FINANCIAL INFORMATION

Independent Auditors' Report

To the Honorable Nikki R. Haley,
Governor of the State of South Carolina
and the Board of Trustees of
Winthrop University
Rock Hill, South Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit (The Winthrop University Foundation) of Winthrop University, a discretely presented component unit of the State of South Carolina, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents. We did not audit the financial statements of Winthrop University Real Estate Foundation, Inc. (a discretely presented component unit). The Winthrop University Real Estate Foundation, Inc. reflects 100% of total assets, 100% of net assets, and 100% of total revenues of the discretely presented component unit.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of Winthrop Real Estate Foundation, Inc., which represent 100% of total assets, 100% of net assets, and 100% of total revenue of the discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Winthrop University Real Estate Foundation Inc., is based solely on the report of other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of The Winthrop University Foundation and Winthrop Real Estate Foundation, Inc. were not audited in accordance with *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and discretely presented component units of Winthrop University as of June 30, 2014, and the respective changes in financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 1 to the financial statements, in 2014, the University adopted new accounting guidance, GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

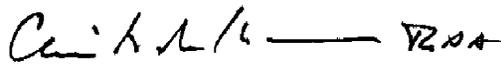

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Winthrop University's basic financial statements. The other financial information is presented for purposes of additional analysis as required by Office of the South Carolina Comptroller General and is not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements.

The other financial information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other financial information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 19, 2014, on our consideration of Winthrop University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2014**

The following discussion and analysis has been prepared by management to provide an overview of the financial position and activities of Winthrop University for the year ended June 30, 2014. This discussion should be read in conjunction with the financial statements and accompanying notes to the financial statements. The financial statement presentation for the University has been prepared to meet the requirements of Governmental Accounting Standards Board ("GASB") Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. The University also complies with the requirements of GASB Statements 36, 37, 38 and 61 that were issued to amend Statements 34 and 35.

Introduction

Winthrop University's mission is to provide personalized and challenging undergraduate, graduate, and continuing professional education programs of national caliber within a context dedicated to public service to the nation and to the State of South Carolina. Winthrop's longtime commitment to be among the very best institutions of its kind in the nation continually guides the mission of the university.

Building on its 19th century origins as a distinctive women's college, the Winthrop University of the 21st century is achieving national stature as a competitive and distinctive, co-educational, public, residential comprehensive, values-oriented institution. The values of service, excellence, diversity, community, and leadership provide the foundation for Winthrop's continuing development and shape Winthrop's continuing success.

Winthrop enrolls an achievement-oriented, culturally diverse and socially responsible student body. The University recruits South Carolina's most able students as well as highly qualified students from beyond the state whose presence adds diversity and enrichment to the campus and the state. Winthrop prides itself on being an institution of choice for groups traditionally under-represented on many college campuses.

Winthrop is located in a traditional setting of exceptional beauty, and provides a contemporary, collaborative, and supportive environment that fosters engaged student learning and development. Winthrop has a diverse and able faculty and professional staff of national caliber and supports their work as effective teachers, scholars, researchers, practitioners, and creative artists. Through this talented group, Winthrop students acquire and develop knowledge, skills, capabilities and values that enrich their lives and prepare them to meet the needs and challenges of the contemporary world, including the ability to communicate effectively, appreciate diversity, work collaboratively, synthesize knowledge, solve complex problems and adapt to change. Ongoing assessment of programs and services ensures both that all academic programs challenge students at their highest level of ability and that the library, instructional technology and other academic service areas support courses of study that are consonant with best practices. As a result, Winthrop graduates are eminently well prepared to enter the most competitive graduate or professional schools as well as to be leaders in their chosen professions and in their communities.

Winthrop embraces only those programs and activities that can be delivered at an exemplary level. Numerous national accolades reflect the sustained high quality and value of the Winthrop Experience, including:

- **U.S. News & World Report** has included Winthrop in its listings of America's Best Colleges for the past 22 years.
- **Barron's Best Buys** (ninth edition) includes Winthrop in its guidebook of schools where the education dollar goes further.
- **Washington Monthly** named Winthrop one of America's "Best Bang for the Buck Colleges" in its 2013 College Guide Rankings edition.
- **A Wise Choice for Value** - Great value plus rewarding academic and social experiences led WiseChoice Research to include Winthrop in its list of Top Ten Value Schools that provide the "best bang for the buck."
- **Princeton Review "Best in the Southeast"** - The Princeton Review rated Winthrop among the "Best in the Southeast" in its feature "2014 Best Colleges: Region by Region." This selection is made based on academic excellence and what students report about their college experiences. Winthrop has been included in the regional guidebook since its initial publication in 2003.
- **AffordableCollegesOnline.org**, a resource for college affordability and financial aid information, identified Winthrop University as one of the top five South Carolina public universities with the greatest lifetime return on investment. The organization noted that graduates of schools on its list enjoy the largest earnings gap between non-degree holders over a 30-year span.

Statement of Net Position

The Statement of Net Position presents the assets, deferred outflow of resources, liabilities, deferred inflow of resources, and net position of the University as of the end of the fiscal year. The Statement of Net Position is a point of time financial statement. The purpose of the Statement of Net Position is to present to the readers of the financial statements a fiscal snapshot of Winthrop University. The Statement of Net Position presents end-of-year data concerning assets (current and noncurrent), deferred outflow of resources, liabilities (current and noncurrent), deferred inflow of resources, and net position. Current assets are those that are reasonably expected to be realized in cash or sold or consumed within one year. Current liabilities are obligations whose liquidation is expected to require the use of current assets.

From the data presented, readers of the Statement of Net Position are able to determine the assets available to continue the operations of the institution. They are also able to determine how much the institution owes vendors, investors, and lending institutions. Finally, the Statement of Net Position provides a picture of the net position and their availability for expenditure by the University.

Net position is divided into three major categories. The first category, net investment in capital assets, provides the University's equity in property, plant, and equipment owned by the institution. The next category is restricted net position, which is divided into two categories, nonexpendable and expendable. The corpus of nonexpendable restricted resources is not available for expenditure. Expendable restricted net position is available for expenditure by the University but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of the assets. The final category is unrestricted net position. The unrestricted portion of net position is available to the institution for any lawful purpose of the University. Although the unrestricted portion is not subject to externally imposed restrictions, substantially all of the University's unrestricted net position has been designated for various academic initiatives or future capital commitments.

Total Net Position	<u>\$ 70,738,229</u>	<u>\$ 69,373,650</u>	<u>\$ 1,364,579</u>

- While Current Assets had only a slight decline overall, Capital Assets, Net of Accumulated Depreciation decreased by \$4,820,337 which was depreciation expense of \$5.95M less the net value of assets placed into service of \$1,125,077.
- Other Noncurrent Assets increased by \$5,190,647, primarily in restricted cash. This year, Grants and Contracts expenses incurred for which funds had not yet been received from granting agencies were \$2M less than in the previous fiscal year. In addition, restricted cash in the Teaching Fellows and CERRA scholarship funds increased \$1M. And finally, an increase in Unexpended Plant Funds of nearly \$2M was a result of \$3M State Institution Bond proceeds on hand not yet spent offset by a reduction of \$1.1M in Master Lease proceeds spent in FY2014.
- Deferred Outflow of Resources of \$725,189 resulted from a change in reporting under GASB 65. Prior to the implementation of GASB 65, this amount was reported as a reduction in the long term debt liability. This \$725,189 is the remaining deferred amount resulting from a May 2012 General Obligation Bond refunding where the difference between the reacquisition price and the net carrying value of the previous bonds is being recognized as a component of interest expense over the life of the new bond.

