Finding

The Department filed an updated grants reporting package with its subsequent events reporting package, however approximately $37,000 of the current grant receivable balance was inadvertently reported as noncurrent grant receivable on this update.

Management’s Response

Due to the fact the amount automatically populates, it was reported as noncurrent receivable. However, the Finance Department has implemented verification methods to ensure funding is stated correctly. This issue should be resolved for future closing packages.

Status of Prior Findings

19. Inquire about the status of findings reported in the Accountant’s Comments section of the engagement for the prior fiscal year to determine if the agency has taken appropriate corrective action.

   We determined that the Department has taken adequate corrective action on each of the findings, except where noted in the finding above.
