INDEPENDENT ACCOUNTANT’S REPORT ON APPLYING AGREED-UPON PROCEDURES

May 16, 2014

Mr. Richard H. Gilbert, Jr., CPA
Deputy State Auditor
South Carolina Office of the State Auditor
Columbia, South Carolina

We have performed the procedures described below, which were agreed to by management of the South Carolina Office of Adjutant General (the Agency) and the South Carolina Office of the State Auditor, solely to assist you in evaluating the performance of the Agency for the fiscal year ended June 30, 2013, in the areas addressed. The Agency’s management is responsible for its financial records, internal controls and compliance with State laws and regulations. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified parties in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and the associated findings are as follows:

1. **Cash Receipts and Revenues**
   - We inspected selected recorded receipts to determine if these receipts were properly described and classified in the accounting records in accordance with the Agency’s policies and procedures and State regulations.
   - We inspected selected recorded receipts to determine if these receipts were recorded in the proper fiscal year.
   - We made inquiries and performed substantive procedures to determine if revenue collection and retention or remittance were supported by law.
   - We compared current fiscal year recorded revenues at the subfund and account level from sources other than State General Fund appropriations to those of the prior fiscal year. We investigated changes in the earmarked, restricted and federal funds to ensure that revenue was classified properly in the Agency’s accounting records. The scope was based on agreed upon materiality levels ($60,000 – earmarked fund, $15,000 – restricted fund, and $700,000 – federal fund) and ± 10 percent.
   - We made inquiries of management pertaining to the Agency’s policies for accountability and security over renting armories. We observed Agency personnel performing their duties to determine if they understood and followed the described policies.

The individual transactions selected were chosen randomly. We found no exceptions as a result of these procedures.
2. **Non-Payroll Disbursements and Expenditures**
- We inspected selected recorded non-payroll disbursements to determine if these disbursements were properly described and classified in the accounting records in accordance with the Agency’s policies and procedures and State regulations, were bona fide disbursements of the Agency, and were paid in conformity with State laws and regulations; if the acquired goods and/or services were procured in accordance with applicable laws and regulations.
- We inspected selected recorded non-payroll disbursements to determine if these disbursements were recorded in the proper fiscal year.
- We compared current fiscal year expenditures at the subfund and account level to those of the prior fiscal year. We investigated changes in the general, earmarked, restricted and federal funds to ensure that expenditures were classified properly in the Agency’s accounting records. The scope was based on agreed upon materiality levels ($75,000 – general fund, $100,000 – earmarked fund, $15,000 – restricted fund, and $500,000 – federal fund) and ± 10 percent.

The individual transactions selected were chosen randomly. We found no exceptions as a result of these procedures.

3. **Payroll Disbursements and Expenditures**
- We inspected selected recorded payroll disbursements to determine if the selected payroll transactions were properly described, classified, and distributed in the accounting records; persons on the payroll were bona fide employees; payroll transactions, including employee payroll deductions, were properly authorized and were in accordance with existing legal requirements and processed in accordance with the Agency’s policies and procedures and State regulations.
- We inspected payroll transactions for selected new employees and those who terminated employment to determine if the employees were added and/or removed from the payroll in accordance with the Agency’s policies and procedures, that the employee’s first and/or last pay check was properly calculated and that the employee’s leave payout was properly calculated in accordance with applicable State law.
- We compared current fiscal year payroll expenditures at the subfund and account level to those of the prior fiscal year. We investigated changes in the general, earmarked, restricted and federal funds to ensure that expenditures were classified properly in the Agency’s accounting records. The scope was based on agreed upon materiality levels ($75,000 – general fund, $100,000 – earmarked fund, $15,000 – restricted fund, and $500,000 – federal fund) and ± 10 percent.
- We compared the percentage change in recorded personal service expenditures to the percentage change in employer contributions; and computed the percentage distribution of recorded fringe benefit expenditures by fund source and compared the computed distribution to the actual distribution of recorded payroll expenditures by fund source. We investigated changes of ± 5 percent to ensure that payroll expenditures were classified properly in the Agency’s accounting records.

