INDEPENDENT AUDITORS' REPORT

Mr. Thomas L. Wagner, Jr., CPA
State Auditor
State of South Carolina
Columbia, South Carolina

We have audited the accompanying balance sheet of the University of South Carolina Department of Athletics - Columbia Campus (the Department) as of June 30, 2002, and the related statements of revenues, expenditures and transfers, changes in fund balances and cash flows for the year then ended. These financial statements are the responsibility of the management of the University of South Carolina Department of Athletics - Columbia Campus. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements of the Department are intended to present the financial position, results of operations, and cash flows of only that portion of the funds of the University of South Carolina that is applicable to its Department of Athletics - Columbia Campus.

As discussed in Notes 1, 6 and 13, certain assets and the related liabilities from which the Department derives benefits are not recorded by the Department but are instead recorded in the University's endowment and plant funds.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the University of South Carolina Department of Athletics - Columbia Campus as of June 30, 2002, and the results of its operations, and its cash flows for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the financial statements referred to above taken as a whole. The supplementary information included in the accompanying schedules is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements, and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

The information presented in the Other Information section is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has not been subjected to the auditing procedures applied to the audit of the financial statements, and accordingly, we express no opinion on it.

SUPPLEMENTARY DISCLOSURE OF ACCOUNTING POLICY FOR CAPITAL AND RELATED FINANCING ACTIVITIES:

As discussed in Notes 1 and 6, certain assets and the related liabilities from which the Department derives benefit have not been included in the accompanying balance sheet but have instead been recorded in the University's plant funds. Current revenue and expenditures related to those assets specifically associated with the Department's operations have been recorded as revenues and expenditures of the Department. Accordingly, certain capital and related financing activities amounting to \$206,199 for equipment acquisitions and debt retirement are included as operating activities rather than capital and related financing activities on the statement of cash flows.

The accompanying notes are an integral part of the financial statements.

Notes to Financial Statements

1. Summary of Significant Accounting Policies:

The following are the significant accounting policies used in preparing the accompanying financial statements of the University of South Carolina (the University) Department of Athletics – Columbia Campus (the Department).

Reporting Entity – The core of the financial reporting entity is the primary government which has a separately elected governing body. An organization other than a primary government may serve as a nucleus for a reporting entity when it issues separate financial statements. That organization is referred to herein as a primary entity. Both the University and the Department serve as primary entities. The University, a State supported institution of higher education, is subject to the laws of the State and the policies and procedures specified by the State for State agencies and institutions. The University is part of the primary government of the State of South Carolina and its funds are included in the State’s Comprehensive Annual Financial Report.

The Department is an auxiliary enterprise fund of the University and includes the intercollegiate athletics programs of the University – Columbia Campus only. Accordingly, the Department treats as expenditures certain payments made to retire capital lease obligations which are recorded in the University’s plant funds. Certain stadium admissions taxes and seat assessment and student athletic fees are recorded as revenue by the University in its plant fund. The Department is combined with the other University auxiliary enterprises and included in the University’s accounts as follows: revenue and expenditures are reported separately as unrestricted current funds and assets, liabilities and fund balances are combined with other unrestricted funds for reporting purposes.

Within the Department and an integral part thereof is the Gamecock Club (the Club). The Club is a tax-exempt organization under provisions of the Internal Revenue Code 501(c)(3), is governed by a Board of Directors and organized to support the intercollegiate athletics programs of the Columbia Campus of the University. Expenditures are made in accordance with the Gamecock Club constitution and by-laws which state that the Club’s purpose is to provide funds for athletic scholarships, operating expenditures of the Club, and projects and other needs consistent with the policy of promoting the athletic affairs of the University. The Gamecock Club’s Board of Directors forwards its budget proposal recommendations to the Intercollegiate Activities Committee of the University’s Board of Trustees. Adherence to line items of the budget by the Gamecock Club is not required by the University’s Board.

Accrual Basis of Accounting – The financial statements of the Department have been prepared on the accrual basis in accordance with accounting practices customarily followed by governmental educational institutions. Revenues are reported in the accounting period when earned and expenditures are reported as the materials or services are received or when incurred. Transfers are reported when made.

