANALYSIS**

#### ***Overview of the Financial Statements and Financial Analysis***

As management of the South Carolina Educational Television Commission ("the Commission"), we provide this Management's Discussion and Analysis of South Carolina Educational Television's Financial Statements for the fiscal year ended June 30, 2006 as a narrative overview and analysis. We encourage readers to consider this information in conjunction with the Commission's financial statements, which follow.

This report consists of a series of financial statements, prepared in accordance with the Governmental Accounting Standards Board in Statement 34, *Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments*. The financial statements presented focus on the financial condition of the Commission, the results of operations, and the cash flows of the Commission.

This discussion and analysis is intended to serve as an introduction to the Commission's basic financial statements. The Commission's basic financial statements include three components: 1) entity-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

The *Entity-Wide Financial Statements* provide a broad overview of the Commission's operations. The entity-wide financial statements include two statements: the Statement of Net Assets; and, the Statement of Activities.

The *Fund Financial Statements* provide information on the Commission's funds. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. All of the Commission's funds are classified as Governmental funds. The Commission's governmental funds include the General Fund, Capital Projects Fund, State Lottery Fund and Other Governmental Funds.

The *Notes to the Financial Statements* provide additional information that is essential to a full understanding of the data provided in the Department-wide and fund financial statements.

The following discussion and analysis of the Commission's entity-wide financial statements provides an overview of its financial activities for the year. Comparisons to the prior fiscal year are also made.

## Statement of Net Assets

The Statement of Net Assets presents information reflecting the Commission's assets, liabilities and net assets as of the end of the fiscal year. This statement provides the reader with a fiscal snapshot of the Commission. The Statement of Net Assets presents end of year data concerning Assets (current and non-current), Liabilities (current and non-current), and Net Assets (Assets minus Liabilities). Current assets and liabilities are those with immediate liquidity or which are collectible or due within twelve months of the statement date. The Statement of Net Assets is prepared under the accrual basis of accounting, whereby revenues and assets are recognized when the service is provided and expenses and liabilities are recognized when others provide the service, regardless of when cash is exchanged. Over time, increases or decreases in the Commission's net assets may serve as a useful indicator of whether the financial position of the Commission is improving or deteriorating.

The assets of the Commission exceeded its liabilities by \$52.9 million at fiscal year ending June 30, 2006 (See Table 1 below for a summary of net assets for fiscal years 2005-2006 and 2004-2005). Of this amount, \$3.5 million was reported as "unrestricted net assets." Unrestricted net assets represent the amount available to be used to meet the Commission's ongoing obligations.

Condensed Statement of Net Assets	2006	(as Restated) 2005	Increase / (Decrease)	Percent Change
<b>ASSETS</b>				
Current Assets	\$ 10,035,022	\$ 14,643,412	\$ (4,608,390)	(31.47%)

Unrestricted	3,514,967	3,610,453	(95,486)	-2.64%
<b>Total Net Assets</b>	<u>52,893,401</u>	<u>55,892,139</u>	<u>(2,998,738)</u>	(5.37%)
<b>Total Liabilities and Net Assets</b>	<u>\$ 59,296,241</u>	<u>\$ 64,172,127</u>	<u>\$ (4,875,886)</u>	(7.60%)

Total assets of the Commission decreased by \$4.9 million. Cash and cash equivalents decreased \$4.6 million. The decrease in total assets and cash and cash equivalents can be attributed to a \$3.1 million decrease in the cash and cash equivalents in the State Lottery Fund, a \$2.8 million decrease in the General Fund and a \$1.3 million increase in Capital Projects and Other Governmental Funds. The commission shows a prepaid expense balance for two tower leases paid from Lottery Funds and the General Fund.

The decrease in current liabilities is attributable to a decrease in accounts payable as a result of the Commission's digital capital project nearing completion. Deferred revenue in current liabilities did increase as a result of the K-12 technology appropriation being in restricted funds. The current portion of compensated absences also increased. The decrease in non-current liabilities can be attributed to the payment of the Commission's note payable during the fiscal year and a reduction in the amount due to the Corporation for Public Broadcasting for the first year of the grant disallowance payback. The non-current portion of compensated absences was also reduced.

Net assets of the Commission decreased during the year by \$3.0 million. The decrease can be attributed to the \$4.6 million decrease in cash and cash equivalents and corresponding decrease in total liabilities during the fiscal year.

### ***Statement of Activities***

This statement represents the program revenues and expenses, as well as any general revenue that the Commission receives. The purpose of this statement is to present the reader with information relating to revenues received and expenses incurred during the fiscal year ending June 30, 2006.

Program revenues for the commission are classified in three categories: Charges for Services, Operating Grants and Capital Grants. Charges for services are received for providing services to the various customers and constituencies of the Commission. Operating grants are primarily made up of the Community Service Grants received from the Corporation for Public Broadcasting, contributed support from the ETV Endowment and private grants. Operating grants are used in the ongoing operations of the Commission. Capital grants are grants used for the purchase or construction of capital assets. The Commission currently has capital grants from the U.S. Department of Commerce. Total program revenue from all sources during the fiscal year totaled \$11.5 million.

Expenses for the Commission are shown under the category of Educational Broadcasting and are classified as Personal Services, Other Operating, Interest and Depreciation. Personal Service costs were \$12.6 million (41%). Other operating costs totaled \$14.6 million (48%). Interest and depreciation costs totaled \$3.6 million (11%). The statement of Activities reflects a decrease in net assets for the current fiscal year (See Table 2 for a comparison of revenues, expenses and changes in net assets for fiscal years 2005-2006 and 2004-2005).

Net Assets – end of year	<u>\$ 52,893,401</u>	<u>\$ 55,892,139</u>	<u>\$ (2,998,738)</u>	<u>(5.37%)</u>

Program revenues reflected a decrease of \$935 thousand over the previous fiscal year. Revenues from charges for services remained the same, operating grants and contributions (-8.35%) and capital grants (-15.42%) decreased from the previous fiscal year. The Operating grants decrease can be attributed to a reduction in the Corporation for Public Broadcasting grant. Capital grant revenue decreased as a result of the Commission's federal grants being completed.

General revenues decreased from the previous fiscal year as a result of the non-recurring \$1.02 million supplemental appropriation received in State Fiscal Year 2004-05 under Proviso 73.9. General revenues also decreased due to current year K-12

Technology funds being appropriated from restricted funds. The Commission did receive a \$400 thousand supplemental appropriation for employee pay increases. The Commission also received a \$1.4 million capital reserve appropriation to fund its annual satellite costs during the current year.