- Current Liabilities increased by \$1,856,046. An increase in the election of 24 pay by 9 month employees resulted in an additional \$168,000 of deferred payroll. Payroll and related benefit liabilities also increased by \$200,000 for the July 1 accrued payroll. An additional \$360,000 of this increase was in trade payables resulting from items received or work performed not yet paid at June 30. In addition, unearned revenues primarily related to an increase in summer school fees increased by \$365,000, while the current portion of long term debt decreased by \$440,000 with the payoff of the Energy Conservation Master Lease debt. And finally, funds held in trust for the Teaching Fellows and CERRA scholarship accounts increased by just under \$1.2M.
- Noncurrent Liabilities decreased by \$2.5 million primarily due to the change in long term debt as a result of principal payments made, net of the deferred amount on refunding (now reported as Deferred Outflow of Resources) and newly incurred General Obligation Bond debt. The proceeds from these bonds are being used for renovations, repurposing and other campus maintenance projects.
- Overall, the University's Net Position increased by \$1,364,579.
 - Net Investment in Capital Assets increased by \$389K. This increase was the result of a decrease in capital asset values, net of total debt and debt proceeds on hand at year end. As mentioned earlier, the overall Capital Asset value declined by \$4.8 million as a result of depreciation expense in excess of the value added for new assets less assets disposed. However, long term debt also decreased by \$3.6M as a result of current year debt payments net of new debt incurred. The value of debt proceeds on hand not yet spent as of June 30 increased by \$1.5M as compared to proceeds on hand at the end of fiscal year 2013.
 - Restricted for Expendable increased by \$786,708 as a result of an increase in the amount of debt service funds required to remain in the debt fund at year-end and an increase in the year-end balance in the technology grant funds.
 - And finally, the Unrestricted net position increased by \$188,856 (see explanation in Statement of Revenues, Expenses and Changes in Net Position highlights below.)

Statement of Revenues, Expenses and Changes in Net Position

Changes in Total Net Position as presented on the Statement of Net Position are based on the activity presented in the Statement of Revenues, Expenses and Changes in Net Position. The purpose of this statement is to present the revenues received by the University, both operating and nonoperating, and the expenses paid by the University, operating and nonoperating, and any other revenues, expenses, gains, and losses received or spent by the University. Operating revenues are those that are earned in exchange for goods or services provided while carrying out the mission of the University. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for the operating revenues. Nonoperating revenues are revenues received for which goods and services are not provided. For example, state appropriations are nonoperating because they are provided by the Legislature to the University without the Legislature directly receiving commensurate goods and services for those revenues.

The Statement of Revenues, Expenses and Changes in Net Position is prepared on the accrual basis of accounting. Accrual accounting records the financial effects of transactions on an entity in the period in which those transactions occur rather than in the period in which cash is received or paid. Revenues are recognized when services or goods are provided. Expenses are recognized when resources are utilized in order to produce goods or services.

Net Position – End of Year	<u>\$ 70,738,229</u>	<u>\$ 69,373,650</u>	<u>\$ 1,364,579</u>

The Statement of Revenues, Expenses and Changes in Net Position reflects an increase in net position for the year. Some highlights of the information presented on the Statement of Revenues, Expenses and Changes in Net Position are as follows:

- Operating Revenues increased by \$2,178,985. Of this increase, \$941K was in Sales and Services of Auxiliary Enterprise Activities resulting from a slight increase in housing occupancy and the 5% increase in room and board fees approved by the University's Board of Trustees in June 2013. In addition, operating revenues in Grants and Contracts funds increased by \$1.5M.
- Operating Expenses increased overall by \$360,370. Although personnel and fringe benefit costs increased by \$1.37M primarily due to the increase in retirement and insurance premium rates, Services and Supplies expenses declined by \$1.28M, largely due to less repair and renovation project work in this fiscal year in comparison to previous years. The remainder of the operating expense increase can be attributed to an increase in utility costs of just over \$323,000 resulting from rate increases imposed by the utility providers.
- Nonoperating Revenues (Expenses) increased by \$1.1M. This increase resulted from an increase in Pell Grant funding for students of \$293,919, proceeds from Gifts primarily from an increase in Winthrop Foundation contributions of \$349,192, an increase in Investment Income of \$261,266, and a decrease in Interest Expenses of \$104,223.
- Other Revenues, Expenses, Gains, Or Losses decreased by \$661,108 as a result of a decline in Capital Appropriations.
- As a result of the changes in revenues and expenses, the University's overall Net Position increased by \$1,364,579 in fiscal year 2014.

Capital Asset and Debt Activity

The only new debt issued during the 2014 fiscal year was General Obligation Bonds in the amount of \$3,045,000. The University is using the bond proceeds to up-fit the fire alarm systems in and repair roofs on various campus buildings, repurpose the facilities management building to accommodate College of Visual and Performing Arts' studios, and upgrade energy management system jace panels, repair bathrooms, upgrade handicap access, and address other minor facilities renewal needs in several campus buildings. As of June 30, 2014, \$2.8M of these proceeds remained on hand not yet spent.

The University currently has no plans to issue additional debt within the next fiscal year.

Economic Outlook

As a public institution, the University economic outlook is directly affected by the State of South Carolina's economic position. In 2015, although the University received slightly less in non-recurring state funding, the University did receive \$162,052 in additional recurring appropriation funding, and an additional \$476,706 in pay plan and benefit costs allocations.

The University will recognize increased costs in the new year for personnel and benefit costs resulting from the State of SC mandated 2% Pay Plan increase and increases in retirement and health insurance premiums. As always, with these increased costs and a somewhat still-unstable state and national economy, the University's management will continue to monitor factors and adjust budget projections accordingly to ensure the University's overall financial position remains sound.

WINTHROP UNIVERSITY
Notes to Financial Statements
June 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations: Winthrop University (the "University") is a State-supported, coeducational institution of higher education. Winthrop's primary mission is to provide personalized and challenging undergraduate, graduate and continuing professional education programs of national caliber within a context dedicated to public service to the State of South Carolina. All eligible bachelor, master and specialist degrees in the liberal arts and sciences, education, business and the visual and performing arts are nationally accredited.

Reporting Entity: Historically, the University has been treated as a part of the primary government of the State of South Carolina, and its funds were previously reported in the state's higher education enterprise funds in the Comprehensive Annual Financial Report of the State of South Carolina. During fiscal year 2012-13, the State of South Carolina implemented GASB Statement No. 61, *The Financial Reporting Entity: Omnibus* an amendment of GASB Statements No. 14 and No. 34. As a result of this implementation, the University is now reported as a discretely presented component unit on the State of South Carolina's Comprehensive Annual Financial Report. Discrete presentation entails reporting component unit financial data in one or more columns separate from the financial data of the primary government instead of blending the University's financial information into the State's financial information.

The financial reporting entity, as defined by GASB Statement No. 14, *The Financial Reporting Entity*, and amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the financial statements to be misleading or incomplete. The University has determined that the financial reporting entity consists of the primary government, Winthrop University, as well as its' component units, The Winthrop University Foundation (the Foundation) and Winthrop University Real Estate Foundation, Inc. (WUREF, Inc.).

The Foundation, a legally separate component unit of Winthrop University, is an independent not-for-profit tax exempt public charity incorporated under the laws of South Carolina on May 17, 1983, and organized to foster, cooperate, and assist in the growth, development, and advancement of the University. The Foundation is governed by an independent Board of Directors, and is exclusively a charitable and educational corporation within the meaning of section 501(c) (3) of the IRS Code of 1954. Although the University does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereon, that the Foundation holds and invests are restricted to the activities of the University by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the University, the Foundation is considered a component unit of the University.

The Foundation is reported in separate financial statements because of the difference in its reporting model, as further described below, and because their financial year does not coincide with the University's. Effective July 1, 2003, the Foundation changed its financial year-end from June 30 to December 31. Therefore, the accompanying statement of activities is for the year ended December 31, 2013. Complete financial statements for the Foundation can be obtained by calling 803-323-2229.

WUREF, Inc., also a legally separate component unit of Winthrop University, is a nonprofit corporation organized under the laws of the State of South Carolina in August 1999. WUREF, Inc. was formed for the benefit of the University and their stated purpose is to encourage gifts of real estate and to develop, own, manage, lease and sell real property for the University.