In addition, the Department has elected to present a statement of cash flows prepared in conformity with the requirements for such a statement for governmental proprietary funds.

Notes to Financial Statements, Continued

1. Summary of Significant Accounting Policies, continued:

Endowment Income – Income earned on these funds is recorded as endowment income by the Department; however, endowment principal is not included in the assets of the Department. The endowment principal has been reported as an asset of the University’s endowment fund.

Prepaid Items – Expenditures for services paid for in the current or prior fiscal years and benefiting more than one accounting period are allocated among accounting periods.

Deferred Revenues – Deferred revenues consist of receipts collected in advance which amounts have not yet been earned primarily for football ticket sales. Other deferred revenues consist primarily of advance collections for special seating areas for athletic events. Amounts are recognized as revenue when the event has occurred.

Budget – The Department’s operating budget is approved by the University’s Intercollegiate Activities Committee of the Board of Trustees and the University’s full Board of Trustees.

Fund Accounting – In order to ensure observance of limitations and restrictions placed on the use of resources available to the Department, the accounts are maintained in accordance with the principles of fund accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds that are in accordance with specified activities or objectives. Separate accounts are maintained for each fund; however, in the accompanying financial statements, the various funds comprising the Department have been combined because they had similar characteristics.

Other University Funds – Certain assets and liabilities from which the Department derives a benefit have not been included in the accompanying balance sheet but have instead been recorded in the University’s endowment and plant funds. Current revenues, expenditures and transfers related to those assets and liabilities specifically associated with the Department’s operations have been recorded as revenues and expenditures in the accompanying financial statements of the Department.

Cash and Cash Equivalents – The amounts shown in the financial statements as “cash and cash equivalents” represent petty cash, cash on deposit with the State Treasurer, and cash invested in various instruments by the State Treasurer as part of the State’s cash management pool.

Most State agencies including the University participate in the cash management pool. Because the cash management pool operates as a demand deposit account, amounts invested in the pool are classified as cash and cash equivalents. The State Treasurer administers the cash management pool. The pool includes some long-term investments such as obligations of the United States and certain agencies of the United States, obligations of the State of South Carolina and certain of its political subdivisions, certificates of deposit, collateralized repurchase agreements, and certain corporate bonds. For credit risk information pertaining to the cash management pool, see the deposits disclosure in Note 2.

**UNIVERSITY OF SOUTH CAROLINA
DEPARTMENT OF ATHLETICS – COLUMBIA CAMPUS**

Notes to Financial Statements, Continued

1. Summary of Significant Accounting Policies (Continued):

Cash and Cash Equivalents (Continued) – The State’s cash management pool consists of a general deposit account and several special deposit accounts. The State records each fund’s equity interest in the general deposit account; however, all earnings on that account are credited to the General Fund of the State. Investments in the pool are recorded at fair value. Interest earned by the University’s special deposit accounts is retained by the University. Interest earned is allocated based on the percentage of the University’s accumulated daily interest receivable to the total undistributed interest received by the pool

Accrued Compensated Absences – Generally all permanent full-time State employees and certain part-time employees scheduled to work at least one-half of the agency’s workweek are entitled to accrue and carry forward at calendar year-end maximums of 180 days sick leave and 45 days annual vacation leave, except that faculty members do not accrue annual leave. Upon termination of State employment, employees are entitled to be paid for accumulated unused annual vacation leave up to the maximum, but are not entitled to any payment for unused sick leave. The compensated absences liability includes accrued annual leave earned for which the employees are entitled to paid time off or payment at termination. The University calculates the compensated absences liability based on recorded balances of unused leave for which the employer expects to compensate employees through paid time off or cash payments. The liability is inventoried at fiscal year-end current salary costs and the cost of the salary-related benefit payments. The net change in the liability is recorded in the current year under personnel expenditures.

Income Taxes – The University and its Department of Athletics are a part of the primary government of the State of South Carolina and are consequently exempt from Federal and State income taxes.

An annual tax return of an organization exempt from income tax is filed to report the operations of the Gamecock Club of the University.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Other Significant Accounting Policies – Other significant accounting policies are set forth in the other notes to the financial statements.

