INDEPENDENT ACCOUNTANT’S REPORT ON APPLYING AGREED-UPON PROCEDURES

August 27, 2008

The Honorable Mark Sanford, Governor
and
The Honorable Jean H. Toal, Chief Justice
South Carolina Judicial Department
Columbia, South Carolina

We have performed the procedures described below, which were agreed to by the management of the South Carolina Judicial Department (the Department), solely to assist you in evaluating the performance of the Department for the fiscal year ended June 30, 2007, in the areas addressed. The Department’s management is responsible for its financial records, internal controls and compliance with State laws and regulations. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified parties in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and the associated findings are as follows:

1. **Cash Receipts and Revenues**
   - We inspected selected recorded receipts to determine if these receipts were properly described and classified in the accounting records in accordance with the agency’s policies and procedures and State regulations.
   - We inspected selected recorded receipts to determine if these receipts were recorded in the proper fiscal year.
   - We compared amounts recorded in the general ledger and subsidiary ledgers to those in the State’s accounting system (STARS) as reflected on the Comptroller General’s reports to determine if recorded revenues were in agreement.
   - We made inquiries and performed substantive procedures to determine if revenue collection and retention or remittance were supported by law.
   - We compared current year recorded revenues at the subfund and object code level from sources other than State General Fund appropriations to those of the prior year. We investigated changes in the general, earmarked and federal funds to ensure that revenue was classified properly in the agency’s accounting records. The scope was based on agreed upon materiality levels ($7,700 – general fund, $83,400 – earmarked fund, and $37,600 – federal fund) and ± 10 percent.
• We made inquiries of management pertaining to the agency’s policies for accountability and security over permits, licenses, and other documents issued for money. We observed agency personnel performing their duties to determine if they understood and followed the described policies.

The individual transactions selected were chosen randomly. Our findings as a result of these procedures are presented in Deposit Date and Recording Receipts by Fiscal Year in the Accountant’s Comments section of this report.

2. Non-Payroll Disbursements and Expenditures
• We inspected selected recorded non-payroll disbursements to determine if these disbursements were properly described and classified in the accounting records in accordance with the agency’s policies and procedures and State regulations, were bona fide disbursements of the Department, and were paid in conformity with State laws and regulations; if the acquired goods and/or services were procured in accordance with applicable laws and regulations.
• We inspected selected recorded non-payroll disbursements to determine if these disbursements were recorded in the proper fiscal year.
• We compared amounts recorded in the general ledger and subsidiary ledgers to those in various STARS reports to determine if recorded expenditures were in agreement.
• We compared current year expenditures at the subfund and major object code level to those of the prior year. We investigated changes in the general, earmarked and federal funds to ensure that expenditures were classified properly in the agency’s accounting records. The scope was based on agreed upon materiality levels ($139,800 – general fund, $75,100 – earmarked fund, and $37,200 – federal fund) and ± 10 percent.

The individual transactions selected were chosen randomly. We found no exceptions as a result of the procedures.

3. Payroll Disbursements and Expenditures
• We inspected selected recorded payroll disbursements to determine if the selected payroll transactions were properly described, classified, and distributed in the accounting records; persons on the payroll were bona fide employees; payroll transactions, including employee payroll deductions, were properly authorized and were in accordance with existing legal requirements and processed in accordance with the agency’s policies and procedures and State regulations.
• We inspected selected payroll vouchers to determine if the vouchers were properly approved and if the gross payroll agreed to amounts recorded in the general ledger and in STARS.
• We inspected payroll transactions for selected new employees and those who terminated employment to determine if the employees were added and/or removed from the payroll in accordance with the agency’s policies and procedures, that the employee’s first and/or last pay check was properly calculated and that the employee’s leave payout was properly calculated in accordance with applicable State law.
• We compared amounts recorded in the general ledger and subsidiary ledgers to those in various STARS reports to determine if recorded payroll and fringe benefit expenditures were in agreement.
We compared current year payroll expenditures at the subfund and major object code level to those of the prior year. We investigated changes in the general, earmarked and federal funds to ensure that expenditures were classified properly in the agency’s accounting records. The scope was based on agreed upon materiality levels ($139,800 – general fund, $75,100– earmarked fund, and $37,200 – federal fund) and ± 10 percent.

We compared the percentage change in recorded personal service expenditures to the percentage change in employer contributions; and computed the percentage distribution of recorded fringe benefit expenditures by fund source and compared the computed distribution to the actual distribution of recorded payroll expenditures by fund source. We investigated changes of ± 5 percent to ensure that payroll expenditures were classified properly in the agency’s accounting records.

The individual transactions selected were chosen randomly. We found no exceptions as a result of these procedures.

4. **Journal Entries, Operating Transfers and Appropriation Transfers**

   • We inspected selected recorded journal entries, and all operating transfers and appropriation transfers to determine if these transactions were properly described and classified in the accounting records; they agreed with the supporting documentation, the purpose of the transactions was documented and explained, the transactions were properly approved, and were mathematically correct; and the transactions were processed in accordance with the agency’s policies and procedures and State regulations.

   The individual journal entry transactions selected were chosen randomly. We found no exceptions as a result of the procedures.

5. **General Ledger and Subsidiary Ledgers**

   • We inspected selected entries and monthly totals in the subsidiary records of the Department to determine if the amounts were mathematically accurate; the numerical sequences of selected document series were complete; the selected monthly totals were accurately posted to the general ledger; and selected entries were processed in accordance with the agency’s policies and procedures and State regulations.