In fulfilling this purpose, WUREF, Inc. has formed two separate, wholly owned subsidiaries. In December 2001, WUREF Development, LLC (WUREF, LLC) was created in order to construct a new student housing opportunity for the University. The Courtyard at Winthrop (The Courtyard), a 406-bed, townhouse-style housing facility was completed and opened for occupancy in January 2003. WUREF, LLC's charge is to ensure the continued viability of The Courtyard through maximum occupancy percentages and fiscal responsibility and to build revenue for future housing development.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Reporting Entity: Continued

In November 2003, WUREF, Inc. also formed Winthrop Real Estate, LLC (WRE, LLC). WRE, LLC was created in order to develop, own, manage, lease and sell real property for the University.

All financial activities of the two separate organizations have been consolidated in the financial statements of WUREF, Inc.

The majority of resources, or income thereon, that WUREF, Inc. holds and invests are restricted to the activities of the University. Because these restricted resources held by WUREF, Inc. can only be used by, or for the benefit of, the University, WUREF, Inc. is considered a component unit of the University.

WUREF, Inc. is reported in separate financial statements because of the difference in its reporting model, as further described below, and because their financial year does not coincide with the University's. WUREF, Inc. previously maintained a June 30 accounting year-end. On October 21, 2003, the board of directors elected to revise its fiscal year end to December 31. Therefore, the accompanying statement of activities is for the year ended December 31, 2013. Complete financial statements for WUREF, Inc. can be obtained by calling 803-323-2374.

The Foundation and WUREF, Inc. report their financial results in accordance with Financial Accounting Standard Board (FASB) Statements. Most significant to their operations and reporting models are FASB Statement No. 116, *Accounting for Contributions Received and Contributions Made*, and FASB Statement No. 117, *Financial Reporting for Not-for-Profit-Organizations*. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to either the Foundation or WUREF, Inc.'s financial information in the University's financial reporting entity for these differences, however significant note disclosures (See Note 18) to the Foundation and WUREF Inc.'s financial statements have been incorporated into the University's Notes to the Financial Statements.

Basis of Presentation: Effective July 1, 2001, the financial statement presentation for the University has been prepared to meet the requirements of Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. The University also meets the requirements of GASB Statements 36, 37, and 38 that were issued to amend Statements 34 and 35. The financial statement presentation provides a comprehensive, entity-wide perspective of the University's net assets, revenues, expenses and changes in net assets and cash flows that replaces the fund-group perspective previously required.

For 2013, the University implemented Governmental Accounting Standards Board (GASB) Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. GASB Statement No. 63 identifies net position, rather than net assets, as the residual of all other elements presented in a statement of financial position. This change was incorporated in the University's 2013 financial statements; however, there was no effect on beginning net position.

Effective for the fiscal year ending June 30, 2014, the University adopted Governmental Accounting Standards Board (GASB) Statement No. 65, *Items Previously Reported as Assets and Liabilities*. GASB Statement No. 65 identifies deferred outflows of resources and deferred inflows of resources for certain items previously reported as assets and liabilities. Adoption of this statement resulted in no material impact to the University.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Basis of Accounting: For financial reporting purposes, the University is considered a special-purpose government engaged only in business-type activities. Accordingly, the University's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. Student tuition and fees are presented net of scholarships and fellowships applied to student accounts, while stipends and other payments made directly are presented as scholarship and fellowship expenses. All significant intra-institutional transactions have been eliminated.

The University has elected not to apply Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989.

Cash and Cash Equivalents: For purposes of the statement of cash flows, the University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Funds invested through the State of South Carolina State Treasurer's Office are considered cash equivalents.

Accounts Receivable: Accounts receivable consist of tuition and fee charges to students and auxiliary enterprise services provided to students. Accounts receivable also include amounts due from the Federal government, State and Local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the University's grants and contracts. Accounts receivable are recorded net of estimated uncollectible amounts. The Perkins Loan Receivable is presented entirely as noncurrent (see Note 3).

Inventories: Inventories are carried at cost determined by using the first in first out method for all inventories except Printing Services whose inventory is based on "last price paid" and the Health Center inventory of pharmaceutical drugs and miscellaneous items which is based on last in first out.

Prepayments: Prepayments arise when the University pays for goods or services in advance. Such transactions typically occur for insurance and travel. The policy is to record as a prepayment any transaction over \$1,000 for which payment had been made prior to June 30, 2014 but for which the goods or services would not be received until after July 1, 2014.

Capital Assets: Capital assets are recorded at cost at the date of acquisition or fair market value at the date of donation in the case of gifts. The University follows capitalization guidelines established by the State of South Carolina. All land is capitalized, regardless of cost. Qualifying improvements that rest in or on the land itself are recorded as depreciable land improvements. Major additions and renovations and other improvements that add to the usable space, prepare existing buildings for new uses or extend the useful life of an existing building are capitalized. The University capitalizes movable personal property with a unit value in excess of \$5,000 and a useful life in excess of two years and depreciable land improvements, buildings and improvements and intangible assets costing in excess of \$100,000. Routine repairs and maintenance and library materials, except individual items costing in excess of \$5,000, are charged to operating expenses in the year in which the expense was incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets. The University has selected a useful life of 25 to 50 years for buildings, renovations and land improvements. The useful life for machinery, equipment and vehicles varies between 2 and 25 years depending on the asset. A full year of depreciation is taken the year the asset is placed in service and no depreciation is taken in the year of disposition. Effective July 1, 2011, all new purchases of capital assets are depreciated based on the prorated number of days in service in the year acquired. In the year the asset is disposed, depreciation is calculated for the prorated number of days in service until the asset is removed from service.

Interest cost incurred during the construction phase of capital assets is reflected in the capitalized value of the asset constructed net of interest earned on the invested proceeds over the same period.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Deferred Outflow of Resources and Deferred Inflow of Resources: Concepts Statement No. 4, *Elements of Financial Statements*, introduced and defined these elements as a consumption of net assets by the government that is applicable to a future reporting period, and an acquisition of net assets by the government that is applicable to a future reporting period, respectively.

Deferred outflow of resources includes the deferred amount on a bond refunding which is being recognized as a component of interest expense in a systematic manner over the life of the debt.

Deferred inflow of resources represents resources received on voluntary nonexchange transactions relating to a future period.

Unearned Revenues: Unearned revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but relate to the subsequent accounting period. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned.

Other types of unearned revenues represent admissions prepayments and other miscellaneous deposits. Student deposits are recognized as revenue during the semester for which the fee is applicable and earned when the deposit is nonrefundable to the student under the forfeit terms of the agreement.

Compensated Absences: Employee vacation pay expense is accrued at year-end for financial statement purposes. The liability and expense incurred are recorded at year-end as compensated absences in the Statement of Net Position, and as a component of personnel costs in the Statement of Revenues, Expenses and Changes in Net Position.

Net Assets: The University's net assets are classified as follows:

Net investment in capital assets: This represents the University's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

Restricted net assets - nonexpendable: Nonexpendable restricted net assets consist of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Restricted net assets - expendable: Restricted expendable net assets include resources in which the University is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.

Unrestricted net assets: Unrestricted net assets represent resources derived from student tuition and fees, appropriations and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the University, and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty and staff.

The University's policy for applying expenses that can use both restricted and unrestricted resources is delegated to the departmental administrative level. General practice is to first apply the expense to restricted resources and then to unrestricted resources.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Classification of Revenues: The University has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating revenues: Operating revenues generally result from exchange transactions to provide goods or services related to the University's principal ongoing operations. These revenues include (1) student tuition and fees received in exchange for providing educational services, housing, health services and other related services to students; (2) fees received from organizations and individuals in exchange for miscellaneous goods and services provided by the University; and (3) grants and contracts that are essentially the same as contracts for services that finance programs the University would not otherwise undertake. Certain indentures require the University to pledge various revenues to meet debt payments. The University has disclosed those revenues pledged on the face of the Statement of Revenues, Expenses and Changes in Net Position.

Nonoperating revenues: Nonoperating revenues include activities that have the characteristics of nonexchange transactions. These revenues include gifts and contributions, appropriations, interest income and any grants and contracts that are not classified as operating revenues or restricted by the grantor to be used exclusively for capital purposes.