Pledges Receivable – Pledges to the Gamecock Club are recorded as revenue at the time of the pledge.

DEPARTMENT OF ATHLETICS – COLUMBIA CAMPUS**

2. Deposits and Investments:

The deposits and investments of the Department are under the control of the State Treasurer who, by law, has sole authority for investing State funds.

The following schedule reconciles deposits within the footnotes to the balance sheet amounts:

Balance Sheet		Footnotes	
Cash and Cash Equivalents	\$ 13,156,578	Cash on Hand	\$ 831,606
		Deposits held by	
		State Treasurer	12,324,972
	\$ 13,156,578		\$ 13,156,578

Deposits Held by State Treasurer – State law requires full collateralization of all State Treasurer bank balances. The State Treasurer must correct any deficiencies in collateral within seven days. At June 30, 2002, all State Treasurer bank balances were fully insured or collateralized with securities held by the State or by its agents in the State’s name.

With respect to investments in the State’s cash management pool, all of the State Treasurer’s investments are insured or registered or are investments for which the securities are held by the State or its agent in the State’s name. Information pertaining to the carrying amounts, market values and credit risk of the State Treasurer’s investments is disclosed in the Comprehensive Annual Financial Report of the State of South Carolina.

3. Notes Receivable:

Notes receivable include a \$60,000 interest free relocation loan made to the Athletic Director when hired. The conditions of the loan, as modified, state that, if he stays employed by the University through April 30, 2005, \$20,000 of the debt will be forgiven for each year employed through 2005.

Additionally, the University entered into an agreement with the University of South Carolina Educational Foundation, a related party, as authorized by South Carolina Code of Laws, Section 59-101-410. In accordance with this section, the University may lend certain of its endowment funds and auxiliary funds to the University of South Carolina Educational Foundation. Under the terms of the agreement, the University will earn interest at a monthly rate as determined by the South Carolina State Treasurer. Notes receivable of \$3,000,000 and accrued interest receivable of \$764,034 were outstanding as of June 30, 2002.

**UNIVERSITY OF SOUTH CAROLINA
DEPARTMENT OF ATHLETICS – COLUMBIA CAMPUS**

Notes to Financial Statements, Continued

4. Endowment Income:

Endowment and similar funds on which income earned is available to the Department are as follows at June 30, 2002:

Endowments	\$ 2,734,386
Quasi-endowment	<u>2,249,754</u>
Total	<u><u>\$ 4,984,140</u></u>

Endowment funds are subject to the restrictions of donors requiring that the principal be invested in perpetuity and the income only be used. Quasi-endowment funds are funds, which the University Board of Trustees, rather than the donor, has determined are to be retained and invested.

5. NCAA Legislation:

The National Collegiate Athletic Association has adopted legislation that required all expenditures for or on behalf of an institution's intercollegiate athletics program, including those by outside organizations, to be included in the statement of revenues, expenditures and transfers of the institution's athletics department.

The Block C Association has been identified as an outside organization under NCAA legislation. The Block C Association has a fiscal year end of June 30. The following information received from the Block C Association reflects its activity for the year ended June 30, 2002.

<u>Beginning Cash Balance</u>	<u>Cash Receipts</u>	<u>Contributions to or on Behalf of Program</u>	<u>Ending Cash Balance</u>
\$ 9,674	\$ 42,074	\$ 29,622	\$ 22,126

The Block C Association expenditures of \$29,622 consist of expenditures made by the Block C Association on behalf of the Gamecock Club primarily for maintenance of football and basketball lounges, sports banquets and cookouts, senior awards, raffles and tickets. This amount is included in the revenue and the expenditures in the accompanying financial statements.

**UNIVERSITY OF SOUTH CAROLINA
DEPARTMENT OF ATHLETICS – COLUMBIA CAMPUS**

Notes to Financial Statements, Continued

6. Remittances and Transfers to the University:

The Department collects, as a bond seat assessment, a debt service tax on each football ticket sold and remits such taxes to the University. The taxes are to be used by the University to fund the cost of the related debt service. The University accounts for these taxes in the University's plant fund. Such amounts collected by the Department and remitted to the University for debt service, totaled \$1,370,055, and is not included in admissions revenue in the accompanying financial statements.