   The transactions selected were chosen randomly. We found no exceptions as a result of the procedures.

6. **Reconciliations**

   • We obtained all monthly reconciliations prepared by the Department for the year ended June 30, 2007, and inspected selected reconciliations of balances in the Department’s accounting records to those in STARS as reflected on the Comptroller General’s reports to determine if accounts reconciled. For the selected reconciliations, we determined if they were timely performed and properly documented in accordance with State regulations, recalculated the amounts, agreed the applicable amounts to the Department’s general ledger, agreed the applicable amounts to the STARS reports, determined if reconciling differences were adequately explained and properly resolved, and determined if necessary adjusting entries were made in the Department’s accounting records and/or in STARS.
The reconciliations selected were chosen randomly. We found no exceptions as a result of the procedures.

7. Appropriation Act
   • We inspected agency documents, observed processes, and/or made inquiries of agency personnel to determine the Department's compliance with Appropriation Act general and agency specific provisos.

We found no exceptions as a result of the procedures.

8. Closing Packages
   • We obtained copies of all closing packages as of and for the year ended June 30, 2007, prepared by the Department and submitted to the State Comptroller General. We inspected them to determine if they were prepared in accordance with the Comptroller General's GAAP Closing Procedures Manual requirements and if the amounts reported in the closing packages agreed with the supporting workpapers and accounting records.

We found no exceptions as a result of the procedures.

   • We obtained a copy of the schedule of federal financial assistance for the year ended June 30, 2007, prepared by the Department and submitted to the State Auditor. We inspected it to determine if it was prepared in accordance with the State Auditor's letter of instructions; if the amounts agreed with the supporting workpapers and accounting records.

We found no exceptions as a result of the procedures.

10. Status of Prior Findings
    • We inquired about the status of the findings reported in the Accountant's Comments section of the State Auditor's Report on the Department resulting from our engagement for the fiscal year ended June 30, 2006, to determine if the Department had taken corrective action.

We found no exceptions as a result of the procedures.

We were not engaged to and did not conduct an audit, the objective of which would be the expression of an opinion on the specified elements, accounts, or items. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Governor and of the management of the South Carolina Judicial Department and is not intended to be and should not be used by anyone other than these specified parties.

Richard H. Gilbert, Jr., CPA
Deputy State Auditor
SECTION A - VIOLATIONS OF STATE LAWS, RULES OR REGULATIONS

Management of the each State agency is responsible for establishing and maintaining internal controls to ensure compliance with State Laws, Rules or Regulations. The procedures agreed to by the agency require that we plan and perform the engagement to determine whether any violations of State Laws, Rules or Regulations occurred.

The conditions described in this section have been identified as violations of State Laws, Rules or Regulations.
Based on our test of cash receipts, we noted that eight of the 25 (32%) receipts tested were not deposited timely. The deposit dates ranged from seven to 14 days after the receipt of funds.

Section 1.27 of the Department’s accounting manual states, “Check batches should be forwarded to Finance 2-3 times weekly or daily if necessary.” This section also states, “Deposits are taken every other day or as often as needed.” Section 72.1 of fiscal year 2007 Appropriation Act states, “…all general state revenues derived from taxation, licenses, fees, or from any other source whatsoever, and all institutional and departmental revenues or collections, including income from taxes, licenses, fees, the sale of commodities and service… must be remitted to the State Treasurer at least once each week.”

We determined that personnel responsible for receiving cash receipts were not adhering to Department policy. As a result, cash receipts were not deposited timely as defined by Section 1.27 of the Department’s accounting manual and Section 72.1 of the Appropriation Act.

We recommend the Department adhere to their procedures. The Department should ensure that all divisions within the Department are aware of the procedures and the requirement of the Appropriation Act.
During our test of cash receipts we noted that one out of 25 (4%) cash receipts tested was not recorded in the correct fiscal year. We noted that the Department’s Office of Disciplinary Council received $400 on June 11, 2007, but did not forward the funds to the finance office until July 11, 2007. The finance office subsequently deposited the cash receipt on July 16, 2007. Because the finance office did not receive the cash receipt timely, they were unable to record the funds in the proper fiscal year.

Annually, the State Treasurer’s Office provides State agencies with year-end close-out procedures. The procedures explain year-end cut-off requirements and emphasize the importance of processing cash receipts in a timely manner to ensure that they are recorded in the proper accounting period.

We recommend that the Department adhere to State Treasurer directives.
SECTION B - STATUS OF PRIOR FINDINGS

During the current engagement, we reviewed the status of corrective action taken on each of the findings reported in the Accountant's Comments section of the State Auditor's Report on the Department for the fiscal year ended June 30, 2006, and dated August 16, 2007. We determined that the Department has taken adequate corrective action on each of the findings.
MANAGEMENT’S RESPONSE
October 23, 2008

Mr. Richard H. Gilbert Jr., CPA
Deputy State Auditor
1401 Main Street, Suite 1200
Columbia, SC 29201

Dear Mr. Gilbert:

We have reviewed the preliminary draft of the report resulting from the agreed-upon procedures of the South Carolina Judicial Department for the fiscal year ended June 30, 2007. The Judicial Department will take appropriate action regarding your comments on receipts and deposit dates.

Our review of the draft report is complete and we authorize the release of the report. We appreciate the efficiency and courtesy your staff demonstrated during this engagement.

Sincerely,

Thomas B. Timberlake
