Mr. Richard H. Gilbert, Jr., CPA Interim State Auditor State of South Carolina Columbia, South Carolina

We have performed the procedures enumerated below, which were agreed to by the South Carolina Office of the State Auditor as well as the President and management of Clemson University (the University), solely to assist you in evaluating whether the Intercollegiate Athletic Program Statement of Revenues, Expenditures and Transfers is in compliance with the National Collegiate Athletic Association (NCAA) Bylaw 6.2.3.1 for the year ended June 30, 2007 and the effectiveness of the University's internal control over financial reporting as of June 30, 2007. This engagement to apply agreed upon procedures was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representations regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. Materiality for the purposes of this report has been determined to be \$100,000.

Procedures Related to Statement of Revenues, Expenditures and Transfers

A. We obtained the Clemson University Intercollegiate Athletic Program Statement of Revenues, Expenditures and Transfers (the Statement) for the year ended June 30, 2007, as prepared by management and shown in Schedule I herein. We recalculated the mathematical accuracy of the amounts on the schedule and agreed the amounts to the University's general ledger.

We found no exceptions as a result of these procedures.

B. We compared actual revenues and expenditures in the Clemson University Intercollegiate Athletic Program Statement of Revenues, Expenditures and Transfers for the year ended June 30, 2007, to the prior year amounts (FY 2006). As agreed, we identified actual variances of greater than 10% and \$100,000 from the prior year amounts and obtained explanations from University officials regarding the reasons for the variations as follows:

Football Revenue – Football revenue increased by \$4,624,322, or 17%, compared with FY 2006. The increase is attributable to an increase in volume of ticket sales, ticket prices, concession sales, and an additional home game.

Football Expenditures – Football expenditures increased by \$1,366,735, or 11%, compared with FY 2006. The increase is due to expenditures related to an additional home game, an increase in guarantees expenditures due to an increase in out-of-conference home games, and an increase in coaching salaries and benefits expenditures.

Basketball Revenue – Basketball revenue increased by \$2,109,450, or 37%, compared with FY 2006. The increase is attributable to an increase in conference distributions and volume of men's basketball ticket sales.

Other Sports Revenue – Other sports revenue increased by \$430,234, or 10%, compared with FY 2006. The increase is due to the baseball ticket sales, scholarship contributions, and institutional support for out-of-state tuition waivers.

Nonprogram Specific Revenue – Nonprogram specific revenue increased by \$1,633,528, or 29%, compared with FY 2006. The increase is due to an increase in capital project contributions and interest income.

Nonprogram Specific Expenditures – Nonprogram specific expenditures increased by \$1,836,129, or 14%, compared with FY 2006. The increase is due to an increase in costs related to facilities repairs and improvements, airplane maintenance costs, and furnishings for the Jervey Athletic Center.

IPTAY Revenue – IPTAY revenue increased by \$493,072, or 22%, compared with FY 2006. The increase is a result of an increase of donor contributions for construction projects and contributions to cover fundraising compensation costs.

IPTAY Learning Center Revenue – IPTAY Learning Center revenue increased by \$201,742, or 18%, compared with FY 2006. The increase is a result of an increase of contributions to cover increased operational expenditures.

IPTAY Learning Center Expenditures – IPTAY Learning Center expenditures increased by \$205,233, or 18%, compared with FY 2006. The increase is a result of an increase of compensations costs due to an increase in the number of employees.

No additional procedures were performed with respect to management's representations as to the reasons for the variances.

Procedures Related to Internal Control Over Financial Reporting

The management of Clemson University is responsible for establishing and maintaining a system of internal control over financial reporting. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of a system of internal control over financial reporting are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America.

Because of inherent limitations in any system of internal control over financial reporting, errors or irregularities may occur and not be detected. Also, projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions, or that the degree of compliance with the procedures may deteriorate.
