The sufficiency of these procedures is solely the responsibility of the specified parties in this report. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review, the objective of which would be an opinion or conclusion, respectively, on the systems, processes and behaviors of the Office. Accordingly, we do not express an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The concept of materiality does not apply to findings to be reported in an agreed-upon procedures engagement. This report is intended solely for the information and use of the management of the South Carolina Office of the State Inspector General and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

Payroll

4. Compare current year payroll expenditures at the subfund and account level to those of the prior year. Obtain an understanding of variations over $10,100 and 10%.

5. Randomly select five regular employee payments and inspect supporting documentation during the fiscal year to:
   - Obtain and inspect the employee’s payroll and/or personnel file for various forms, communications, etc., to confirm that the person is a bona fide employee of the agency.
   - Agree gross pay to supporting documentation noting all changes to gross salary for the year. Determine that all changes have been properly approved.

6. Select all bonus pay disbursements to determine:
   - Employee does not make more than $100,000 annually.
   - Bonuses received during the year did not exceed $3,000.
   - Transaction was appropriately documented and approved.

7. Randomly select five bonus pay disbursements authorized by the 2015-2016 Supplemental Appropriations to determine:
   - Employee is a permanent state employee in a full-time equivalent position who has been in continuous state service for at least six months prior to July 1, 2015.

11. Compute the percentage distribution of fringe benefit expenditures by fund source and compare to the actual distribution of recorded personal service expenditures by fund source. Obtain an explanation of changes of +/- 10%.

We found no exceptions as a result of the procedures.

Journal Entries and Transfers

12. Randomly select three non-recurring journal entries and two transfers for the fiscal year to:
   - Trace postings to the general ledger, confirming amounts agree with supporting documentation.
   - Confirm transaction is properly approved.
   - Inspect supporting documentation to confirm the purpose of the transaction.

Finding

One of the journal entries selected for inspection was made to assign cost to the proper internal order number in the accounting system. However, a clerical error in recording the transaction led to the omission of approximately $9,200 that should have been included in the adjustment.

Management’s Response

The Office of the State Inspector General agrees with and accepts the finding concerning the clerical error in the journal entry. The error occurred due to an error in a spreadsheet formula whose purpose was to total costs related to the internal order associated with the October, 2015 flood event. A satisfactory review of the spreadsheet results was not done prior to entering the journal entry. In the future, all calculations will be double checked to assure the data is accurate.

Appropriation Act

13. Complete the Appropriation Act work program provided to management noting areas of noncompliance, if any.

14. Confirm compliance with agency-specific state provisos by inquiring with management and observing supporting documentation.

We found no exceptions as a result of the procedures.
Reporting Packages

15. Obtain copies of all fiscal year end reporting packages submitted to the Office of the State Comptroller General. Inspect all reporting packages to:

- Determine if preparation was in accordance with Comptroller General Office requirements.
- Determine if amounts reported in the reporting packages agree with the supporting workpapers and accounting records.

We found no exceptions as a result of the procedures.

Status of Prior Findings

16. Inquire about the status of findings reported in the Accountant's Comments section of the engagement for the prior fiscal year to determine if the agency has taken appropriate corrective action.

We found no exceptions as a result of the procedures.