Total expenses decreased \$1.3 million. Personal services increased by \$1.8 million. Personal services increases can be attributed to salary increases, TERI payouts and an increase in temporary employee cost. Other operating expenses decreased by \$3.1 million. Interest and Depreciation expenses showed minimal decreases from the previous fiscal year.

The Commission's net assets decreased \$3.0 million from the previous fiscal year. The reduction in net assets can be attributed to the reduction in the Commission's operating grants, state appropriations and an increase in personal services.

### ***Capital Assets and Debt Administration***

The Commission's Capital Assets net of depreciation were \$48.8 million at June 30, 2006. This investment in capital assets includes land, buildings and improvements, equipment and furniture, vehicles and construction in progress. Table 3 summarizes capital assets at June 30, 2006 and June 30, 2005 (as restated).

The net decrease in the Commission's investment in capital assets for the current fiscal year was \$150 thousand. Actual expenditures to purchase or construct capital assets were \$3.6 million. Depreciation charges for the year totaled \$3.5 million.

<b>SC ETV Capital Assets</b>	<b>2006</b>	<b>(As Restated) 2005</b>
Land	\$ 946,579	\$ 946,579
Building & Improvements	21,887,468	21,887,468
Equipment & Furniture	75,186,452	72,095,327
Vehicles	1,452,836	1,481,560
Construction in Progress	1,206,301	1,471,654
<b>Total Cost</b>	<b>100,679,636</b>	<b>97,882,588</b>
Less: Accumulated Depreciation	51,868,870	48,917,512
<b>Net Capital Assets</b>	<b><u>\$ 48,810,766</u></b>	<b><u>\$ 48,965,076</u></b>

The Commission currently has one note payable with an interest rate of 3.29%, original maturity date of June 30, 2008, which is secured by equipment held by the Commission. As of June 30, 2006 the total principal amount still owed was approximately \$1.5 million.

### ***Economic Outlook***

The Commission is aware that future state funded appropriations may be reduced and continues to look for ways to increase operating revenue and improve its operating efficiencies. The Commission's Community Service Grant from the Corporation for Public Broadcasting was reduced beginning with the 2006 grant year and will be reduced again for the 2007 grant year. These reductions were the result of a previous CPB audit that affected the way the Commission calculates its grant amount. The total amount of the payback has been reflected as a liability on the financial statements. The Commission asked for and received an exemption from Proviso 63.34 that will allow it to keep any funds received from the sale of its Administration building to renovate unused office space in the Telecommunications building. The Commission's board has approved the sale of the Administration building and it will be brought before the State Budget and Control Board during 2007. The sale of the Administration building is the first step in consolidating all of the Commission's central resources into one location and reducing overhead expenses.

### ***Requests For Information***

This financial report is designed to provide a general overview of the South Carolina Educational Television Commission's finances for all of the Commission's taxpayers, customers and creditors. This financial report seeks to demonstrate the Commission's accountability for the funds it receives. ### NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the South Carolina Educational Television Commission (the Commission) conform to accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body in the United States of America for establishing governmental accounting and financial reporting principles. The Commission's significant accounting principles are described below.

##### Reporting Entity

The Commission is responsible for the administration of the South Carolina Educational Television Network systems. The Commission is an agency of the State of South Carolina established by Section 59-7-10 of the Code of Laws of South Carolina.

The Governor appoints the members of the Commission with the advice and consent of the Senate. The Commission members are the governing body of the Commission. The funds and account groups of the Commission are included in the Comprehensive Annual Financial Report of the State of South Carolina, the primary government.

The core of the financial reporting entity is the primary government, which has a separately elected governing body. As required by generally accepted accounting principles, the financial reporting entity includes both the primary government and all of its component units. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. In turn, component units may have component units. The Commission has determined it has no component units.

An organization other than a primary government may serve as a nucleus for a reporting entity when it issues separate financial statements. That organization is identified herein as a primary entity.

The primary government or entity is financially accountable if it appoints a voting majority of the organization's governing body, including situations in which the voting majority consists of the primary entity's officials serving as required by law (e.g., employees who serve in an ex officio capacity on the component unit's board are considered appointments by the primary entity) and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary entity. The primary entity also may be financially accountable if an organization is fiscally dependent on it even if it does not appoint a voting majority of the board. An organization is fiscally dependent on the primary entity that holds one or more of the following powers:

- (1) Determines its budget without another government having the authority to approve and modify that budget;
- (2) Levies taxes or set rates or charges without approval by another government; or,
- (3) Issues bonded debt without approval by another government.

The accompanying financial statements present the financial position and the results of operations of only that portion of the funds of the State of South Carolina that is attributable to the transactions of the Commission.

### NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

#### **Governmental Funds**

Governmental funds are those through which most governmental functions typically are financed and are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked monies. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used; current liabilities are assigned to the fund from which they are to be paid; the difference between the assets and liabilities is fund balance. The Commission had the following governmental funds.

The Commission reports the following major funds:

**General Fund** - The general fund accounts for all activities except those required to be accounted for in another fund. Revenues include the annual state appropriation as approved by the General Assembly, Corporation for Public Broadcasting, Inc. (CPB) grant funds, program sales, royalties, charges for services, contributed support and cost reimbursements. The revenues are used for general ongoing governmental services such as administration, maintenance, program development and production, transmission and reception of programs, and debt service. Program sales revenues report amounts received from State agencies, the ETV Endowment and others for services related to and for support of programming, production and broadcasting of programs. The Commission reports as charges for services revenue income from the ETV Endowment primarily for reimbursement of administrative services and other costs and income from State agencies and other entities for services not related to production of programs and for certain equipment.

In addition, the general fund includes the receipts and disbursements of monies from other state agencies related to the dual employment of Commission employees.

**State Lottery Fund** - consist of State Lottery grants as required by Section 59-150-355 of the South Carolina Code of Laws that are used primarily for the acquisition of equipment or the construction of capital projects to assist the Commission in the digital conversion process. The fund balance account related to these capital projects is titled reserved for capital projects and equipment

**Capital Projects Fund** - This fund accounts for federal grants, private grants and contracts, funds received from the State from capital improvement bonds and capital reserve fund appropriations and expenditures made from these resources. In addition, expenditures by this fund are funded by transfers from the State Lottery fund.

#### **Government-wide and Fund Financial Statements**

The financial statements of the Commission are presented in accordance with accounting principles generally accepted in the United States of America applicable to state and local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body in the United States of America for establishing governmental accounting and financial reporting principles.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as general revenues.

