INDEPENDENT ACCOUNTANT’S REPORT ON APPLYING AGREED-UPON PROCEDURES

August 11, 2000

The Honorable James H. Hodges, Governor
and
Members of the South Carolina Education Oversight Committee
State of South Carolina
Columbia, South Carolina

We have performed the procedures described below, which were agreed to by the governing body and management of the South Carolina Education Oversight Committee, solely to assist you in evaluating the performance of the Committee for the fiscal year ended June 30, 1999, in the areas addressed. This engagement to apply agreed-upon procedures was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures and the associated findings are as follows:

1. We tested selected recorded receipts to determine if these receipts were properly described and classified in the accounting records and internal controls over the tested receipt transactions were adequate. We also tested selected recorded receipts to determine if these receipts were recorded in the proper fiscal year. We compared amounts recorded in the general ledger and subsidiary ledgers to those in the State’s accounting system (STARS) as reflected on the Comptroller General’s reports to determine if recorded revenues were in agreement. We made inquiries and performed substantive procedures to determine if revenue collection and retention or remittance were supported by law. The individual transactions selected for testing were chosen randomly. We found no exceptions as a result of the procedures.
2. We tested selected recorded non-payroll disbursements to determine if these disbursements were properly described and classified in the accounting records, were bona fide disbursements of the Committee, and were paid in conformity with State laws and regulations and if internal controls over the tested disbursement transactions were adequate. We also tested selected recorded non-payroll disbursements to determine if these disbursements were recorded in the proper fiscal year. We compared amounts recorded in the general ledger and subsidiary ledgers to those in various STARS reports to determine if recorded expenditures were in agreement. The individual transactions selected for testing were chosen randomly. We found no exceptions as a result of the procedures.

3. We tested selected recorded payroll disbursements to determine if the tested payroll transactions were properly described, classified, and distributed in the accounting records; persons on the payroll were bona fide employees; payroll transactions, including employee payroll deductions, were properly authorized and were in accordance with existing legal requirements; and internal controls over the tested payroll transactions were adequate. We tested selected payroll vouchers to determine if the vouchers were properly approved and if the gross payroll agreed to amounts recorded in the general ledger and in STARS. We also tested payroll transactions for all new employees and those who terminated employment to determine if internal controls over these transactions were adequate. We compared amounts recorded in the general ledger and subsidiary ledgers to those in various STARS reports to determine if recorded payroll and fringe benefit expenditures were in agreement. The individual transactions selected for testing were chosen randomly. We found no exceptions as a result of the procedures.

4. We tested selected entries and monthly totals in the subsidiary records of the Committee to determine if the amounts were mathematically accurate; the numerical sequences of selected document series were complete; the selected monthly totals were accurately posted to the general ledger; and the internal controls over the tested transactions were adequate. The transactions selected for testing were chosen randomly. We found no exceptions as a result of the procedures.

5. We obtained all monthly reconciliations prepared by the Committee for the year ended June 30, 1999, and tested selected reconciliations of balances in the Committee’s accounting records to those in STARS as reflected on the Comptroller General’s reports to determine if they were accurate and complete. For the selected reconciliations, we recalculated the amounts, agreed the applicable amounts to the Committee’s general ledger, agreed the applicable amounts to the STARS reports, determined if reconciling differences were adequately explained and properly resolved, and determined if necessary adjusting entries were made in the Committee’s accounting records and/or in STARS. The reconciliations selected for testing were chosen randomly. We found no exceptions as a result of the procedures.
The Honorable James H. Hodges, Governor  
and  
Members of the South Carolina Education Oversight Committee  
State of South Carolina  
August 11, 2000

6. We tested the Committee’s compliance with all applicable financial provisions of the South Carolina Code of Laws, Appropriation Act, and other laws, rules, and regulations for fiscal year 1999. We found no exceptions as a result of the procedures.

7. We obtained copies of all closing packages as of and for the year ended June 30, 1999, prepared by the Committee and submitted to the State Comptroller General. We reviewed them to determine if they were prepared in accordance with the Comptroller General's GAAP Closing Procedures Manual requirements; if the amounts were reasonable; and if they agreed with the supporting workpapers and accounting records. We found no exceptions as a result of the procedures.

We were not engaged to, and did not, perform an audit, the objective of which would be the expression of an opinion on the specified areas, accounts, or items. Further, we were not engaged to express an opinion on the effectiveness of the internal control over financial reporting. Accordingly, we do not express such opinions. Had we performed additional procedures or had we conducted an audit or review of the Committee's financial statements or any part thereof, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Governor and of the governing body and management of the South Carolina Education Oversight Committee and is not intended to be and should not be used by anyone other than these specified parties.

Thomas L. Wagner, Jr., CPA  
State Auditor