The Department also collects a State admission tax on tickets sold, which it remits to the State upon collection and an academic scholarship fee of \$5 (\$4.76 net of tax) per ticket for tickets sold to the USC-Clemson football game, every even-numbered fiscal year, when the game is hosted by the University. The Department remits this academic scholarship fee to the University upon collection. The academic scholarship fee collected and remitted totaled \$312,880 in 2001.

Beginning in the fiscal year 1999-2000, an additional \$5.00 (\$4.76 net of tax) will be charged for the USC-Clemson football game. As per agreement between the Athletic Department and the University's administration, the revenues generated from this additional charge will be prorated between the University and the Athletic Department through the fiscal year ended June 30, 2003. The funds pro-rated to the University are to be used for scholarships. For the fiscal year ended June 30, 2004 and beyond, all monies generated from the additional charge will accrue to the University for scholarships.

The University Board of Trustees adopted a bond resolution during the year ended June 30, 2002, which, among other things, provided for the University to maintain a special student fee in amount sufficient to make the debt service payments on Department-related debt. The University accounts for these fees in the University's plant fund. The total amount collected by the University was \$596,300 for the year ended June 30, 2002. The University's plant fund earned interest on these debt service funds of \$73,576 for the year ended June 30, 2002. Student athletic fees revenue is reported net of the \$596,300 special student fee in the accompanying financial statements.

In addition to the above remittances, the Department made certain transfers to the University as detailed in the financial statements.

Beginning with the 1994-1995 fiscal year, the Department was obligated to remit approximately \$500,000 to the University to pay for various University services, which benefit the Department. The \$500,000 is included in general administration expenditures.

7. Gamecock Club (The Club):

Specific provisions govern the use of excess revenue over expenditures for the Club. Revenue and expenditures for the Club amounted to \$10,797,409 and \$10,412,628 respectively, and are included in the accompanying financial statements. Such revenues include \$10,115,150 of contributions by Club members and \$682,259 from other sources, principally gifts-in-kind income and endowment and investment income. At June 30, 2002, pledges totaling \$2,520,000 due by December 31, 2002 are outstanding but not delinquent. The \$100,000 allowance for uncollectible pledges is based on previous collection history and is considered to be a reasonable estimate.

8. Pension Plans:

The Retirement Division of the State Budget and Control Board maintains four independent defined benefit plans and issues its own publicly available Comprehensive Annual Financial Report (CAFR) which includes financial statements and required supplementary information. A copy of the separately issued CAFR may be obtained by writing to the Retirement Division, 202 Arbor Lake Drive, Columbia, South Carolina 29223. Furthermore, the Division and the four pension plans are included in the CAFR of the State of South Carolina.

The majority of employees of the Athletic Department are covered by a retirement plan through the South Carolina Retirement System (SCRS), a cost-sharing multiple-employer defined benefit pension plan administered by the Retirement Division, a public employee retirement system. Generally all State employees are required to participate in and contribute to the SCRS as a condition of employment unless exempted by law as provided in Section 9-1-480 of the South Carolina Code of Laws. This plan provides retirement annuity benefits as well as disability, cost of living adjustment, death, and group-life insurance benefits to eligible employees and retirees.

Under the SCRS, employees are eligible for a full service retirement annuity upon reaching age 65 or completion of 28 years credited service regardless of age. The benefit formula for full benefits effective since July 1, 1989, for the SCRS is 1.82 percent of an employee's average final compensation multiplied by the number of years of credited service. Early retirement options with reduced benefits are available as early as age 55. Employees are vested for a deferred annuity after five years service and qualify for a survivor's benefit upon completion of 15 years credited service (five years effective January 1, 2002). Disability annuity benefits are payable to employees totally and permanently disabled provided they have a minimum of five years credited service (this requirement does not apply if the disability is the result of a job-related injury). A group-life insurance benefit equal to an employee's annual rate of compensation is payable upon the death of an active employee with a minimum of one year of credited service.