### **NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2006**

#### **Measurement Focus, Basis of accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Commission uses different availability periods for recognizing these revenues. Grant revenues are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Revenues from sales of goods and services are recognized if received within one month after fiscal year-end. Other revenues are recognized if expected to be collected within one year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

#### **Revenues – Exchange and Non-Exchange Transactions**

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenues are recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Commission, available means expected to be received within one year of the fiscal year-end.

Nonexchange transactions, in which the Commission receives value without directly giving value in return, include grants and donations. On an accrual basis, revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the Commission must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the Commission on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must be available before it can be recognized.

#### **Capital Assets**

Capital assets are recorded at cost at the date of acquisition or fair market value at the date of donation in the case of gifts. The Commission follows capitalization guidelines established by the State of South Carolina. All land is capitalized, regardless of cost. Qualifying improvements that rest in or on the land itself are recorded as depreciable land improvements. Major additions and renovations and other improvements costing \$100,000 or more that add to the usable space, prepare existing buildings for new uses, or extend the useful life of an existing building are capitalized. The Commission capitalized movable personal property with a unit value in excess of \$5,000 and a useful life in excess of one year and buildings and improvements and intangible assets costing in excess of \$100,000. Routine repairs and maintenance and library materials, are charged to operating expenses in the year in which the expense was incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 15 to 50 years for buildings and improvements and land improvements and 2 to 25 years for machinery, equipment, and vehicles. A full year of depreciation is taken the year the asset is placed in service and no depreciation is taken in the year of disposition.

## **SOUTH CAROLINA EDUCATIONAL TELEVISION COMMISSION**

### **NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2006**

#### **Budget Policy**

The Commission is granted an annual appropriation for operating purposes by the General Assembly. The appropriation as enacted becomes the legal operating budget for the Department. The Appropriation Act authorizes expenditures from funds appropriated from the General Fund of the State and authorizes expenditures of total funds. The Total Funds column in the Appropriation Act for each individual budgetary unit authorizes expenditures from all budgeted resources. A revenue budget is not adopted for individual budgetary units. The General Assembly enacts the budget through passage of line-item appropriations by program within budgetary unit within budgetary fund category, State General Fund or other budgeted funds. Budgetary control is maintained at the line-item level of the budgetary entity. Agencies may process disbursement vouchers in the State's budgetary accounting system only if enough cash and appropriation authorization exist.

A budget versus actual comparison is not presented as required supplementary information for any of the funds since not all revenues or expenditures are budgeted in any of the funds.

#### **Cash and Cash Equivalents**

The amounts shown in the financial statements as "cash and cash equivalents" represent petty cash, cash on hand with the State Treasurer, and cash invested in various instruments by the State Treasurer as part of the State's internal cash management pool.

Most State agencies, including the Commission, participate in the State's internal cash management pool. Because the cash management pool operates as a demand deposit account, amounts invested in the pool are classified as cash and cash equivalents. The State Treasurer administers the cash management pool. The pool includes some long-term investments such as obligations of the United States and certain agencies of the United States, obligations of the State of South Carolina and certain of its political subdivisions, certificates of deposit, collateralized repurchase agreements, and certain corporate bonds. For credit risk information pertaining to the cash management pool, see the deposits disclosure in Note 3.

The State's internal cash management pool consists of a general deposit account and several special deposit accounts. The State records each fund's equity interest in the general deposit account; however, all earnings on that account are credited to the General Fund of the State. The Commission records and reports its deposits in the general deposit accounts at cost and records and reports its deposits in the special deposit accounts at fair value. Investments held by the pool are recorded at fair value. Interest earned by the Commission's special deposit accounts is posted to the Commission's account at the end of each month and is retained. Interest earnings are allocated based on the percentage of the Commission's accumulated daily interest receivable to the total income receivable of the pool. Reported interest income includes interest earnings at the stated rate, realized gains/losses, and unrealized gains/losses arising from changes in the fair value of investments in the pool. Realized gains and losses are allocated daily and are included in the accumulated income receivable. Unrealized gains and losses are allocated at year-end based on the percentage ownership in the pool.

Some State Treasurer accounts are not included in the State's internal cash management pool because of restrictions on the use of the funds. For those accounts, cash equivalents include investments in short-term highly liquid securities having an initial maturity of three months or less at the time of acquisition.

## **SOUTH CAROLINA EDUCATIONAL TELEVISION COMMISSION**

### **NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2006**

#### **Accounts Receivable**

Accounts receivable consists primarily of amounts due for sales, services and rentals. The Commission established an allowance for doubtful accounts based on historical data and an analysis of the aged receivables at year-end. The balance on the financial statements is shown net of the allowance.

#### **Costs Incurred for Programs Not Telecast**

Costs incurred for programs not telecast is accounted for using the consumption method whereby these costs are recorded as expenditures when the programs are telecast and the cost incurred for programs not telecast at year end is reflected at cost in the asset section of the financial statements. For financial statement purposes, costs incurred for programs not telecast as of each year-end are offset by a reserved fund balance account because the asset does not represent resources available for expenditures.

#### **Prepaid Expenses**

Prepaid expenses are accounted for using the consumption method. Prepaid expenses consist of payments made for the long-term rental of an antenna. For financial statement purposes, prepaid expenses are offset by a reserved fund balance account because the asset does not represent resources available for expenditures.

#### **Compensated Absences**

Generally all permanent full-time State employees and certain part-time employees scheduled to work at least one-half of the agency's work week are entitled to accrue and carry forward at calendar year-end maximums of 180 days sick leave and of 45 days annual vacation leave. Upon termination of State employment, employees are entitled to be paid for accumulated unused annual vacation leave up to the maximum, but are not entitled to any payment for unused sick leave. The compensated absences liability includes accrued annual leave and compensatory holiday leave earned for which the employees are entitled to paid time off or payment at termination. The leave liability also includes an estimate for accrued sick leave and leave from the agency's leave transfer pool for employees who have been approved as leave recipients under personal emergency circumstances which commenced on or before June 30, 2006. The Commission calculates the gross compensated absences liability based on recorded balances of unused leave. The entire unpaid liability for which the employer expects to compensate employees through paid time off or cash payments, inventoried at fiscal year-end current salary costs and the cost of the salary-related benefit payments, is recorded as a liability in the statement of net assets.

#### **Due to Corporation for Public Broadcasting**

This account represents amounts due to the Corporation for Public Broadcasting for disallowances related to non-federal support claimed in prior years. The amount is being repaid at the rate of \$155,200 per year commencing with the fiscal year ended June 30, 2006.