Scholarship Discounts and Allowances: Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the Statement of Revenues, Expenses and Changes in Net Position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other Federal, State or nongovernmental programs, are recorded as either operating or nonoperating revenues in the University's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

Sales and Services of Educational Activities: Revenues from sales and services of educational and other activities generally consist of amounts received from instructional, laboratory, research and public service activities that incidentally create goods and services which may be sold to students, faculty, staff and the general public. The University receives such revenues primarily from public service activities.

Sales and Services of Athletic Activities: Revenues from sales and services of athletic activities generally consist of amounts received from athletic event ticket sales, advertising sales and participatory fees received from opposing teams.

Sales and Services of Auxiliary Enterprises Activities: Auxiliary enterprise revenues primarily represent revenues generated by housing, cafeterias, health services, vending and bookstore. Internal services of auxiliary enterprise activities and the related expenditures of University departments have been eliminated.

Use of Estimates in Accounting: The University has used estimates in certain situations to enable it to properly prepare the financial statements. Estimates are used to determine the useful life of long-lived assets such as buildings and equipment. The University has used estimates as provided by the South Carolina Comptroller General's Office in developing the estimates of useful lives. In addition, the University has estimated the percentage of accounts receivable that may not be collected, typically known as the allowance for doubtful accounts. The University uses an aging analysis to estimate this allowance - the longer the accounts receivable has gone unpaid, the greater the possibility the amount will not be collected.

Income Taxes: Winthrop University, as a political subdivision of the State of South Carolina, is excluded from Federal income taxes under Section 115(1) of the Internal Revenue Code, as amended.

Component Units: See Note 18.

NOTE 2 - CASH AND CASH EQUIVALENTS, OTHER DEPOSITS AND INVESTMENTS, Continued

Concentrations of Credit Risk and Market Risk - Non Governmental Discretely Presented Component Units

The Winthrop University Foundation

The Foundation's concentration of potential credit and market risk lies primarily with its investments. This exposure is limited by the Foundation's investment objectives and policies that require the investment portfolio be adequately diversified among types, issuers, industries and geographic regions and utilizes multiple investment managers. The Foundation also had a concentration of cash in bank accounts that exceeded FDIC insurance limits by \$0 at December 31, 2013. These deposits were in a high credit quality institution.

Concentration of Credit Risk - Non Governmental Discretely Presented Component Units

Winthrop University Real Estate Foundation, Inc.

WUREF, Inc. maintains bank accounts at various banks. The Federal Deposit Insurance Corporation (FDIC) insures accounts at an individual institution up to \$250,000. The amounts on deposit at each bank, at times during the year, may have exceeded the federally insured limit. The amount on deposit in excess of the federally insured limit at December 31, 2013 was \$3,208,969.

Cash and Cash Equivalents - Non Governmental Discretely Presented Component Unit

The Winthrop University Foundation

The Foundation considers all interest bearing money market accounts and short-term investments with an initial maturity of three months or less at the date of purchase to be cash equivalents. The Foundation places its cash and cash equivalents on deposit with financial institutions in the United States. The Federal Deposit Insurance Corporation provides coverage for certain qualifying and participating non-interest bearing transaction accounts up to an aggregate of \$250,000 per taxpayer.

As of December 31, 2013, the Foundation had a \$2,667,854 bank balance which is collateralized with U.S. Government or U.S. Government Agency securities placed with the Federal Reserve. These securities are held in the name of the financial institution but assigned to the Foundation. During the year ended December 31, 2013, the Foundation had no deposits in excess of the insured limits and collateralized amounts.

Cash and Cash Equivalents - Non Governmental Discretely Presented Component Unit

Winthrop University Real Estate Foundation, Inc.

Cash and cash equivalents at December 31, 2013 were as follows:

Unrestricted	\$	602,598
Restricted		25,004
		<u>627,602</u>

The restricted cash must be transferred to The Winthrop University Foundation (a related party) when the related real estate gifts are sold in the future.

NOTE 3 – ACCOUNTS RECEIVABLE

Accounts receivable as of June 30, 2014, are summarized as follows:

State Appropriations	\$	1,941,560
Student Accounts		3,622,110
Less Allowance for Doubtful Accounts		(625,679)
Student Loans Receivable - Federal Perkins		2,403,805
Less Allowance for Doubtful Accounts		-

Total Accounts Receivable, Net of Allowance		11,186,748
Less: Noncurrent Perkins Loan Receivable (See Note 4)		(2,403,805)
		\$ 8,782,943

The State appropriations receivable represents monies due from the State General Fund for applicable University personnel services and employer contribution expenditures accrued at June 30 but paid in July from 2014-2015 appropriations. State law provides for such payroll costs to be paid from next year's appropriations.

Allowances for doubtful accounts for student accounts receivable are established based upon actual losses experienced in prior years and evaluations of the current account portfolio. At June 30, 2014, the allowance for uncollectible student accounts is valued at \$625,679.

The capital improvement bond funds receivable represents funds held by the State Treasurer that have been expended but not drawn.

Contributions Receivable - Non Governmental Discretely Presented Component Unit

The Winthrop University Foundation

Contributions receivable consist of pledges receivable and estimated receivables from split-interest trusts for which the Foundation is the remainder beneficiary but not the trustee. They are summarized as follows at December 31, 2013:

Less than One Year	\$	562,794
One to Five Years		934,186
Over Five Years		320,500
		1,817,480

Mortgage Note Receivable - Non Governmental Discretely Presented Component Unit

Winthrop University Real Estate Foundation, Inc.

On December 20, 2013, WUREF, Inc. entered into a mortgage note agreement of \$115,000 with a real estate company with an average interest rate of 5.00 percent. The note resulted from the sale of a gift of real estate and is being held for The Winthrop University Foundation. The note is due in quarterly installments plus interest. On December 1, 2018, there is a final balloon payment due of all outstanding principal and interest. Maturity on the mortgage note receivable is scheduled as follows for years ending December 31:

2014	\$	3,425	
2015		3,618	
2016		3,802	
2017		3,996	
2018		100,159	
		100,159	
	\$	115,000	

NOTE 4 - PERKINS LOANS RECEIVABLE AND FEDERAL LIABILITY

Student loans made through the Federal Perkins Loan Program comprise substantially all of the loans receivable as of June 30, 2014. The entire receivable balance, as well as cash on hand associated with the program, is classified as Noncurrent Restricted Assets. The Perkins Loan program provides various repayment options; students have the right to repay the loans over periods up to 10 years depending on the amount of the loan and loan cancellation privileges the student may exercise. As the University determines that loans are uncollectible, the loans are written off and assigned to the U.S. Department of Education. At June 30, 2014, the allowance for uncollectible student loans is valued at \$0 because the U.S. Department of Education has the ultimate responsibility for collecting the loan.

The funds contributed by the Federal Government are refundable in the event the University decides to no longer participate in the program. Although the University plans to consider participating in the Perkins Loan Program for the foreseeable future, the University has recorded a long-term liability in the amount of \$2,383,934, representing the Federal portion of the loan program at June 30, 2014. The U.S. Congress began discussions regarding the reauthorization of Title 20 USC Sec 1087ff dealing with the Perkins Loan Program during fiscal year 2005. Although the University has no knowledge that any changes in the current program are anticipated, the law provides for the refunding of all Federal Capital Contributions beginning March 31, 2005 and continuing through March 31, 2012 (as proceeds are received from borrowers repaying their loans) if the program is not reauthorized.

General Obligation Bonds are backed by the full faith, credit and taxing power of the State of South Carolina. Tuition revenue is pledged up to the amount of annual debt requirements for the payment of principal and interest on General Obligation Bonds. The legal debt margin for General Obligation Bonds is that the maximum amount of annual debt service shall not exceed ninety percent of tuition for the preceding fiscal year. Tuition bond fees for the preceding year 2013 were \$6,257,220, which results in a legal annual debt service at June 30, 2014 of \$5,631,498.

The Athletic Facilities Revenue Bond covenants require the University to pledge revenues from a special student fee imposed upon students as part of the cost of attending the University and a special admissions fee on all paid admissions to athletic facilities. The Auxiliary Facilities Revenue Bond covenants require the University to pledge the revenues of the bookstore for payment of principal and interest. The Higher Education Facilities Bond covenants require the University to pledge the net revenues from housing facilities for payment of principal and interest.

