We have performed the procedures described in Attachment 1, which were agreed to by the management of the South Carolina Commission on Indigent Defense (the Commission), solely to assist you in evaluating the systems, processes and behaviors of the Commission for the fiscal year ended June 30, 2016. The sufficiency of these procedures is solely the responsibility of the specified parties in this report. Consequently, we make no representation regarding the sufficiency of the procedures described in Attachment 1 for the purpose of which the agreed-upon procedures report has been requested or for any other purpose.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review, the objective of which would be an opinion or conclusion, respectively, on the systems, processes and behaviors of the Commission. Accordingly, we do not express an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The concept of materiality does not apply to findings to be reported in an agreed-upon procedures engagement. Therefore, all findings from the application of the agreed-upon procedures must be reported unless the definition of materiality is agreed to by the specified parties. Management of the Commission has agreed that the following deficiencies will not be included in the State Auditor’s Report on Applying Agreed-Upon Procedures:

George L. Kennedy, III, CPA  
State Auditor
South Carolina Office of the State Auditor  
Agreed - Upon Procedures Related to South Carolina Commission on Indigent Defense (E23)  

Cash Receipts/Revenues  

1. Compare current year revenues at the subfund and account level from sources other than State General Fund appropriations to those of the prior year. Obtain and document an understanding of variations over $1,000 and 10% for the General Fund, $12,000 and 10% for the Earmarked Fund, $20,000 and 10% for the Restricted Fund, and $10,000 and 10% for the Federal Fund.  

2. Randomly select twenty-five cash receipts transactions and inspect supporting documentation to:  
   - Agree transaction amount, date, payor, document number, and account coding to the general ledger.  
   - Determine that revenues/receipts were deposited in a timely manner.  
   - Ensure that both revenue collections and amounts charged are properly authorized by law.  

3. Randomly select eight cash receipts and inspect supporting documentation to determine that receipts are recorded in the proper fiscal year.  

Findings  

During our inspection of revenue, we observed eight selected documents that did not have a receipt date stamp showing when the funds were received. Therefore, due to the lack of supporting information, we could not determine that the receipts were deposited in a timely manner.  

Additionally, during our inspection of revenue, we observed two selected documents that related to services rendered in June 2016. Both of these transactions were recorded as FY17 revenue without a notation that they each related to prior year services.  

Management’s Response  

It has been SCCID’s standard procedure to date stamp the envelope of all incoming mail and then deliver it to the addressee. In the above identified eight selected documents the envelopes of the received revenue were date stamped, but the envelopes were not kept with the documentation in the file. This would have allowed the audit staff to see that the funds had been deposited in a timely manner. SCCID has revised our procedure for handling incoming mail to have the documents inside the envelope date stamped to show the date received. This will eliminate any issues with being able to identify the receipt of revenues to ensure that they have been deposited in a timely manner.  

The two selected revenue documents that were related to collections for June of 2016 were received by SCCID after the CG’s closeout date of FY16. SCCID should have noted in the SCEIS text field that these revenues were for FY16 and not as new revenue for FY17. SCCID will monitor all received revenues more closely to ensure that revenue collections for the prior fiscal year will be accurately accounted for in the SCEIS system.  

Cash Disbursements/Non-Payroll Expenditures  

4. Compare current year non-payroll expenditures at the subfund and account level to those of the prior year. Obtain and document an understanding of variations over $100,000 and 10% for the General Fund, $13,000 and 10% for the Earmarked Fund, $67,000 and 10% for the Restricted Fund, and $10,000 and 10% for the Federal Fund.
Cash Disbursements/Non-Payroll Expenditures (Continued)

5. Randomly select twenty-five non-payroll disbursements and inspect supporting documentation to determine:
   - Transaction is properly completed as required by Commission procedures; invoice(s) agree(s) with general ledger as to vendor, amount, number, and date.
   - All supporting documents and approvals required by Commission procedures and good business practice are present and agree with the invoice.
   - The transaction is a bona fide expenditure of the Commission, properly coded to the general ledger.
   - Disbursement complied with applicable State laws, rules, and regulations including the State Consolidated Procurement Code, state travel regulations, etc.
   - Clerical accuracy / verify proper sales/use tax.

For federally funded cash disbursements/non-payroll expenditures we will inspect supporting documentation to determine:
   - Charges are necessary and reasonable for the proper administration of the program, incurred during the approved grant period, given consistent accounting treatment and applied uniformly to both federally assisted and other activities of the recipient.

6. Randomly select twenty-five non-payroll disbursements and inspect supporting documentation to determine that disbursements are recorded in the proper fiscal year.

We found no exceptions as a result of the procedures.

8. Randomly select eight employees and inspect supporting documentation during the fiscal year to:
   - For Salaried Employees:
     - Obtain and inspect the employee’s payroll and/or personnel file for various forms, communications, etc., to confirm that the person is a bona fide employee of the Commission.

     - Obtain and inspect the employee’s payroll and/or personnel file for various forms, communications, etc., to confirm that the person is a bona fide employee of the Commission.

   - Employee is a permanent state employee in a full-time equivalent position who has been in continuous state service for at least six months prior to July 1, 2015.

17. Obtain copies of fiscal year end reporting packages submitted to the Office of the State Comptroller General. Inspect the Master Reporting Package Checklist to determine the appropriate reporting packages were prepared and submitted by the due date established by CG’s Reporting Policies and Procedures Manual.