#### **Net Assets / Fund Balances**

The Commission records reservations for portions of its fund equity which are legally segregated for specific future uses or which do not represent available expendable resources and therefore, are not available for expenditures in the governmental fund balance sheet. Unreserved fund balance indicates that portion of fund equity, which is available for appropriations, in future periods. If restricted and unrestricted assets are available for the same purpose, then restricted assets will be used before unrestricted assets.

## **SOUTH CAROLINA EDUCATIONAL TELEVISION COMMISSION**

### **NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006**

Net assets are categorized as follows:

Invested in capital assets, net of related debt: This represents the Fund's total investment in capital assets, net of outstanding debt obligations, if any, related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of invested in capital assets, net of related debt.

Restricted: Consists of assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributions, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted: Consists of the remainder of the Commission's assets in excess of liabilities excluding those net assets reported in other categories.

When both restricted and unrestricted resources are available for use, it is the Commission's policy to use restricted resources first, then unrestricted resources as they are needed.

#### **Contributed Support**

Contributed support consisting of expenditures incurred on behalf of the entity by the ETV Endowment of South Carolina is recorded as revenues and expenditures in the general fund as services are provided. Support by these entities includes payments on behalf of the Commission, primarily for program production or purchase, such as advertising, project development, general and administrative expenditures and fund raising expenditures which are reported primarily in cultural and performing arts general support and service expenditures by the Commission at a value equal to the actual cost to the contributing entity.

#### **Deferred Revenues**

Deferred revenues consist primarily of certain EIA and private grant contract revenues received before services required by the grantor or donor have been rendered.

#### **CPB Grants**

The Commission annually receives a grant from the Corporation for Public Broadcasting, Inc. (CPB). The CPB is a non-federal, non-governmental, not-for-profit organization that receives grants from the federal government, the private sector, and other sources. The CPB then allocates grants to public television stations nationwide for community service and these funds are unrestricted for broadcasting operations.

#### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, revenues and expenses/expenditures and affect disclosure of contingent assets and liabilities at the balance sheet date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Accordingly, actual results could differ from those estimates.

**SOUTH CAROLINA EDUCATIONAL TELEVISION COMMISSION**

**NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2006**

**NOTE 2. STATE APPROPRIATION:**

The following represents a reconciliation of the Appropriations Act for the year ended June 30, 2006 as originally enacted by the General Assembly to State appropriation revenue as reported in the general fund.

Original appropriation	\$ 13,013,915
Supplemental appropriation for base pay increases	407,216
Adjusted appropriation, budgetary basis	13,421,131
Accrual adjustments:	
Funding for personal services and employer contributions	(21,231)
Accrual basis State appropriation revenue	<u>\$ 13,399,900</u>

The total amount of 2005 State appropriated funds brought forward to fiscal year 2006 was \$1,988,236. The carryover consisted of \$1,419,362 for the K-12 School Technology Initiative carried over pursuant to Proviso 72.37 of the 2004-05 Appropriation Act and \$568,874 of unspent fiscal year appropriations for general operating expenditures. Proviso 72.30 of the 2005-2006 Appropriation Act under which the \$568,874 was carried forward, allowed a carry-forward of unspent fiscal year 2004-05 appropriations up to a maximum 10% of the Commission's original appropriation less any reduction excluding amounts carried forward under separate carry forward authority.

The total amount of 2006 State appropriated funds authorized to be carried forward to fiscal year 2007 was \$547,263. The carryover consisted of \$46,190 for the K-12 School Technology Initiative carried over pursuant to Proviso 72.37 of the 2005-06 Appropriation Act and \$501,073 of unspent fiscal year appropriations for general operating expenditures. Proviso 72.30 of the 2006-2007 Appropriation Act under which the \$501,073 was carried forward, allowed a carry-forward of unspent fiscal year 2005-06 appropriations up to a maximum 10% of the Commission's original appropriation less any reduction excluding amounts carried forward under separate carry forward authority.

The Commission also received a Capital Reserve Fund appropriation of \$1,400,000 for education satellite service of which \$1,250,000 was expended. The remaining \$150,000 of the Capital Reserve fund appropriation was carried forward and is restricted for education satellite service as permitted by the joint resolution appropriating the funds.

**NOTE 3. DEPOSITS:**

All deposits of the Commission are under the control of the State Treasurer, who, by law, has sole authority for investing State funds.

The following schedule reconciles deposits within the footnotes to the financial statement amounts:

<u>Financial Statements</u>		<u>Footnotes</u>	
Cash and Cash Equivalents	\$7,749,452	Petty Cash	\$ 200

**SOUTH CAROLINA EDUCATIONAL TELEVISION COMMISSION**

**NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2006**

**Deposits Held by State Treasurer**

State law requires full collateralization of all State Treasurer bank balances. The State Treasurer must correct any deficiencies in collateral within seven days.

With respect to investments in the State's internal cash management pool, all of the State Treasurer's investments are insured or registered or are investments for which the securities are held by the State or its agent in the State's name. Information pertaining to reported amounts, fair values, and credit risk of the State Treasurer's investments is disclosed in the Comprehensive Annual Financial Report of the State of South Carolina.

**NOTE 4. CAPITAL ASSETS:**

The following schedule summarizes capital assets activity for the Commission for the fiscal year 2006:

Construction in progress consists primarily of costs incurred on various towers. The total costs of the projects are approximately \$1,345,000.

Pursuant to Proviso 73.18 of the 2004-05 Appropriations Act, the Commission transferred ownership of land and buildings to the State under the control of the Budget and Control Board effective July 1, 2004. The State considers these assets to be owned by the Commission for reporting purposes. The Commission is responsible for all costs of maintaining the properties including the costs of insurance.

See Note 19 for details of the restatement of the balances as of June 30, 2005.

**SOUTH CAROLINA EDUCATIONAL TELEVISION COMMISSION**

**NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2006**

**NOTE 5. DUE FROM THE GENERAL FUND OF THE STATE:**

The amount receivable represents funds due from the State General Fund for personal services and employer contributions of Commission salaries and the cost of related employee benefits funded by State appropriations accrued at June 30 but paid in July. Personal services and employer contributions applicable to funding sources other than State appropriations are accrued as expenditures at year-end but are not included in the receivable from the General Fund of the State.

**NOTE 6. OPERATING LEASES:**

The Commission conducts part of its operations from leased facilities which include towers and office space. The Commission also leases mailroom equipment and copiers. All leases are with external parties. These leases expire beginning with fiscal year 2007 and continue through fiscal year 2009. The Commission has the option to renew the tower leases upon the expiration of the lease term under conditions agreeable to both parties which primarily is an increase in the lease payment based on the CPI index. All leases with terms of more than twelve months are cancelable without penalty to the Commission should the General Assembly not provide funding for these leases. The Commission also leases equipment on a month-to-month basis. In the normal course of business, operating leases are generally renewed or replaced by other leases. The Commission is responsible for maintenance on most leased property. Rental payments under all operating leases totaled approximately \$329,000 for the year ended June 30, 2006.

