INDEPENDENT ACCOUNTANT’S REPORT ON APPLYING AGREED-UPON PROCEDURES

October 31, 2016

The Honorable Nikki R. Haley, Governor
and
Members of the Commission
South Carolina State Ethics Commission
Columbia, South Carolina

We have performed the procedures described below, which were agreed to by the governing body and management of the South Carolina State Ethics Commission (the Commission), solely to assist you in evaluating the performance of the Commission for the fiscal year ended June 30, 2015, in the areas addressed. The Commission’s management is responsible for its financial records, internal controls and compliance with State laws and regulations. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified parties in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and the associated findings are as follows:

1. **Cash Receipts and Revenues**
   - We inspected twenty-five selected recorded receipts to determine if these receipts were properly described and classified in the accounting records in accordance with the agency’s policies and procedures and State regulations.
   - We inspected five selected recorded receipts to determine if these receipts were recorded in the proper fiscal year.
   - We made inquiries and performed substantive procedures to determine if revenue collection and retention or remittance were supported by law.
   - We compared current year recorded revenues at the subfund and account level from sources other than State General Fund appropriations to those of the prior year. We investigated changes in the earmarked fund to ensure that revenue was classified properly in the agency’s accounting records. The scope was based on agreed upon materiality level of $6,800 and ±10 percent.
The Honorable Nikki R. Haley, Governor
and
Members of the Commission
South Carolina State Ethics Commission
October 31, 2016

The individual transactions selected were chosen randomly. We found no
exceptions as a result of the procedures.

2. Non-Payroll Disbursements and Expenditures
   - We inspected twenty-three selected recorded non-payroll disbursements to
determine if these disbursements were properly described and classified in
the accounting records in accordance with the agency’s policies and
procedures and State regulations, were bona fide disbursements of the
Commission, and were paid in conformity with State laws and regulations; if
the acquired goods and/or services were procured in accordance with
applicable laws and regulations.
   - We inspected six selected recorded non-payroll disbursements to determine if
these disbursements were recorded in the proper fiscal year.
   - We compared current year expenditures at the subfund and account level to
those of the prior year. We investigated changes in the general and
earmarked funds to ensure that expenditures were classified properly in the
agency’s accounting records. The scope was based on agreed upon
materiality levels ($5,900 – general fund and $8,900 – earmarked fund) and
± 10 percent.

The individual transactions selected were chosen randomly. We found no
exceptions as a result of the procedures.

3. Payroll Disbursements and Expenditures
   - We inspected twenty-five selected recorded payroll disbursements to
determine if the selected payroll transactions were properly described,
classified, and distributed in the accounting records; persons on the payroll
were bona fide employees; and payroll transactions were properly authorized
and were in accordance with existing legal requirements and processed in
accordance with the agency’s policies and procedures and State regulations.
   - We inspected payroll transactions for all new employees and all individuals
who terminated employment to determine if the employees were added
and/or removed from the payroll in accordance with the agency’s policies and
procedures, that the employee’s first and/or last pay check was properly
calculated and that the employee’s leave payout was properly calculated in
accordance with applicable State law.
   - We compared current year payroll expenditures at the subfund and account
level to those of the prior year. We investigated changes in the general and
earmarked funds to ensure that expenditures were classified properly in the
agency’s accounting records. The scope was based on agreed upon
materiality levels ($5,900 – general fund and $8,900 – earmarked fund) and
± 10 percent.
   - We compared the percentage change in recorded personal service
expenditures to the percentage change in employer contributions; and
computed the percentage distribution of recorded fringe benefit expenditures
by fund source and compared the computed distribution to the actual
distribution of recorded payroll expenditures by fund source. We investigated
changes of ± 10 percent to ensure that payroll expenditures were classified
properly in the agency’s accounting records.

The individual transactions selected were chosen randomly. We found no
exceptions as a result of the procedures.
4. **Journal Entries and Appropriation Transfers**
   - We inspected all recorded journal entries and appropriation transfers to determine if these transactions were properly described and classified in the accounting records; they agreed with the supporting documentation, the purpose of the transactions was documented and explained, the transactions were properly approved, and were mathematically correct; and the transactions were processed in accordance with the agency’s policies and procedures and State regulations.

   We found no exceptions as a result of the procedures.

5. **Appropriation Act**
   - We inspected agency documents, observed processes, and/or made inquiries of agency personnel to determine the Commission’s compliance with Appropriation Act general provisos as listed in the Appropriation Act work program, and agency specific provisos, if applicable.