Since July 1, 1988, employees participating in the SCRS have been required to contribute 6 percent of all compensation. Effective July 1, 2001, the employer contribution rate became 10.04 percent, which included a 2.85 percent surcharge to fund retiree health and dental insurance coverage. The Athletic Department's actual contributions to the SCRS for the three most recent fiscal years ending June 30, 2002, 2001 and 2000 were \$294,100, \$273,200 and \$236,000 respectively, and equaled the required contributions of 7.55 percent (excluding the surcharge) for each year. Also, the Athletic Department paid employer group-life insurance contributions of \$5,691 in the current fiscal year at the rate of .15 percent of compensation.

8. Pension Plans, Continued:

The South-Carolina Police Officers Retirement System (PORS) is a cost-sharing multiple-employer defined benefit public employee retirement plan. Generally all full-time employees whose principal duties are the preservation of public order or the protection or prevention and control of property destruction by fire are required to participate in and contribute to the System as a condition of employment. This plan provides annuity benefits as well as disability and group-life insurance benefits to eligible employees and retirees. In addition, participating employers in the PORS contribute to the accidental death fund which provides annuity benefits to beneficiaries of police officers and firemen killed in the actual performance of their duties. These benefits are independent of any other retirement benefits available to the beneficiary.

Employees covered under PORS are eligible for a monthly pension payable at age 55 with a minimum of five years service or 25 years credited service regardless of age. In addition, employees who have five years of credited service prior to age 55 can retire, yet defer receipt of benefits until they reach age 55. A member is vested for a deferred annuity with five years service. The benefit formula for full benefits effective since July 1, 1989, for the PORS is 2.14 percent of the employee's average final salary multiplied by the number of years of credited service. Disability annuity benefits and the group-life insurance benefits for PORS members are similar to those for SCRS participants. Accidental death benefits provide a monthly pension of 50 percent of the member's budgeted compensation at the time of death.

Since July 1, 1988, the employees participating in the PORS have been required to contribute 6.5 percent of all compensation. Effective July 1, 2001, the employer contribution rate became 13.15 percent, which, as for the SCRS, included the 2.85 percent surcharge. The Athletic Department's actual contributions to the PORS for the years ending June 30, 2002, 2001, and 2000, were \$7,978, \$4,470, and \$3,049 respectively, and equaled the required contributions of 10.3 percent (excluding the surcharge) for each year. Also, the Athletic Department paid employer group-life insurance contributions of \$155 and accidental death insurance contributions of \$155 in the current fiscal year for PORS participants. The rate for each of these insurance benefits is .20 percent of compensation.

The amounts paid by the Athletic Department for pension, group-life insurance, and accidental death benefits are reported as employer contributions expenditures within the applicable current funds' functional expenditure categories to which the related salaries are charged.

Article X, Section 16 of the South Carolina Constitution requires that all State-operated retirement systems be funded on a sound actuarial basis. Title 9 of the South Carolina Code of Laws of 1976, as amended, prescribes requirements relating to membership, benefits and employee/employer contributions for each pension plan. Employee and employer contribution rates to SCRS (and PORS) are actuarially determined. The surcharges to fund retiree health and dental insurance are not part of the actuarially established rates. Annual benefits, payable monthly for life, are based on length of service and on average final compensation (an annualized average of the employee's highest 12 consecutive quarters of compensation).

8. Pension Plans, continued:

The Systems do not make separate measurements of assets and pension liabilities for individual employers. Under Title 9 of the South Carolina Code of Laws, the Athletic Department's liability under the plans is limited to the amount of contributions (stated as a percentage of covered payroll) established by the State Budget and Control Board. Therefore, the Athletic Department's liability under the pension plans is limited to the contribution requirements for the applicable year from amounts appropriated therefore in the South Carolina Appropriation Act and amounts from other applicable revenue sources. Accordingly, the Athletic Department recognizes no contingent liability for unfunded costs associated with participation in the plans.

At retirement, employees participating in the SCRS or PORS may receive additional service credit (at a rate of 20 days equals one month of service) for up to 90 days for accumulated unused sick leave.