At June 30, 2006, the Commission's obligations under noncancelable operating leases having remaining terms in excess of one year are as follows:

Fiscal year ending June 30,	
2007	\$ 93,075
2008	94,290
2009	<u>17,904</u>
Total	<u>\$ 205,269</u>

**NOTE 7. NOTE PAYABLE:**

The Commission borrowed \$4,752,645 under an agreement with a local financial institution during 2003 and paid off the principal balance of a prior obligation. The note requires annual payments of principal and interest totaling \$784,789 through June 30, 2008. The interest rate on this note is 3.29% per annum. The Commission incurred \$84,000 in loan issuance cost in connection with this loan that is being amortized over the life of the loan. Current year's amortization expense was \$16,800. The note is secured by various equipment with a book value of approximately \$3,342,000.

Total interest expense on the note payable for the fiscal year was \$72,618.

Details of annual debt service, including interest, for each year is as follows:

Year ending June 30,	Principal	Interest	Total
2007	\$ 735,598	\$ 49,191	\$ 784,789
2008	759,796	24,993	784,789
Total debt service	<u>\$1,495,394</u>	<u>\$ 74,184</u>	<u>\$ 1,569,578</u>

**NOTE 9. DUE FROM CAPITAL RESERVE FUND:**

In fiscal year 2001, the Commission received \$250,000 for the Charleston Regional Station expansion pursuant to fiscal year 2000 Joint Resolution R467, H4776. The unspent portion at June 30, 2006 is \$87,808 and is restricted to expenditures for the purposes for which the funds were originally appropriated. The funds can be drawn down after the expenditures are incurred.

**NOTE 10. RELATED PARTY:**

A major portion of the funding of the Commission is provided by the ETV Endowment of South Carolina, Inc. (the Endowment) and South Carolina Educational Communications, Inc. (Communications), separately chartered eleemosynary corporations governed by independent boards of trustees over whom the Commission exercises no control. The Endowment/Communications provides support services for the Commission through the purchasing and underwriting of various programming. During the year ended June 30, 2006, the Endowment/Communications disbursed \$2,984,213 on behalf of the Commission for programs, development, advertising and other costs. The disbursements have been recorded as revenue under contributed support and expenditures for Cultural and Performing Arts General Support and Services, Public Affairs General Support and Services and Community Education General Support and Services in the General Fund. In addition, the Commission received approximately \$1,512,000 from the Endowment/Communications which is reported primarily as contribution revenue. Also, the Commission recorded approximately \$187,000 in private grant revenues from the Endowment.

**NOTE 11. TRANSACTIONS WITH OTHER STATE AGENCIES:**

The Commission has significant transactions with the State of South Carolina and various State agencies.

Services received at no cost from State agencies include maintenance of certain accounting records and payroll and disbursement processing from the Comptroller General; debt assistance services, check preparation and banking from the State Treasurer; legal services from the Attorney General; and records storage from the Department of Archives and History. Other services received at no cost from the various divisions of the State Budget and Control Board include retirement plan administration, insurance plan administration, procurement services, grant services, personnel management, assistance in the preparation of the State Budget, property management and record keeping, review and approval of certain budget amendments and other centralized functions.

The Commission had financial transactions with various State agencies during the fiscal year. Significant payments were made to divisions of the State Budget and Control Board for retirement and insurance plan contributions, insurance coverage, office supplies, printing, telephone, and interagency mail. Significant payments were also made during the year to the State Accident Fund and the Employment Security Commission for worker's compensation and unemployment insurance, respectively. The fiscal year expenditures applicable to these transactions are not readily available.

The Commission provided no services free of charge to other State agencies during the fiscal year. Revenues of approximately \$765,000 were received from various State agencies.

During the fiscal year, the Commission purchased services with a total cost of approximately \$1,834,000 from various State agencies. These expenditures are reported primarily under the classification of Internal Administration primarily for taxes, insurance telecommunications and other contracted services.

### NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

#### **NOTE 12. PENSION PLAN AND OTHER EMPLOYEE BENEFITS:**

The Retirement Division of the State Budget and Control Board maintains five independent defined benefit plans and issues its own publicly available Comprehensive Annual Financial Report (CAFR) which includes financial statements and required supplementary information. A copy of the separately issued CAFR may be obtained by writing to the Retirement Division, 202 Arbor Lake Drive, Columbia, South Carolina 29223. Furthermore, the Division and the five pension plans are included in the CAFR of the State of South Carolina.

The majority of employees of the Commission are covered by a retirement plan through the South Carolina Retirement System (SCRS), a cost-sharing multiple-employer defined benefit pension plan administered by the Retirement Division, a public employee retirement system. Generally, all state employees are required to participate in and contribute to the SCRS as a condition of employment unless exempted by law as provided in Section 9-1-480 of the South Carolina Code of Laws. This plan provides retirement annuity benefits as well as disability, cost of living adjustment, death, and group-life insurance benefits to eligible employees and retirees.

Under the SCRS, employees are eligible for a full service retirement annuity upon reaching age 65 or completion of 28 years credited service regardless of age. The benefit formula for full benefits effective since July 1, 1989, for the SCRS is 1.82 percent of an employee's average final compensation multiplied by the number of years of credited service. Early retirement options with reduced benefits are available as early as age 55. Employees are vested for a deferred annuity after five years of service and qualify for a survivor's benefit upon completion of 15 years credited service (five years effective January 1, 2001). Disability annuity benefits are payable to employees totally and permanently disabled provided they have a minimum of five years credited service. (This requirement does not apply if the disability is a result of a job related injury.) A group-life insurance benefit equal to an employee's annual rate of compensation is payable upon the death of an active employee with a minimum of one year of credited service.

Effective January 1, 2001, Section 9-1-2210 of the South Carolina Code of Laws allows employees eligible for service retirement to participate in the Teacher and Employee Retention Incentive (TERI) Program. TERI participants may retire and begin accumulating retirement benefits on a deferred basis without terminating employment for up to five years. Upon termination of employment or at the end of the TERI period, whichever is earlier, participants will begin receiving monthly service retirement benefits which will include any cost of living adjustments granted during the TERI period.