   We found no exceptions as a result of the procedures.

6. **Reporting Packages**
   - We obtained copies of all reporting packages as of and for the year ended June 30, 2015, prepared by the Commission and submitted to the State Comptroller General. We inspected them to determine if they were prepared in accordance with the Comptroller General’s Reporting Policies and Procedures Manual requirements and if the amounts reported in the reporting packages agreed with the supporting workpapers and accounting records.

   Our finding as a result of these procedures is presented in Operating Leases Reporting Package in the Accountant’s Comments section of this report.

7. **Status of Prior Findings**
   - We inquired about the status of the findings reported in the Accountant’s Comments section of the State Auditor’s Report on the Commission resulting from our engagement for the fiscal year ended June 30, 2014, to determine if the Commission had taken corrective action.

   Our finding as a result of these procedures is presented in Operating Leases Reporting Package in the Accountant’s Comments section of this report.

The concept of materiality does not apply to findings to be reported in an agreed-upon procedures engagement. Therefore, all findings from the application of the agreed-upon procedures must be reported unless the definition of materiality is agreed to by the specified parties. Management of the Commission has agreed that the following deficiencies will not be included in the State Auditor’s Report on Applying Agreed-Upon Procedures:

- Clerical errors of less than $100 related to processing cash receipts and cash disbursements transactions unless the errors occur in ten percent or more of the transaction class tested.
- Clerical errors of less than $100 related to reporting packages.
• Errors in applying account coding definitions to accounting transactions unless it is determined that ten percent or more of the accounting transactions tested were found to be in error.
• Reporting packages which are submitted less than three business days after the due date unless it is determined that more than two of the reporting packages were submitted late.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on the specified elements, accounts, or items. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Governor and of the governing body and management of the South Carolina State Ethics Commission and is not intended to be and should not be used by anyone other than these specified parties.

George L. Kennedy, III, CPA
State Auditor
ACCOUNTANT’S COMMENTS
SECTION A - VIOLATION OF STATE LAWS, RULES OR REGULATIONS

Management of each State agency is responsible for establishing and maintaining internal controls to ensure compliance with State Laws, Rules or Regulations. The procedures agreed to by the agency require that we plan and perform the engagement to determine whether any violations of State Laws, Rules or Regulations occurred.

The condition described in this section has been identified as a violation of State Laws, Rules or Regulations.
OPERATING LEASES REPORTING PACKAGE

**Condition:**

Approximately $31,000 was inadvertently excluded from the Commission’s future minimum lease payment schedule filed with the Comptroller General’s Office. This condition was also cited in the State Auditor’s Report on the Commission for the fiscal year ended June 30, 2014.

**Cause:**

A combination of clerical error and interpretation of reporting package instructions contributed to the omission.

**Effect:**

Reported future minimum lease payments of the Commission were understated.

**Criteria:**

Section 1.7 of the Comptroller General’s Reporting Policies and Procedures Manual states, “Each agency’s executive director and finance director are responsible for submitting to the Comptroller General’s Office reporting packages and/or financial statements that are: accurate and prepared in accordance with instructions, complete, and timely.”

**Recommendation:**

We recommend the Commission continue to strengthen its policies and procedures to ensure all reporting packages are completed in accordance with the Comptroller General’s Reporting Policies and Procedures Manual and reporting package form instructions. Lease agreements of the Commission should be evaluated to determine if they are reportable as an operating lease and calculation of remaining future minimum lease payments should be reviewed for accuracy prior to reporting.

**Management’s Response:**

As a result of a misinterpretation of the reporting package instructions, the Commission did not report future minimum lease payments of approximately $31,000. These were inadvertently excluded from the reporting package. Action will be taken to ensure this information is correctly reported in the future.
SECTION B - STATUS OF PRIOR FINDINGS

During the current engagement, we reviewed the status of corrective action taken on each of the findings reported in the Accountant's Comments section of the State Auditor's Report on the Commission for the fiscal year ended June 30, 2014, and dated March 30, 2015. We determined that the Commission has taken adequate corrective action on each of the findings except we have repeated Operating Leases Reporting Package.
2 copies of this document were published at an estimated printing cost of $1.32 each, and a total printing cost of $2.64. Section 1-11-425 of the South Carolina Code of Laws, as amended requires this information on printing costs be added to the document.