On January 29, 2004, Winthrop University issued \$5,500,000 in General Obligation Bonds Series 2004A1 with an average interest rate of 3.56 percent. The proceeds were used to construct an athletic track, renovate campus facilities, uplift an existing building and demolish a building for the site of a future building.

On August 25, 2005, Winthrop University issued \$17,000,000 in General Obligation Bonds Series 2005B with an average interest rate of 4.38 percent. The proceeds were used for the construction of a new health, physical education and wellness center.

On May 3, 2006, Winthrop University issued \$6,500,000 in General Obligation Bonds Series 2006A with an average interest rate of 4.40 percent. The proceeds were used to construct a three story classroom building. As of June 30, 2014, the University has unamortized premium of \$18,065 which is being amortized over the life of the bond.

On June 19, 2008, Winthrop University issued \$14,000,000 in General Obligation Bonds Series 2008B with an average interest rate of 4.22 percent. The proceeds were used for the construction of a new campus center and a new auditorium for the College of Business. As of June 30, 2014, the University has unamortized premium of \$69,049 which is being amortized over the life of the bond.

On June 5, 2009, Winthrop University issued \$4,500,000 in Tax Exempt Higher Education Facilities Revenue Bonds Series 2009A with an interest rate of 4.07 percent. The proceeds were used for the construction of a new campus center.

NOTE 8 - LONG-TERM DEBT, Continued

On June 5, 2009, Winthrop University also issued \$2,100,000 in Taxable Higher Education Facilities Revenue Bonds Series 2009B with an interest rate of 6.35 percent. The proceeds were used for the construction of a new campus center.

On June 22, 2009, Winthrop University issued \$13,850,000 in General Obligation Bonds Series 2009A with an average interest rate of 4.43 percent. The proceeds were used for the construction of a new campus center. As of June 30, 2014, the University has unamortized premium of \$112,302 which is being amortized over the life of the bond.

On March 9, 2011, Winthrop University issued \$5,200,000 in Higher Education Revenue Bonds Series 2011 with an interest rate of 5.20 percent. The proceeds are being used to renovate a residence hall and to address deferred maintenance in various other residence hall facilities.

On May 1, 2012, the University issued at par \$13,140,000 with a premium of \$2,800,071 in General Obligation Bonds for the purpose of refunding \$14,720,000 of outstanding General Obligation Bonds (Series 2001A2, 2001B5, 2003C, 2004A1 and 2005B). The 2012D bonds bear an average coupon rate of 4.987637 percent with the final payment due April 1, 2022. The refunded bonds carried an average coupon rate of 4.189946 percent with the final payment due April 1, 2022.

The net proceeds of \$15,838,426 (after payment of \$101,645 in underwriting fees and other issuance costs) were used to repay \$5,010,000 of principal and \$19,308 of interest for Series 2001A2, 2001B5 and 2003C bonds. In order to accomplish the current refunding, the University had to pay a 1 percent call premium (\$50,100) to holders of these outstanding bonds, which was paid from the bond proceeds. There was also \$12,008 of additional proceeds remaining from the issuance that was transferred to offset any additional issuance costs.

The remaining proceeds of \$10,747,010 were deposited in an irrevocable trust with an escrow agent to provide future debt service payments of \$3,040,000 and \$6,670,000, respectively, on Series 2004A1 with a call date of December 1, 2013 and on Series 2005B with a call date of October 1, 2015. Unamortized bond premiums on series 2004A1 and 2005B were \$51,126 at the date of advance refunding. As a result, Series 2004A1 and Series 2005B bonds are considered to be defeased and the liability for those bonds has been removed from the Statement of Net Position.

Both refundings resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$1,035,984. This difference, reported in the accompanying financial statements as a deferred outflow of resources, is being recognized as a component of interest expense annually through the year 2022. The University completed the refundings to reduce its total debt service payments over the next 10 years by \$1,580,000 and to obtain an economic gain (difference between the present values of the old and new debt service payments) of \$1,203,239. As of June 30, 2014, the University has unamortized premium of \$1,662,057 which is being amortized over the life of the bond.

On May 1, 2012, Winthrop University issued \$2,245,000 in General Obligation Bonds Series 2012E with an average coupon rate of 4.203240 percent. The proceeds are being used for renovations, repurposing, and other deferred maintenance projects on campus. As of June 30, 2014, the University has unamortized premium of \$248,343 which is being amortized over the life of the bond.

On December 10, 2013, Winthrop University issued \$3,045,000 in General Obligation Bonds Series 2013A with an average coupon rate of 4.152352 percent. The proceeds are being used for renovations, repurposing, and other maintenance projects on campus. As of June 30, 2014, the University has unamortized premium of \$320,795 which is being amortized over the life of the bond.

Bonds Payable - Non Governmental Discretely Presented Component Unit

Winthrop University Real Estate Foundation, Inc.

Bonds payable consists of the following at December 31, 2013:

South Carolina Jobs - Economic Development Authority variable rate demand Economic Development Revenue Bonds. Issued December 1, 2011 with an effective variable interest rate currently at 3.69% net of the effects of a fixed interest swap agreement. Interest is payable monthly, and principal is payable in varying annual installments, maturing July 1, 2033.

Direct Purchase of Series 2011	<u>\$ 16,430,000</u>
--------------------------------	----------------------

On November 18, 2011, as part of the Series 2011 bond issuance, WUREF, LLC issued and filed the intent to redeem the outstanding balance of the Series 2002A bond issuance of \$16,535,000. The proceeds from the Series 2011 bond issuance were put into trust on December 1, 2011, and the related bond liability was called and redeemed on December 1, 2011. In accordance with the bond documents, the related trust assets and bond liability were removed from the financial statements of WUREF, LLC effective December 31, 2011.

WUREF, LLC had entered into a fixed interest rate swap agreement in conjunction with the \$16,400,000 Series 2002A issuance to manage exposure from the variable interest rate. The Swap remains in effect, is used to offset the interest from the Series 2011 bond issuance and is tied to the amount and amortization of the issuance, maturing on July 1, 2022. Realized losses on monthly settlement transactions totaled \$512,728 for the year ended December 31, 2013. Under the swap agreement, WUREF, LLC has limited its risk by effectively fixing the interest rate on the bonds at 3.69%.

Maturities on the bonds payable are scheduled as follows for years ending December 31:

2014	\$	470,000
2015		495,000
2016		525,000
2017		550,000
2018		580,000
Thereafter		<u>13,810,000</u>
		<u>\$ 16,430,000</u>

Certain bond issuance costs, including underwriter's fees and attorney fees in the amount of \$160,973 for the Series 2011 issuance, have been classified as other assets and are being amortized over the life of the Series 2011 issuance to its final scheduled maturity date. Amortization expense for the bond closing cost was \$6,999 for the period ended December 31, 2013.

A special student fee and a special admissions fee on all paid admissions to the athletic facilities are restricted to the payment of principal and interest on the athletic facilities note and are recorded in student tuition and fees revenues and other additions in the retirement of indebtedness plant funds subgroup. The bank notes will be repaid from available unrestricted sources and debt service payments will be reported as unrestricted current fund expenditures.

During fiscal year 2009, Winthrop University signed a letter of understanding whereby the University's food service vendor will make a financial commitment to the University in an amount up to \$3,050,000 for food service facility up fitting and the purchase and installation of food service equipment in the new campus center. As of June 30, 2012, the food service vendor expended the entire amount of this commitment. The University will repay the vendor in annual installments on a straight-line basis over a period of ten years.

In October 2009, the University received an award from the State Energy Program, American Recovery and Reinvestment Act (ARRA), in the amount of \$416,476 for energy efficiency and renewable energy improvements. The proceeds were used to replace approximately 418 feet of underground steam piping and condensate return lines that supply the University's North Campus. As of June 30, 2011, the University had drawn \$413,680 of the total award. According to the terms of the award, \$103,420, or 25 percent of the amount drawn, was issued as a loan at 0 percent interest to be paid back from the energy savings recognized from the grant award. The University shall repay the loan in annual installments over a period of five years beginning two years from the date of the award.