Since July 1, 2005, employees participating in the SCRS have been required to contribute 6.25 percent of all compensation. Effective July 1, 2004, the employer contribution rate became 10.80 percent which included a 3.25 percent surcharge to fund retiree health and dental insurance coverage. The Commission's actual contributions to the SCRS for the years ended June 30, 2006, 2005, and 2004, were approximately \$724,000, \$701,000, and \$703,000, respectively, and equaled the required contributions of 7.55 percent (excluding the surcharge) for each year. Also, the Commission paid employer group-life insurance contributions of approximately \$14,000 in the current fiscal year at the rate of .15 percent of compensation.

The South Carolina Police Officers Retirement System (PORS) is a cost-sharing multiple employer defined benefit public employee retirement system. Generally, all full-time employees whose principal duties are the preservation of public order or the protection or prevention and control of property destruction by fire are required to participate in and contribute to the System as a condition of employment. This plan provides annuity benefits as well as disability and group-life insurance benefits to eligible employees and retirees. In addition, participating employers in the PORS contribute to the accidental death fund which provides annuity benefits to beneficiaries of police officers and firemen killed in the actual performance of their duties. These benefits are independent of any other retirement benefits available to the beneficiary.

## **SOUTH CAROLINA EDUCATIONAL TELEVISION COMMISSION**

### **NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2006**

Employees covered under PORS are eligible for a monthly pension payable at age 55 with a minimum of five years service or 25 years credited service regardless of age. In addition, employees who have five years of credited service prior to age 55, can retire yet defer receipt of benefits until they reach age 55. A member is vested for a deferred annuity with five years service. The benefit formula for full benefits effective since July 1, 1989, for the PORS is 2.14 percent of the employee's average final salary multiplied by the number of years of credited service. Disability annuity benefits and the group-life insurance benefits for PORS members are similar to those for SCRS participants. Accidental death benefits provide a monthly pension of 50 percent of the member's budgeted compensation at the time of death.

Since July 1, 1988, employees participating in the PORS have been required to contribute 6.5 percent of all compensation. Effective July 1, 2004, the employer contribution rate became 13.55 percent which, as for the SCRS, included the 3.25 percent surcharge. The Commission's actual contributions to the PORS for the year ended June 30, 2006 was approximately \$7,500, and equaled the required contributions of 10.3 percent (excluding the surcharge) for the year. No employees were participants in the PORS plan prior to this year. Also, the Commission paid employer group-life insurance contributions of approximately \$150 and accidental death insurance contributions of approximately \$150 in the current fiscal year for PORS participants. The rate for each of these insurance benefits is .20 percent of compensation.

Article X, Section 16 of the South Carolina Constitution requires that all state operated retirement systems be funded on a sound actuarial basis. Title 9 of the South Carolina Code of Laws of 1976, as amended, prescribes requirements relating to membership, benefit and employee/employer contributions for each retirement system. Employee and employer contribution rates to SCRS are actuarially determined. The surcharges to fund retiree health and dental insurance are not part of the actuarially established rates. Annual benefits, payable monthly for life, are based on length of service and on average final compensation (an annualized average of the employee's highest twelve consecutive quarters of compensation).

The Systems do not make separate measurement of assets and pension benefit obligations for individual employers. Under Title 9 of the South Carolina Code of Laws, the Commission's liability under the retirement plans is limited to the amount of contributions (stated as a percentage of covered payroll) established by the State Budget and Control Board. Therefore, the Commission's liability under the pension plans is limited to the contribution requirements for the applicable year from amounts appropriated therefore in the South Carolina Appropriation Act and amounts from other applicable revenue sources. Accordingly, the fund recognizes no contingent liability for unfunded costs associated with participation in the plans. At retirement, employees participating in the SCRS may receive additional service credit (at a rate of 20 days equal to one month of service) for up to 90 days for accumulated unused sick leave.

Certain State employees may elect to participate in the Optional Retirement Program (ORP), a defined contribution plan. The ORP was established in 1987 under Title 9, Chapter 17, of the South Carolina Code of Laws. The ORP provides retirement and death benefits through the purchase of individual fixed or variable annuity contracts that are issued to, and become the property of, the participants. The State assumes no liability for this plan other than for payment of contributions to designated insurance companies. To elect participation in the ORP, eligible employees must irrevocably waive SCRS membership within their first ninety days of employment. Under State law, contributions to the ORP are require at the same rates as for the SCRS, 7.55 percent plus the retiree surcharge of 3.25 percent from the employer in fiscal year 2006.

## **SOUTH CAROLINA EDUCATIONAL TELEVISION COMMISSION**

### **NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2006**

For the fiscal year, total contributions requirements to the ORP were approximately \$8,700 (excluding the surcharge) from the Commission as employer and approximately \$7,200 from its employees as plan members. 5.7 percent of the total contributions were remitted to the Retirement Division of the State Budget and Control Board. Also, the Commission paid employer group life insurance contributions of approximately \$200 in the current fiscal year at the rate of .15 percent of compensation. The balance was remitted directly to the respective annuity policy providers. The obligation for payment of benefits resides with the insurance companies.

#### **NOTE 13. POST RETIREMENT AND OTHER EMPLOYEE BENEFITS:**

In accordance with the South Carolina Code of Laws and the annual Appropriations Act, the State of South Carolina provides certain health care, dental, and life insurance benefits to certain active and retired State employees and certain surviving dependents of retirees. All permanent full-time and certain permanent part-time employees of the Commission are eligible to receive these benefits. The State provides postemployment health and dental benefits to employees who retire from State service or who terminated with at least 20 years of State service who meet one or more of the eligibility requirements, such as age, length of service, and hire date. Generally, those who retire must have at least 10 years of retirement service credit to qualify for State-funded benefits. Benefits are effective at date of retirement when the employee is eligible for retirement benefits.

These benefits are provided through annual appropriations by the General Assembly to the Commission for its active employees and to the State Budget and Control Board for all participating State retirees except the portions funded through the pension surcharge and provided from other applicable fund sources of the Fund for its active employees who are not funded by State General Fund appropriations. The State finances health and dental plan benefits on a pay-as-you-go basis. Approximately 28,300 State retirees met these eligibility requirements as of June 30, 2006.

The Commission recorded employer contribution expenses applicable to these insurance benefits for active employees in the amount of approximately \$870,000 for the year ended June 30, 2006. As discussed in Note 12, the Fund paid approximately \$318,000 applicable to the 3.25 percent surcharge included with the employer contributions for retirement benefits. These amounts were remitted to the South Carolina Retirement Systems for distribution to the Office of Insurance Services for retiree health and dental insurance benefits. Information regarding the cost of insurance benefits applicable to Commission retirees is not available. By State law, the Fund has no liability for retirement benefits. Accordingly, the cost of providing these benefits for retirees is not included in the accompanying financial statements. In addition, the South Carolina General Assembly periodically directs the Retirement Systems to pay supplemental (cost of living) increases to retirees. Such increases are primarily funded from the System's earnings; however, a portion of the required amount is appropriated from the South Carolina General Fund annually.