Certain State employees may elect to participate in the Optional Retirement Program (ORP), a defined contribution plan. The ORP was established in 1987 under Title 9, Chapter 17, of the South Carolina Code of Laws. The ORP provides retirement and death benefits through the purchase of individual fixed or variable annuity contracts, which are issued to, and become the property of, the participants. The State assumes no liability for this plan other than for payment of contributions to designated insurance companies.

ORP participation is limited to faculty and administrative staff of the State's four-year higher education institutions who meet all eligibility requirements for membership in the SCRS. To elect participation in the ORP, eligible employees must irrevocably waive SCRS membership within their first ninety days of employment.

Under State law, contributions to the ORP are required at the same rates as for the SCRS, 7.55 percent, plus the retiree surcharge of 2.85 percent from the employer in fiscal year 2001-2002.

Certain of the Athletic Department's employees have elected to be covered under optional retirement plans. For the fiscal year, total contribution requirements to ORP were \$303,277 (excluding the surcharge) from the Athletic Department as employer and \$241,014 from its employees as plan members. The Athletic Department did not pay for group-life insurance coverage for these employees. All amounts were remitted to the Retirement Division of the State Budget and Control Board for distribution to the respective annuity policy providers. The obligation for payment of benefits resides with the insurance companies.

9. Post-employment and Other Employee Benefits:

In accordance with the South Carolina Code of Laws and the annual Appropriation Act, the State of South Carolina provides certain health care, dental, and life insurance benefits to certain active and retired State employees and certain surviving dependents of retirees. All permanent full-time and certain permanent part-time employees of the Athletic Department are eligible to receive these benefits. The State provides post-employment health and dental benefits to employees who retire from State service or who terminated with at least 20 years of State service who meet one or more of the eligibility requirements, such as age, length of service, and hire date. Generally those who retire must have at least 10 years of retirement service credit to qualify for State-funded benefits. Benefits are effective at date of retirement when the employee is eligible for retirement benefits.

These benefits are provided through annual appropriations by the General Assembly to the Athletic Department for its active employees and to the State Budget and Control Board for all participating State retirees except the portions funded through the pension surcharge and provided from other applicable sources of the Athletic Department for its active employees who are not funded by State General Fund appropriations. The State finances health and dental plan benefits on a pay-as-you-go basis. Currently, approximately 20,100 State retirees meet these eligibility requirements.

The Athletic Department recorded employer contributions expenditures within the functional expenditure categories for these insurance benefits for active employees in the amount of \$486,000 for the year ended June 30, 2002. As discussed in Note 8, the Athletic Department paid \$227,700 applicable to the 2.85 percent surcharge included with the employer contributions for retirement benefits. These amounts were remitted to the South Carolina Retirement Systems for distribution to the Office of Insurance Services for retiree health and dental insurance benefits.

Information regarding the cost of insurance benefits applicable to Athletic Department retirees is not available. By State law, the Athletic Department has no liability for retirement benefits. Accordingly, the cost of providing these benefits for retirees is not included in the accompanying financial statements.

In addition, the State General Assembly periodically directs the Retirement Systems to pay supplemental (cost of living) increases to retirees. Such increases are primarily funded from Systems' earnings; however, a portion of the required amount is appropriated from the State General Fund annually for the SCRS and PORS benefits.

10. Deferred Compensation Plans:

Several optional deferred compensation plans are available to State employees and employers of its political subdivisions. Certain employees of the Department have elected to participate. The multiple-employer plans, created under Internal Revenue Code Sections 457, 401 (k) and 403 (b), are administered by third parties and are not included in the Comprehensive Annual Financial Report of the State of South Carolina. Compensation deferred under the plans is placed in trust for the contributing employee. The State has no liability for losses under the plans. Employees may withdraw the current value of their contributions when they terminate State employment. Employees may also withdraw contributions prior to termination if they meet requirements specified by the applicable plan.

The State authorized deferred compensation matching contributions for fiscal year 2000-2001. The contributions are funded from various funding sources based on the same percentages used for employees' salaries. The State appropriated funds from unspent fiscal year 1999-2000 appropriations for the portion of contributions paid from State General Funds to 401 (k) accounts of eligible state employees. The 401 (k) match; is limited to \$300. To be eligible, an employee must be a permanent full-time State employee or temporary grant employee, who is actively contributing to a 401 (k), 457, or 403 (b) account on the date of distribution. Permanent full-time employees making less than \$20,000 as of July 1, 2000, are not required to contribute in order to receive the match.