The notes are payable in semiannual and annual installments, respectively, plus interest. Amounts including interest required to complete payment of the note obligations as of June 30, 2014, are as follows:

As of June 30, 2014, the University had no capital leases.

Operating Leases

The University has various operating leases with external parties which include copier equipment and vehicles. These leases are non-cancelable operating leases which provide for renewal options for periods from one to three years at their fair rental value at the time of renewal. In the normal course of business, operating leases are generally renewed or replaced by other leases and are generally payable on a monthly basis. Total contingent rental payments for copier equipment on a cost per copy basis were \$230,349 for fiscal year 2014. For the year ending June 30, the University's lease expense for the vehicles and building were \$38,853 and \$25,500, respectively.

NOTE 10 - PENSION PLANS

The majority of employees of the University are covered by a retirement plan through the South Carolina Retirement System (SCRS), a cost-sharing multiple-employer defined benefit pension plan administered by the Retirement Benefits Division of the South Carolina Public Employee Benefit Authority (PEBA). Generally, all full-time or part-time equivalent State employees in a permanent position are required to participate in and contribute to the SCRS as a condition of employment unless exempted by law as provided in Section 9-1-480 of the South Carolina Code of Laws, as amended, or are eligible and elect to participate in the State Optional Retirement Program (ORP). The SCRS plan provides life-time monthly retirement annuity benefits to eligible members as well as disability, survivor options, annual benefit adjustments, and incidental death benefits to eligible employees and retired members.

The Retirement Division maintains five independent defined benefit plans and issues its own publicly available Comprehensive Annual Financial Report (CAFR) which includes financial statements and required supplementary information. A copy of the separately issued CAFR may be obtained by writing to the South Carolina Public Employee Benefit Authority, P.O. Box 11960, Columbia, South Carolina 29211-1960. Furthermore, the Division and the five pension plans are included in the State of South Carolina's CAFR.

Under the SCRS, Class II members are eligible for a full service retirement annuity upon reaching age 65 or completion of 28 years of credited service regardless of age. Employees who first became members of the System after June 30, 2012 are considered Class III members and are eligible for a full service retirement annuity upon reaching age 65 or upon meeting the rule of 90 requirement (i.e., the members age plus the years of service add up to a total of at least 90). The benefit formula for full service retirement annuity effective since July 1, 1989 for the SCRS is 1.82 percent of an employee's average final compensation (AFC) multiplied by the number of years of credited service. For Class II members, AFC is the average annual earnable compensation during 12 consecutive quarters and includes an amount for up to 45 days termination pay at retirement for unused annual leave. For Class III members, AFC is the average annual earnable compensation during 20 consecutive quarters and termination pay for unused annual leave at retirement is not included. Early retirement options with reduced benefits are available as early as age 55 for Class II members and age 60 for Class III members. Class II members are vested for a deferred annuity after five years of earned service. Class III members are vested for a deferred annuity after eight years of earned service. Members qualify for a survivor's benefit upon completion of 15 years of credited service (five years effective January 1, 2002).

Disability annuity benefits are available to Class II members if they have permanent incapacity to perform regular duties of the member's job and they have at least 5 years of earned service (this requirement does not apply if the disability is a result of a job related injury). Class III members can apply for disability annuity benefits provided they have a permanent incapacity to perform the regular duties of the member's job and they have a minimum of eight years of credited service. For disability applications received after December 31, 2013, a member of SCRS will have to be approved for disability benefits from the Social Security Administration in order to be eligible for SCRS disability retirement benefits.

An incidental death benefit equal to an employee's annual rate of compensation is payable upon the death of an active employee with a minimum of one year of credited service or to a working retired contributing member. There is no service requirement for death resulting from actual performance of duties for an active member. For eligible retired members, a lump-sum payment is made to the retiree's beneficiary of up to \$6,000 based on years of service at retirement. TERI participants and retired contributing members are eligible for the increased death benefit equal to their annual salary in lieu of the standard retired member benefit.

NOTE 10 - PENSION PLANS, Continued

Effective January 1, 2001, Section 9-1-2210 of the South Carolina Code of Laws allows employees eligible for service retirement to participate in the Teacher and Employee Retention Incentive (TERI) Program. TERI participants may retire and begin accumulating retirement benefits on a deferred basis without terminating employment for up to five years. Upon termination of employment or at the end of the TERI period, whichever is earlier, participants will begin receiving monthly service retirement benefits which will include any benefit adjustments granted during the TERI period. Because participants are considered retired during the TERI period, they do not earn service credit and are ineligible for disability retirement benefits. The TERI program will end effective June 30, 2018 and a member's participation may not continue after this date.

Effective July 1, 2013, employees participating in the SCRS were required to contribute 7.50% of all earnable compensation. The employer contribution rate for SCRS was 15.52%. Included in the total SCRS employer contribution rate is a base retirement contribution of 10.45%, .15% for the incidental death benefit program and a 4.92% surcharge that will fund retiree health and dental insurance coverage. The University's actual retirement and incidental death benefit program contributions to the SCRS for the years ended June 30, 2014, 2013, and 2012 were:

<u>Fiscal Year Ended</u>	<u>Retirement</u>		<u>Incidental Death</u>	
	<u>Rate</u>	<u>Contribution</u>	<u>Rate</u>	<u>Contribution</u>
2014	10.450%	\$ 2,499,632	0.15%	\$ 35,880
2013	10.450%	\$ 2,400,454	0.15%	\$ 34,456
2012	9.385%	\$ 2,251,859	0.15%	\$ 35,991

The South Carolina Police Officers Retirement System (PORS) is a cost-sharing multiple employer defined benefit public employee retirement plan. Generally, all full-time employees whose principal duties are the preservation of public order or the protection or prevention and control of property destruction by fire are required to participate in and contribute to PORS as a condition of employment. This plan provides for lifetime monthly annuity benefits as well as disability, survivor benefits and incidental death benefits to eligible employees and retirees. In addition, participating employers in the PORS may elect to contribute to the accidental death program which provides annuity benefits to beneficiaries of police officers and firemen killed in the actual performance of their duties. These benefits are independent of any other retirement benefits available to the beneficiary.

Under the PORS, Class II members are eligible for a full service retirement annuity upon reaching age 55 or completion of 25 years of credited service regardless of age. Class III members are eligible for a full service retirement annuity upon reaching age 55 or 27 years of credited service. The benefit formula for full benefits for the PORS is 2.14 percent of an employee's average final compensation (AFC) multiplied by the number of years of credited service. For Class II members, AFC is the average annual compensation during 12 consecutive quarters and includes an amount for up to 45 days termination pay for unused annual leave. For Class III members, AFC is the average annual earnable compensation during 20 consecutive quarters and termination pay for unused annual leave at retirement is not included. PORS does not have an early retirement option. Class II members are vested for a deferred annuity after five years of earned service. Class III members are vested for a deferred annuity after eight years of earned service. Members qualify for a survivor's benefit upon completion of 15 years of credited service (five years effective January 1, 2002).

NOTE 10 - PENSION PLANS, Continued

Effective July 1, 2013, employees participating in the PORS were required to contribute 7.84% of all earnable compensation. The employer contribution rate for PORS was 17.76%. Included in the total PORS employer contribution rate is a base retirement contribution of 12.44%, .20% for the incidental death benefit program, .20% for the accidental death program, and a 4.92% surcharge that will fund retiree health and dental insurance coverage. The University's actual retirement, incidental death benefit program and accidental death program contributions to the PORS for the years ended June 30, 2014, 2013, and 2012 were:

Fiscal Year Ended	Retirement		Incidental Death		Accidental Death	
	Rate	Contribution	Rate	Contribution	Rate	Contribution
2014	12.440%	\$ 82,043	0.20%	\$ 1,319	0.20%	\$ 1,319
2013	11.900%	\$ 74,331	0.20%	\$ 1,249	0.20%	\$ 1,249
2012	11.363%	\$ 76,994	0.20%	\$ 1,355	0.20%	\$ 1,355

As an alternative to membership in the SCRS, newly hired State and school district employees may elect to participate in the State Optional Retirement Program (ORP), a defined contribution retirement plan. The ORP was established in 1987 under Title 9, Chapter 20, of the South Carolina Code of Laws. State ORP participants direct the investment of their funds into a plan administered by one of four investment providers. The State assumes no liability for the State ORP plan other than for the employer's payment of contributions to designated companies. To elect participation in the ORP, eligible employees must elect membership within their first 30 days of employment. Under State law, contributions to the ORP are required at the same rates as for the SCRS, 10.60% plus the retiree surcharge of 4.92% from the employer in fiscal year 2014. Of the 10.60% employer contribution rate, the employer remits 5.00% directly to the participant's ORP account and the remaining 5.45% retirement contribution and .15% incidental death benefit program contribution amounts are remitted to SCRS.

