The sufficiency of these procedures is solely the responsibility of the specified parties in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and the associated findings are as follows:

1. **Cash Receipts and Revenues**
   - We inspected twenty-five selected recorded receipts to determine if these receipts were properly described and classified in the accounting records in accordance with the Department’s policies and procedures and State regulations.
   - We inspected twenty-five selected recorded receipts to determine if these receipts were recorded in the proper fiscal year.
   - We made inquiries and performed substantive procedures to determine if revenue collection and retention or remittance were supported by law.

   - We inspected thirty selected recorded non-payroll disbursements to determine if these disbursements were recorded in the proper fiscal year.
   - We compared current year expenditures at the subfund and account level to those of the prior year. The scope was based on agreed upon materiality levels ($282,100 – general fund, $248,100 – earmarked fund, $10,700 – restricted fund, and $23,700 – federal fund) and ± 10 percent.

   The individual transactions selected were chosen randomly. We found no exceptions as a result of the procedures.

   - We inspected payroll transactions for fifteen selected new employees and fifteen individuals who terminated employment to determine if the employees were added and/or removed from the payroll in accordance with the Department’s policies and procedures, that the employee’s first and/or last pay check was properly calculated and that the employee’s leave payout was properly calculated in accordance with applicable State law.

   - We compared the percentage change in recorded personal service expenditures to the percentage change in employer contributions; and computed the percentage distribution of recorded fringe benefit expenditures by fund source and compared the computed distribution to the actual distribution of recorded payroll expenditures by fund source. The concept of materiality does not apply to findings to be reported in an agreed-upon procedures engagement. Therefore, all findings from the application of the agreed-upon procedures must be reported unless the definition of materiality is agreed to by the specified parties. Management of the Department has agreed that the following deficiencies will not be included in the State Auditor’s Report on Applying Agreed-Upon Procedures:

- Clerical errors of less than $100 related to processing cash receipts and cash disbursements transactions unless the errors occur in ten percent or more of the transaction class tested.
- Clerical errors of less than $100 related to reporting packages.
- Errors in applying account coding definitions to accounting transactions unless it is determined that ten percent or more of the accounting transactions tested were found to be in error.
- Reporting packages which are submitted less than three business days after the due date unless it is determined that more than two of the reporting packages were submitted late.
- Submission of the Schedule of Federal Financial Assistance less than three business days late.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on the specified elements, accounts, or items. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Governor and of the governing body and management of the Department and is not intended to be and should not be used by anyone other than these specified parties.

George L. Kennedy, III, CPA
State Auditor
ACCOUNTANT’S COMMENTS
SECTION A - VIOLATION OF STATE LAWS, RULES OR REGULATIONS

Management of each State agency is responsible for establishing and maintaining internal controls to ensure compliance with State Laws, Rules or Regulations. The procedures agreed to by the agency require that we plan and perform the engagement to determine whether any violations of State Laws, Rules or Regulations occurred.

The condition described in this section has been identified as a violation of State Laws, Rules or Regulations.
SUBSEQUENT EVENTS REPORTING PACKAGE

**Condition:**

During our review of the Subsequent Events Questionnaire we noted that the Department answered “Yes” to question #12: “Has agency personnel continued the evaluation of the liabilities subsequent to the submission of the forms in Section 3.12?” However, upon review of the Yearend Rptg-Prior Year Payables with Vendor report, we noted that the agency did not continue the evaluation of the liabilities subsequent to submission of Section 3.12. The Department should have rerun the Yearend Rptg-Prior Year Payables with Vendor report during submission of the Subsequent Events Questionnaire. This would have enabled the Department to properly identify additional accounts payable to be reported to the Comptroller General’s Office.

**Cause:**

Agency Oversight / Human Error.

**Effect:**

The Department reported incorrect information to the Comptroller General’s Office, which understated the Department’s accounts payable by $8,417.

**Criteria:**

Section 1.7 of the Comptroller General’s Reporting Policies and Procedures Manual states, “Each agency’s executive director and finance director are responsible for submitting to the Comptroller General’s Office reporting packages and/or financial statements that are: accurate, and prepared in accordance with instructions, complete, and timely.”

**Recommendation:**

We recommend the Department implement policies and procedures to ensure that all Reporting Packages are prepared in accordance with the Comptroller General’s Reporting Policies and Procedures Manual requirements, the amounts in the reporting packages agree with the accounting records, and all payable information is properly submitted to the Comptroller General’s Office.

**Management’s Response:**

We agree with the findings and will work to ensure corrective action is taken to eliminate these findings in the future.
SECTION B - STATUS OF PRIOR FINDINGS

During the current engagement, we reviewed the status of corrective action taken on each of the findings reported in the Accountant's Comments section of the State Auditor's Report on the findings for the fiscal year ended June 30, 2014, and dated September 22, 2015. We determined that the Department has taken adequate corrective action on each of the findings.