The Athletic Department contributed \$25.00 per pay period beginning January 15, 2001.

11. Retirement Incentive

Section 59-103-150 of the South Carolina Code of Laws allows the University's Board of Trustees to implement an early retirement plan for its faculty. Two objectives of this law were to help institutions of higher education reallocate resources and effect cost-saving measures. The University did not implement such a plan.

Effective January 1, 2002, Section 9-1-2210 of the South Carolina Code of Laws allows active members of the South Carolina Retirement System who are eligible for service retirement to participate in the Teacher and Employee Retention Incentive (TERI) Program. TERI participants may retire and begin accumulating retirement benefits on a deferred basis without terminating employment for up to five years. The length of the program period must be specified by the employee prior to retirement. Each participant is entitled to be paid for up to 45 days of accumulated unused annual vacation leave upon retirement and again at the end of the program period for annual vacation leave earned during the program period.

The Athletic Department recorded expenditures of approximately \$10,894 for lump-sum vacation leave payments to its employees retiring under TERI in fiscal year 2002. The compensated absences liability related to eligible employees who have not elected to participate as of June 30, 2002 is \$70,871.

12. Leases

The Department leases parking spaces for home football games under the following long-term operating leases:

Lease dated March 1, 1995, amended February 13, 1997, with The South Carolina Educational Television Commission (ETV) for 176 parking spaces during the home football games at \$75 per space per year. The lease runs until February 28, 2004 and provides for an increase in the rate of not more than ten percent per year. The expenditure for the year ended June 30, 2002 was \$14,250 under this lease.

Lease dated August 6, 1986 with the State Agricultural and Mechanical Society for use of the State fairgrounds for parking during home football games. The agreement provides for the payment of \$8,500 per home game except those played during the State Fair when no payment shall be made. There are usually six or seven home games and can be as many as two games during the State Fair. The annual cost would range from \$34,000 for four home games to \$59,500 for seven home games. The expenditure for the year ended June 30, 2002 was \$51,000 under this lease.

The future commitments under the ETV lease are as follows:

<u>Years ending June 30,</u>	
2003	\$ 14,250
2004	<u>14,250</u>
	<u>\$ 28,500</u>

The charges are included in Gamecock Club expenditures for game services.

13. Commitments:

The Department committed to repay \$1,000,000 to the endowment funds of the University. The Department receives the earnings on certain endowment funds. These funds were advances by the endowment fund to the plant fund of the University to pay for a new scoreboard and message board in the football stadium. \$105,000 was repaid by the Department during 2002 and is included in general administration expenditures. The balance of the advances at June 30, 2002 was \$490,000.

13. Commitments, continued:

The University has under construction a new basketball arena. The project's estimated cost is approximately \$58,140,000 and has been funded through Athletic Facility Revenue Bonds, Capital Improvement Bonds, City-County Tax Revenues, Suite leases and other sources. The majority of the funding has come from the Revenue and Capital Improvement Bonds. The funding sources are listed below:

Athletic Facility Revenue Bonds	\$ 28,000,000
Capital Improvement Bonds	7,500,000
State Appropriations	2,500,000
City-County Tax Revenues	7,500,000
Suite Leases	4,500,000
Capital Reserve Funds	2,500,000
Other Sources	<u>5,640,000</u>
	<u>\$ 58,140,000</u>

14. Transactions with State Entities:

The Department had significant transactions with the State of South Carolina and various State agencies.

Services received at no cost from State agencies include maintenance of certain accounting records by the Comptroller General; banking services from the State Treasurer; and legal services from the Attorney General.

Other services received at no cost from the various offices of the State Budget and Control Board include retirement plans administration, insurance plans administration, audit services, personnel management, assistance in the preparation of the State Budget, review and approval of certain budget amendments, procurement services, and other centralized functions.