For fiscal year 2014, total contributions requirements to the ORP were approximately \$2,187,766 (excluding the surcharge) from the University as employer and approximately \$1,570,170 from its employees as plan members.

The amounts paid by the University for pension, incidental death benefit program, and accidental death program contributions are reported as employer contribution expenditures within the applicable functional expenditure categories to which the related salaries are charged.

Article X, Section 16, of the South Carolina Constitution requires that all State-operated retirement systems be funded on a sound actuarial basis. Title 9 of the South Carolina Code of Laws of 1976, as amended, prescribes requirements relating to membership, benefit, and employee/employer contributions for each retirement system. Employee and employer contribution rates to SCRS and PORS are actuarially determined.

While the surcharge to fund retiree health and dental insurance benefits is collected by the Retirement Benefits Division of PEBA, it is remitted to the Insurance Benefits Division of PEBA, which is responsible for administration of retiree health and dental insurance benefits and establishment of the applicable retiree insurance surcharge rate.

For the current fiscal year, the SCRS and PORS do not make separate measurements of assets and pension benefit obligations for individual employers within the cost-sharing plan. Under Title 9 of the South Carolina Code of Laws, the University's liability under the plans is limited to the amount of required employer contributions (stated as a percentage of covered payroll) as established by the South Carolina Public Employee Benefit Authority and as appropriated in the South Carolina Appropriation Act and from other applicable revenue sources. Accordingly, the University recognizes no contingent liability for unfunded costs associated with participation in the plans.

NOTE 10 - PENSION PLANS, Continued

For the fiscal year ending June 30, 2015, as a result of the implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, the University will be required to recognize a portion of the unfunded net pension liability of the cost sharing plan. Recognition of this liability will have a material impact on the University's overall net position.

NOTE 11 – POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description

In accordance with the South Carolina Code of Laws and the annual Appropriations Act, the State provides post-employment health and dental and long-term disability benefits to retired State and school district employees and their covered dependents. The University contributes to the South Carolina Retiree Health Insurance Trust Fund (SCRHITF) and the South Carolina Long-Term Disability Insurance Trust Fund (SCLTDITF), cost-sharing multiple employer defined benefit postemployment healthcare and long-term disability plans administered by the Insurance Benefits Division (IB) of the South Carolina Public Employee Benefit Authority (PEBA).

Generally, retirees are eligible for the health and dental benefits if they have established at least ten years of retirement service credit. For new hires beginning employment May 2, 2008 and after, retirees are eligible for benefits if they have established 25 years of service for 100% employer funding and 15 through 24 years of service for 50% employer funding.

Benefits become effective when the former employee retires under a State retirement system. Basic Long-Term Disability (BLTD) benefits are provided to active state, public school district, and participating local government employees approved for disability.

Funding Policies

Section 1-11-710 of the South Carolina Code of Laws of 1976, as amended, requires these postemployment and long-term disability benefits be funded through annual appropriations by the General Assembly for active employees to the IB and participating retirees to the PEBA, except for the portion funded through the pension surcharge and provided from the other applicable sources of the IB, for its active employees who are not funded by State General Fund appropriations. Employers participating in the RMP are mandated by State statute to contribute at a rate assessed each year by the Office of the State Budget, 4.92% of annual covered payroll for 2014 and 4.55% of annual covered payroll for 2013. The IB sets the employer contribution rate based on a pay-as-you-go basis. The University paid approximately \$2,505,922 and \$2,186,764 applicable to the surcharge included with the employer contribution for retirement benefits for the fiscal years ended June 30, 2014 and 2013, respectively. BLTD benefits are funded through a person's premium charged to State agencies, public school districts, and other participating local governments. The monthly premium per active employee paid to IB was \$3.22 for the fiscal years ended June 30, 2014 and 2013. The University recorded employer contributions expenses applicable to these insurance benefits for active employees in the amount of approximately \$4,783,201 and \$4,338,398 for the years ended June 30, 2014 and 2013, respectively.

NOTE 11 – POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS, Continued

Effective May 1, 2008 the State established two trust funds through Act 195 for the purpose of funding and accounting for the employer costs of retiree health and dental insurance benefits and long-term disability insurance benefits. The SCRHITF is primarily funded through the payroll surcharge. Other sources of funding include additional State appropriated dollars, accumulated IB reserves, and income generated from investments. The SCLTDITF is primarily funded through investment income and employer contributions.

A copy of the separately issued financial statements for the benefit plans and the trust funds may be obtained by writing to the South Carolina Public Employee Benefit Authority – Insurance Benefits Division, P.O. Box 11960, Columbia, South Carolina 29211-1960.

NOTE 12 - CONTINGENCIES, LITIGATION, AND PROJECT COMMITMENTS

The University is party to various lawsuits arising out of the normal conduct of its operations. In the opinion of University management, there are no material claims or lawsuits against the University that are not covered by insurance or whose settlement would materially affect the University's financial position.

The University participates in certain Federal grant programs. These programs are subject to financial and compliance audits by the grantor or its representative. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Management believes disallowances, if any, will not be material.

The University had outstanding commitments under construction contracts of \$212,236 at June 30, 2014 of which \$64,458 was attributable to capital projects and the remaining \$147,778 was attributable to repairs and maintenance. The University anticipates funding these projects out of current resources, current and future bond issues, private gifts, student fees and state capital improvement bond proceeds. The State has issued capital improvement bonds to fund improvements and expansion of State facilities. The University is not obligated to repay these funds to the State. Authorized funds can be requested as needed once State authorities have given approval to begin specific projects and project expenditures have been incurred. The University has \$0 of authorized state capital improvement bond proceeds available to draw at June 30, 2014.

During fiscal year 2006, the State has also issued research infrastructure bonds to fund deferred maintenance projects of State facilities. As above, the University is not obligated to repay these funds to the State. Authorized funds can be requested as needed once State authorities have given approval to begin specific projects and project expenditures have been incurred. The University has \$0 of authorized research infrastructure bond proceeds available to draw at June 30, 2014.

Contingencies / Commitments - Non Governmental Discretely Presented Component Unit

The Winthrop University Foundation

Due to the nature of the Foundation's normal activities, it is routinely subject to a variety of claims and demands by various individuals and entities. Loss contingencies are situations involving uncertainties as to possible loss. The uncertainties are resolved when certain events occur or fail to occur. Loss contingencies may result for litigation, claims, audit disallowances, threatened property loss, or uncollectible receivables. Such situations are loss contingencies if the related liability has not been recorded, yet a loss is reasonably possible. Guarantees of others' debts are loss contingencies, however, even if the probability of loss is remote. The Foundation maintains insurance against certain loss contingencies with liability policies and physical damage coverage. At the date of this report, management is not aware of any contingencies that will result in any material loss to the Foundation.

In connection with the Bonds issued and outstanding (See Note 8), WUREF, LLC had entered into a fixed interest rate swap agreement in conjunction with the \$16,400,000 Series 2002A issuance to manage exposure from the variable interest rate.

NOTE 13 - RELATED PARTIES

The Alumni Association of Winthrop University is a separately chartered legal entity whose activities are primarily to provide financial assistance and other support to the University and its educational program. The Alumni Association is an eleemosynary corporation. The Association exists to promote the growth, progress and general welfare of Winthrop University and to foster among its former students a sentiment of regard for one another and a continuing attachment to their Alma Mater. Financial statements for this entity are audited by independent auditors and retained by them.