#### **NOTE 14. DEFERRED COMPENSATION PLANS:**

Several optional deferred compensation plans are available to State employees and employers of its political subdivisions. Certain employees of the Commission have elected to participate. The multiple-employer plans, created under Internal Revenue Code Section 457, 401(k), and 403(b), are administered by third parties and are not included in the Comprehensive Annual Financial Report of the State of South Carolina. Compensation deferred under the plans is placed in trust for the contributing employee.

The State has no liability for losses under the plans. Employees may withdraw the current value of their contributions when they terminate State employment. Employees may also withdraw contributions prior to termination if they meet requirements specified by the applicable plan.

## SOUTH CAROLINA EDUCATIONAL TELEVISION COMMISSION

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006

#### NOTE 15. RISK MANAGEMENT:

The Commission is exposed to various risks of loss and maintains State or commercial insurance coverage for certain of those risks. Management believes such coverage is sufficient to preclude any significant uninsured losses for the covered risks. There were no significant reductions in insurance coverage from coverage in the prior year. Settled claims have not exceeded this coverage in any of the past three years. The Commission pays insurance premiums to certain other State agencies and commercial insurers to cover risks that may occur in normal operations. The insurers promise to pay to or on behalf of the insured for covered economic losses sustained during the policy period in accord with insurance policy and benefit program limits except for the deductibles.

State management believes it is more economical to manage certain risks internally and to set aside assets for claim settlement. Several State funds accumulate assets and the State itself assumes substantially all risks for the following:

1. Claims of State employees for unemployment compensation benefits (Employment Security Commission);
2. Claims of covered employees for workers' compensation benefits for job-related illnesses or injuries (State Accident Fund);
3. Claims of covered public employees for health and dental insurance benefits (Office of Insurance Services); and
4. Claims of covered public employees for long-term disability and group-life insurance benefits (Office of Insurance Services).

Employees elect health coverage through either a health maintenance organization or through the State's self-insured plan. All of the other coverages listed above are through the applicable State self-insurance plan except dependent and optional life premiums which are remitted to commercial carriers.

The Commission and other entities pay premiums to the State's Insurance Reserve Fund (IRF) which issues policies, accumulates assets to cover the risks of loss, and pays claims incurred for covered losses related to the following assets, activities, and/or events:

1. Theft of, damage to, or destruction of assets;
2. Real property, its contents, and other equipment;
3. Motor vehicles;
4. Torts; and
5. Natural disasters.

The IRF is a self-insurer and purchases reinsurance to obtain certain services and specialized coverage and to limit losses in the areas of property, boiler and machinery, automobile liability. The IRF's rates are determined actuarially.

The Commission obtains coverage through a commercial insurer for employee fidelity bond insurance for all employees for losses arising from theft or misappropriation. The limit is \$100,000 per incident with a \$1,000 deductible. The Commission self-insures above this amount because it feels the likelihood of loss is remote. No payments for uninsured losses were made during the fiscal year ended June 30, 2006.

The Commission obtains broadcaster liability insurance through a commercial carrier covering media liability. The policy has a limit of \$1,000,000 with a \$10,000 deductible.

## **SOUTH CAROLINA EDUCATIONAL TELEVISION COMMISSION**

### **NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2006**

The Commission has recorded insurance premium expenses in the applicable program expenditure category. These expenses do not include estimated claim losses and estimable premium adjustments.

The Commission has not reported an estimated claims loss expenditure, and the related liability at June 30, 2006, based on the requirements of GASB Statement No. 10 Accounting and Financial Reporting for Risk Financing and Related Insurance Issues, which states that a liability for claims must be reported if information prior to issuance of the financial statements indicates that it is probable and estimable for accrual that an asset has been impaired or liability has been incurred on or before June 30, 2006 and the amount of the loss is reasonably estimable have not been satisfied.

In the fiscal year ended June 30, 2006, the Commission was unable to obtain business interruption insurance at a cost it considered economically justifiable. In addition, the Commission's management believes for risk of loss the occurrence of which it considers a remote likelihood, it is more economical to manage such risks internally. The Commission does not derive any revenue from advertising; therefore, no loss of revenue would occur if transmission capabilities were impaired.

The Commission is unable to estimate lost revenues, the costs of relocation and temporary facilities for continuing operations, and the cost of replacement facilities for uninsured losses. During the fiscal year ended June 30, 2006, the Commission did not experience any losses as a result of business interruption.

In management's opinion, claim losses in excess of insurance coverage, if any, is unlikely and if it occurred, would not be significant. Therefore, no loss accrual has been made in these financial statements. Furthermore, there is no evidence of asset impairment or other information to indicate that a loss expense and liability should be accrued at year-end.

#### **NOTE 17. COMMITMENTS:**

As of June 30, 2006, the Commission had approximately \$430,000 in outstanding commitments primarily for purchases of supplies and equipment. The funding sources for these commitments consist primarily of State Lottery grants and other operating sources.

#### **NOTE 18. SUBSEQUENT EVENTS:**

The Board of Commissioners approved putting the Commission's administrative building up for sale. The building was recently appraised for approximately \$7.2 million. Sales proceeds would be used to pay the renovation cost necessary to other currently owned building to move the personnel currently located in the administrative building.

**SOUTH CAROLINA EDUCATIONAL TELEVISION COMMISSION**

**NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2006**

**NOTE 19. PRIOR PERIOD RESTATEMENTS:**

The Commission changed its period of availability for the governmental funds from one year to thirty days for revenues related to the sales of goods and services. Accounts receivable and fund balances on the governmental funds balance sheet included \$68,217 that was not collected within 30 days of year-end as of June 30, 2005.

The State determined that the land and buildings that had been deeded to the State Budget and Control Board should remain on the Commission's books for accounting and financial reporting purposes. The balances of land and buildings that were added back to the Commission's records as of June 30, 2005 were \$946,579 and \$24,416,531, respectively. Accumulated depreciation on the buildings as of June 30, 2005 was \$5,392,439. Depreciation expense on buildings for the year ended June 30, 2005 was \$475,405.

The Commission determined that it had been misclassifying certain transmission towers as buildings instead of as equipment in prior years. Capital asset balances as of June 30, 2005 were restated to reclassify \$2,526,096 of costs and \$1,466,835 of accumulated depreciation attributable to the towers from buildings to equipment and furniture.