The individual transactions selected were chosen randomly. We found no exceptions as a result of these procedures.
4. **Journal Entries, Operating Transfers and Appropriation Transfers**
   - We inspected selected recorded journal entries, operating transfers, and appropriation transfers to determine if these transactions were properly described and classified in the accounting records; they agreed with the supporting documentation, the purpose of the transactions was documented and explained, the transactions were properly approved, and were mathematically correct; and the transactions were processed in accordance with the Agency’s policies and procedures and State regulations.

   The individual transactions selected were chosen randomly. We found no exceptions as a result of these procedures.

5. **General Ledger and Subsidiary Ledgers**
   - We inspected selected entries and monthly totals in the subsidiary records of the Agency to determine if the amounts were mathematically accurate; the numerical sequences of selected document series were complete; the selected monthly totals were accurately posted to the general ledger; and selected entries were processed in accordance with the Agency’s policies and procedures and State regulations.

   The individual transactions selected were chosen randomly. We found no exceptions as a result of these procedures.

6. **Composite Reservoir Accounts**
   - **Reconciliations**
     - We obtained all monthly reconciliations prepared by the Agency for the fiscal year ended June 30, 2013, and inspected selected reconciliations of balances in the Agency’s accounting records to those reflected on the State Treasurer’s Office monthly reports to determine if accounts reconciled. For the selected reconciliations, we determined if they were timely performed and properly documented in accordance with State regulations, recalculated the amounts, agreed the applicable amounts to the Agency’s general ledger, agreed the applicable amounts to the State Treasurer’s Office monthly reports, determined if reconciling differences were adequately explained and properly resolved, and determined if necessary adjusting entries were made in the Agency’s accounting records.

   - **Cash Receipts and Revenues**
     - We inspected selected recorded receipts to determine if these receipts were properly described and classified in the accounting records in accordance with the Agency’s policies and procedures and State regulations.

- We inspected selected recorded non-payroll disbursements to determine if these disbursements were properly described and classified in the accounting records in accordance with the Agency’s policies and procedures and State regulations, were bona fide disbursements of the Agency, and were paid in conformity with State laws and regulations; if the acquired goods and/or services were procured in accordance with applicable laws and regulations.
- We inspected selected recorded non-payroll disbursements to determine if these disbursements were recorded in the proper fiscal year.

The reconciliations and individual transactions selected were chosen randomly. We found no exceptions as a result of these procedures.

7. Appropriation Act

- We inspected Agency documents, observed processes, and/or made inquiries of Agency personnel to determine the Agency’s compliance with Appropriation Act general and Agency specific provisos.

We found no exceptions as a result of these procedures.

8. Reporting Packages

- We obtained copies of all reporting packages as of and for the fiscal year ended June 30, 2013, prepared by the Agency and submitted to the State Comptroller General. We inspected them to determine if they were prepared in accordance with the Comptroller General's Reporting Policies and Procedures Manual requirements and if the amounts reported in the reporting packages agreed with the supporting work papers and accounting records.

We found no exceptions as a result of these procedures.

- We obtained a copy of the schedule of federal financial assistance for the fiscal year ended June 30, 2013, prepared by the Agency and submitted to the State Auditor. ACCOUNTANT’S COMMENTS
STATUS OF PRIOR FINDINGS

During the current engagement, we reviewed the status of correction action taken on each of the findings reported in the Accountant’s Comments section of the State Auditor’s Report on the Agency for the fiscal year ended June 30, 2012, and dated June 28, 2013. In response to our inquiries, we were told that the Agency has developed and implemented procedures to correct the weaknesses reported in the prior fiscal year. However, because the procedures were implemented after June 30, 2013, we did not perform tests of the new procedures.