NOTE 14 - DONOR RESTRICTED ENDOWMENTS

At June 30, 2014, the University held \$498,279 in permanent endowed and \$238,733 in quasi endowed funds. Net unrealized gain at June 30, 2014 was \$449,375. This amount is included in the restricted expendable scholarships and fellowships amount in the Statement of Net Position. If a donor has not provided specific instructions, State law permits the Board of Trustees to authorize for expenditure the net appreciation (realized and unrealized) of the endowment funds.

The income earned on endowments is spent for the purposes for which the endowments were established. At June 30, 2014, the income available to be spent is \$300,122 of which \$175,923 is restricted to specific purposes.

NOTE 15 - RISK MANAGEMENT

The University is exposed to various risks of loss and maintains State or commercial insurance coverage for each of those risks. Management believes such coverage is sufficient to preclude any significant uninsured losses for the covered risks. Settlement claims have not exceeded this coverage in any of the past three years.

The State of South Carolina believes it is more economical to manage certain risks internally and set aside assets for claim settlement. Several State funds accumulate assets and the State itself assumes substantially all the risk for the following claims of covered employees:

- Unemployment compensation benefits
- Worker's compensation benefits for job-related illnesses or injuries
- Health and dental insurance benefits
- Long-term disability and group-life insurance benefits

Employees elect health insurance coverage through either a health maintenance organization or through the State's self-insured plan.

WINTHROP UNIVERSITY
Notes to the Financial Statements, Continued
June 30, 2014

NOTE 15 - RISK MANAGEMENT, Continued

The University and other entities pay premiums to the State's Insurance Reserve Fund (IRF), which issues policies, accumulates assets to cover the risk of loss, and pays claims incurred for covered losses relating to the following activities:

- Theft, damage to, or destruction of assets
- Real property, its contents, and other equipment
- Motor vehicles and watercraft
- Torts
- Natural disasters
- Medical malpractice claims against the Infirmary

The IRF is a self-insurer and purchases reinsurance to obtain certain services and to limit losses in certain areas. The IRF's rates are determined actuarially.

The University obtains coverage through a commercial insurer for employee fidelity bond insurance for all employees for losses arising from theft or misappropriation.

NOTE 16 - OPERATING EXPENSES BY FUNCTION

Operating expenses by functional classification for the year ended June 30, 2014 are summarized as follows:

NOTE 18 - COMPONENT UNITS

The Foundation and WUREF, Inc. maintain their accounts in accordance with the principals and practices of fund accounting. Fund accounting is the procedure by which resources for various purposes are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Unrestricted net assets – Net assets not subject to donor-imposed stipulations.

Temporarily restricted net assets – Net assets subject to donor-imposed stipulations that may or will be met by the actions of the Foundation or WUREF, Inc. and/or by the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as “net assets released from restrictions”.

Permanently restricted net assets – Net assets subject to donor-imposed stipulations that may be maintained permanently by the Foundation or WUREF, Inc. Generally, the donors of these assets permit the Foundation or WUREF, Inc. to use all or part of the income earned on any related investments for general or specific purposes.

Split-interest trusts – Split-interest trusts consist of contributions to a trust controlled by a trustee (often the Foundation) which requires the trustee to invest the gift and make periodic payments to designated beneficiaries during their lives. Upon the death of the beneficiaries, the remaining trust balance goes to the Foundation subject to any use restrictions in the trust agreement with the donor.

Agency fund – The other classification used in the accompanying statement of financial position for the Foundation is agency fund which is a fund held by the Foundation as custodian. The receipts, earnings and expenditures related to the agency fund are not included in the Foundation’s statement of activities.

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designed for future periods or restricted by donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes.

Contributions are recorded as revenue when unconditional promises (pledges) to give are received. Pledges to give that are due in the next year are recorded at their net realizable value. Pledges to give that are due in subsequent years are recorded at the present value of their net realizable value, using risk-free interest rates applicable to the years in which the promises are received to discount the amounts. Amortization of discounts is reported as additional contribution revenue according to donor-imposed restrictions if any.

The Winthrop University Foundation

The Foundation is a separately chartered corporation organized exclusively to receive and manage private funds for the exclusive benefit and support of the University. The Foundation’s activities are governed by its Board of Directors.

The University recorded Non Governmental gifts receipts of \$1,255,865 from the Foundation in nonoperating revenues for the fiscal year ending June 30, 2014. These funds were used to support University programs such as scholarships and fellowships. The Foundation reimburses the University for any purchases made by the University on behalf of the Foundation.

Component unit receivables as of June 30, 2014 are \$150,397 due from the Foundation.

Purpose of Restricted Net Assets

All temporarily restricted net assets in the amount of \$3,603,724 are available for use by Winthrop University for student scholarships, or improving education programs or physical facilities. Net assets released from restrictions during 2013 were \$1,387,151, for expenses satisfying the restricted purpose of the donors.

Permanently restricted net assets in the form of split-interest agreements are available in the amount of \$2,791,786 for use by Winthrop University to support student scholarships and physical facilities. Net assets released in 2013 for these purposes totaled \$310,988.

Restricted Net Assets Available	\$ 3,603,724
Estimated Current Value of Trusts Which Upon the Deaths of the Beneficiaries Will Provide Endowments	<u>2,791,786</u>
	<u>\$ 6,395,510</u>

The Foundation's net assets classification has not been significantly affected by new regulations under the "Uniform Prudent Management of Institutional Funds Act" (UPMIFA). The Foundation's spending and investment policies described in Note 1 are designed to maintain the historical cost of all endowment gifts as permanent net assets and to appreciate those assets at a rate above inflation over the long-term for preservation of capital value.

Winthrop University Real Estate Foundation, Inc.

In January 2004, WUREF Development, LLC, a separately wholly owned organization of WUREF, Inc., spent approximately \$19 million to construct a 406 bed resident student housing facility. Winthrop University has entered into an agreement with WUREF to provide management services for assigning students to rooms and collecting required fees. For the period July 1, 2013 thru June 30, 2014, the fee for management services amounted to \$137,809. WUREF Development, LLC reimburses the University for any purchases made by the University on behalf of the Foundation.

Component unit receivables as of June 30, 2014 are \$231,284 due from WUREF, Inc.

Independent Auditors' Report On Compliance
For Each Major Program And On Internal Control
Over Compliance Required By OMB Circular A-133

To the Honorable Nikki R. Haley,
Governor of the State of South Carolina
And to the Board of Trustees of
Winthrop University
Rock Hill, South Carolina

Report on Compliance for Each Major Federal Program

We have audited Winthrop University's compliance with the types of compliance requirements described in the *(OMB) Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Winthrop University's major federal programs for the year ended June 30, 2014. Winthrop University's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the University's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and *(OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Winthrop University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on Winthrop University's compliance.

Opinion on Each Major Federal Program

In our opinion Winthrop University complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2014.

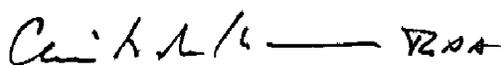

Report on Internal Control Over Compliance

Management of Winthrop University is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirement referred to above. In planning and performing our audit of compliance, we considered Winthrop University's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Winthrop University's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Independent Auditors' Report On Internal Control Over
Financial Reporting And On Compliance And Other Matters
Based On An Audit Of Financial Statements Performed
In Accordance With Government Auditing Standards

To the Honorable Nikki R. Haley,
Governor of the State of South Carolina
And to the Board of Trustees of
Winthrop University
Rock Hill, South Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit (The Winthrop University Foundation) of Winthrop University, a discretely presented component unit of the State of South Carolina, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprised Winthrop University's basic financial statements, and have issued our report thereon dated September 19, 2014. Our report includes a reference to other auditors who audited the financial statements of Winthrop University Real Estate Foundation, Inc. as described in our report on Winthrop University's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The Winthrop University Real Estate Foundation, Inc.'s financial statements were not audited in accordance with Government Auditing Standards. The Winthrop University Foundation's financial statements were not audited in accordance with Government Auditing Standards, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with Winthrop University Foundation.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Winthrop University's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Winthrop University's internal control. Accordingly, we do not express an opinion on the effectiveness of the Winthrop University's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Winthrop University's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