The Commission determined that the \$775,841 liability to the Corporation for Public Broadcasting should not have been recorded as a liability in the fund financial statements since it was to be paid over a five-year period beginning in the year ending June 30, 2006.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH GOVERNMENT AUDITING STANDARDS**

Mr. Richard H. Gilbert, Jr., CPA,  
Deputy State Auditor  
State of South Carolina  
Columbia, South Carolina

We have audited the financial statements of the South Carolina Educational Television Commission (the Commission) as of and for the year ended June 30, 2006, and have issued our report thereon dated January 4, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Commission's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the Department's ability to record, process, summarize and report financial data consistent with the assertion of management in the financial statements. The reportable conditions are described in the accompanying Schedule of Findings and Questioned Costs as items 06-1 to 06-3.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe the reportable conditions described on the accompanying Schedule of Findings and Questioned Costs are material weaknesses.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE  
TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Mr. Richard H. Gilbert, Jr., CPA,  
Deputy State Auditor  
State of South Carolina  
Columbia, South Carolina

**Compliance**

We have audited the compliance of the South Carolina Educational Television Commission (the Commission) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2006. The Commission's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Department's management. Our responsibility is to express an opinion on the Commission's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Commission's compliance with those requirements.

In our opinion, the Commission complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2006.

**Internal Control Over Compliance**

The management of the Commission is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Commission's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Governor of the State of South Carolina, Office of the State Auditor, Commission members and management of the Commission, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

**FINDINGS RELATED TO THE FINANCIAL STATEMENTS**

**06-1 RECEIPT NOT DEPOSITED TIMELY**

Condition: Our testing of cash receipts disclosed that one of the receipts tested was not deposited in a timely manner. The funds were received on July 15, 2005 and were not deposited until July 27, 2005.

Cause: Unknown.

Effect: Failure to follow State law requiring the timely depositing of all funds received.

Criteria: Proviso 72.1 of the 2005-2006 Appropriations Act require funds to be remitted at least one each week.

Recommendation: We recommend that the Commission ensure that all funds are deposited in a timely manner.

#### 06-2 ACCOUNTS RECEIVABLE OVERSTATED

Condition: The Commission billed for services under one contract based on an old contract causing accounts receivable and revenues to be overstated by approximately \$27,000. In addition, the Commission did not bill for the services provided under this agreement in a timely manner. The contract provided for quarterly billings and the Commission billed for all four quarters subsequent to year-end. In addition, the Commission included a \$725,000 contribution receivable on the closing package and the closing package instructions are to include only receivables for sales of goods and services.

Cause: Unknown.

Effect: Overstatement of accounts receivable and revenues and the failure to collect funds in a timely manner.

Criteria: Generally accepted accounting principles require the preparation of accurate records. Good fiscal policy requires amounts to be billed in a timely manner. The instructions for the closing packages which are used in preparing the Statewide financial statements require the Commission to only include receivables from sales of goods or services.

Recommendation: We recommend that the Commission implement procedures to ensure that all amounts are billed correctly in a timely manner and that only receivables from sales of goods or services are included on the closing package.

#### 06-3 REVENUES MISCLASSIFIED

Condition: The Commission misclassified approximately \$1,264,000 received during the year from the endowment as either charges for services or a reduction of expenses instead of as contribution revenue in both their records and the records of the State Comptroller General. The Commission did make an adjustment to their records at year-end to reclassify the receipts on their records but did not send the information to the State to properly reflect the receipts as contribution income. The State Comptroller General's records are used in preparing the Statewide financial statements.

Cause: Unknown.

Effect: Misclassification of revenues and expenditures during the year on the records of the Commission and misclassification at the end of the year on the State records.

Criteria: Good internal controls require that the revenues be properly classified when initially recorded.

Recommendation: We recommend that the Commission ensure that all revenues are recorded in the correct account.

### **FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS**

**SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS  
YEAR ENDED JUNE 30, 2006**

- 05-5 We concurred with last year's audit recommendation for the need to ensure that no contracts are awarded to debarred vendors. The Commission took adequate corrective action on this finding.
  
- 05-6 We concurred with last year's audit recommendation for the need to file reports in a timely manner and to keep report files maintained. The Commission took adequate corrective action on this finding.

**SOUTH CAROLINA EDUCATIONAL TELEVISION COMMISSION**

**STATUS OF PRIOR FINDINGS  
FOR THE YEAR ENDED JUNE 30, 2006**

During our current audit, we reviewed the status of corrective action taken on the findings we reported in our report on the financial statements of the Commission dated December 14, 2005 resulting from the audit of the financial statements for the year ended June 30, 2005. We determined that the Commission had taken adequate corrective action on all off the findings reported.

## **CORRECTIVE ACTION PLAN**

January 4, 2007

Mr. Richard H. Gilbert, Jr., CPA  
Deputy State Auditor  
Office of the State Auditor  
1401 Main Street, Suite 1200  
Columbia, South Carolina 29201

Dear Mr. Gilbert:

The South Carolina Educational Television Commission respectfully submits the following Corrective Action Plan for the year ended June 30, 2006.

This plan outlines actions taken, or to be taken, to address "material weaknesses" contained in the audit report prepared by Rogers and Laban, PA, CPA's dated January 4, 2007. Each audit recommendation is repeated prior to our response and numbered as in the audit report.

### **FINDINGS RELATED TO THE FINANCIAL STATEMENTS**

#### **06-1 Receipt Not Deposited Timely**

##### Recommendation:

We recommend that the Commission ensure that all funds are deposited in a timely manner.

##### SC ETV Corrective Action:

\_\_\_\_\_

The Commission concurs that all funds should be deposited in a timely manner. Future receipts will be deposited in a timely manner and in accordance with Proviso 72.1 of the Appropriation Act.

## **06-2 Accounts Receivable Overstated**

### Recommendation:

We recommend that the Commission implement procedures to ensure that all amounts are billed correctly in a timely manner and that only receivables from sales of goods or services are included on the closing package.

### SC ETV Corrective Action:

The Commission concurs that invoices should be prepared in a timely and accurate manner. We will implement procedures to insure billings are done timely and accurately. The Commission also concurs that only receivables for goods or services should be included in the closing package. Future closing packages will not include any amounts from the ETV Endowment as they should be treated as a contribution.

## **06-3 Revenues Misclassified**

### Recommendation:

We recommend that the Commission ensure that all revenues are recorded in the correct account.

### SC ETV Corrective Action:

We concur with this recommendation. Staff will be instructed on the proper STARS object code to classify contributions from the ETV Endowment.

If additional information is needed, please contact Brad Livingston at 737-3223.

Sincerely,

David L. Crouch