Notes to Financial Statements, Continued

14. Transactions with State Entities, continued:

The Department had financial transactions with various State agencies during the fiscal year. Payments were made to divisions of the State Budget and Control board for retirement and insurance plans contributions, surplus property disposal fees, insurance coverage, and telephone and interagency mail services. Payments were also made to other agencies for unemployment and workers' compensation coverage for employees. The amounts of 2002 expenditures applicable to these transactions are not readily available.

The Department provided no services free of charge to other State agencies during the fiscal year.

15. Risk Management:

Insurance Coverage – The Department is exposed to various risks of loss and maintains State or commercial insurance coverage for each of those risks except business interruption insurance. Management believes such coverage is sufficient to preclude any significant uninsured losses for the covered risks. There were no significant reductions in insurance coverage from coverage in the prior year. Settled claims have not exceeded this coverage in any of the past three years. The Department pays insurance premiums to certain other State agencies and commercial insurers to cover risks that may occur in normal operations. The insurers promise to pay to or on behalf of the insured for covered economic losses sustained during the policy period in accord with insurance policy and benefit program limits.

State management believes it is more economical to manage certain risks internally and set aside assets for claim settlement. Several State funds accumulate assets and the State itself assumes substantially all risks for the following:

- a) Claims of State employees for unemployment compensation benefits (Employment Security Commission);
- b) Claims of covered employees for workers' compensation benefits for job-related illnesses or injuries (State Accident Fund);
- c) Claims of covered public employees for health and dental insurance benefits (Office of Insurance Services); and
- d) Claims of covered public employees for long-term disability and group-life insurance benefits (Retirement Systems.)

Employees elect health coverage through either a health maintenance organization or through the State's self-insured plan. All of the other coverages listed above are through the applicable State self-insured plan except dependent and optional life premiums are remitted to commercial carriers.

**UNIVERSITY OF SOUTH CAROLINA
DEPARTMENT OF ATHLETICS – COLUMBIA CAMPUS**

Notes to Financial Statements, Continued

15. Risk Management, Continued:

The Department and other entities pay premiums to the State's Insurance Reserve Fund (IRF) which issues policies, accumulates assets to cover the risks of loss, and pays claims incurred for covered losses related to the following University assets, activities, and/or events:

- a) Theft of, damage to, or destruction of assets;
- b) Real property, its contents, and other equipment;
- c) Motor vehicles;
- d) Torts;
- e) Natural disasters; and
- f) Medical malpractice claims against covered hospitals, employees, third-and fourth-year medical students, and student health practitioners at student health services.

The IRF is a self-insurer and purchases reinsurance to obtain certain services and specialized coverage and to limit losses in the areas of property, boiler and machinery, automobile liability, and medical professional liability insurance. Also, the IRF purchases reinsurance for catastrophic property and medical professional liability insurance. Reinsurance permits partial recovery of losses from reinsurers, but the IRF remains primarily liable. The IRF's rates are determined actuarially.

State agencies and other entities are the primary participants in the State's Health and Disability Insurance Fund and IRF.

The Department obtains coverage through a commercial insurer for employee fidelity bond insurance for all employees for losses arising from theft or misappropriation up to \$500,000.

The Department has recorded insurance premium expenditures in the applicable functional expenditure categories.

In management's opinion, claims losses in excess of insurance coverage, if any, are unlikely and, if incurred, would be insignificant to the Department's financial position. Furthermore, there is no evidence of asset impairment or other information to indicate that a loss expenditure and liability should be recorded; and, therefore, no loss accrual has been recorded.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL

Mr. Thomas L. Wagner, Jr., CPA
State Auditor
State of South Carolina
Columbia, South Carolina

In planning and performing our audit of the financial statements of the University of South Carolina Department of Athletics – Columbia Campus for the year ended June 30, 2002, we considered its internal control in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of internal control would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above. However, we noted no material weaknesses in the Department's system of internal control.

This report is intended solely for the information and use of the audit committee, management, and others within the organization.

Charlotte, North Carolina

LETTER OF COMMENT

There were no material weaknesses noted in the Department's system of internal control and we have communicated to management that fact in an exit conference.

There were no management letter comments made in the audit report for June 30, 2001.
