September 28, 2012

The Honorable Nikki R. Haley, Governor
and
Members of the South Carolina Beef Board
Columbia, South Carolina

This report on the audit of the financial statements of the South Carolina Department of Agriculture – Beef Board for the fiscal year ended June 30, 2012, was issued by Rogers Laban, PA, Certified Public Accountants, under contract with the South Carolina Office of the State Auditor.

If you have any questions regarding this report, please let us know.

Respectfully submitted,

Richard H. Gilbert, Jr., CPA
Deputy State Auditor

INDEPENDENT AUDITOR'S REPORT

Mr. Richard H. Gilbert, Jr., CPA,
Deputy State Auditor
State of South Carolina
Columbia, South Carolina

We have audited the accompanying balance sheet of the South Carolina Department of Agriculture – Beef Board ("the Board") special revenue fund and the related statement of revenue, expenditures, and changes in fund balance as of and for the year ended June 30, 2012. These financial statements are the responsibility of the Board’s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the Financial Statements of the South Carolina Department of Agriculture – Beef Board special revenue fund are intended to present the financial position and results of operations of only that portion of the funds of the South Carolina Department of Agriculture attributable to the transactions of the Beef Board special revenue fund and do not include any other accounts or funds of the South Carolina Department of Agriculture or any other department or component unit of the State of South Carolina, and are not intended to present fairly the financial statements and results of operations of the South Carolina Department of Agriculture in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the South Carolina Department of Agriculture – Beef Board special revenue fund as of June 30, 2012, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated September 11, 2012, on our consideration of the Board’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The Full Dollar Accountability Report is presented for the purposes of additional analysis and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

September 11, 2012

Rogers Laban, PA

*See accompanying Notes to Financial Statements.*
Note 1. Summary of Significant Accounting Policies

The South Carolina Cattle and Beef Board was established January 3, 1985, as a commodity board under Section 46-17-190 of the South Carolina Code of Laws of 1962. The Board approved a name change to the South Carolina Beef Board on December 3, 1996 (also referred to as the “South Carolina Department of Agriculture Beef Board” and the “Beef Board” and the “Board”). The commodity board is included as a part of the South Carolina Department of Agriculture. The Department of Agriculture is considered part of the State of South Carolina's primary government and is included in the State of South Carolina's Comprehensive Annual Financial Report as such. This is based on guidance provided by GASB Statement 14, *The Financial Reporting Entity*. The Board was established for education, promotion and research to strengthen the cattle and beef industry's position in the marketplace.

The South Carolina Beef Board, whose members are elected by the local producers, is the governing body of the South Carolina Beef Board.

The South Carolina Department of Agriculture administers the South Carolina Beef Board. The Board operates as a special revenue fund of the Department of Agriculture. The accompanying financial statements present the financial position and results of operations solely of the South Carolina Beef Board, special revenue fund, and do not include any other funds of the State of South Carolina.

Basis of Presentation and Accounting

The financial statements were prepared using the fund accounting principles per the Government Accounting Standards Board *Codification of Governmental Accounting and Financial Reporting Standards*. The accounts of the Beef Board are a special revenue fund of the Department of Agriculture. Government resources are allocated to and accounted for in this individual fund based upon the purposes for which they are to be spent and the means by which spending activities are controlled. All accounts of the Beef Board are reported in the special revenue funds of the South Carolina Department of Agriculture financial statements. Basis of accounting refers to when revenue and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting also relates to the timing of the measurements made, regardless of the measurement focus applied.

The Beef Board is a special revenue fund. Special revenue funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trust, or major capital projects) that are legally restricted to expenditures for specific purposes.

All special revenue funds of governmental units are accounted for using the modified accrual basis of accounting. Their revenue is recognized when they become measurable and available as net current assets.

Expenditures are recognized under the modified accrual basis of accounting generally when the related fund liability is incurred. Expenditure recognition is limited to exclude amounts represented by noncurrent liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as expenditures in special revenue funds.
Budgetary Controls

The following is a description of the budgetary process of the Beef Board:

Several months prior to the start of the fiscal year, a budget proposal for revenue and expenditures is developed by the executive director (the only employee) of the Beef Board. The proposal is developed through evaluation of historical financial data and on knowledge of future events. The proposal is presented to the Board for both discussion and review.

Capital Assets

Capital assets are recorded at cost if purchased. Capital assets contributed by other State agencies or funds are recorded at the original acquisition cost less accumulated depreciation from the purchase date. Assets donated by other parties are valued at fair market value at the date of gift. The capitalization dollar threshold limit for capital assets is $5,000, and software is $100,000. The Board had no capital asset purchases during the year, nor did it own any capital assets at June 30, 2012.

Compensated Absences

Generally all permanent full-time State employees and certain part-time employees scheduled to work at least one-half of the agency’s workweek are entitled to accrue and carry forward at calendar year-end a maximum of 180 days sick leave and 45 days annual vacation leave. Upon termination of State employment, employees are entitled to be paid for accumulated unused annual vacation leave up to the maximum of 45 days, but are not entitled to any payment for unused sick leave. The Department calculates the compensated absences liability based on recorded balances of unused leave for which the Department expects to compensate employees through paid time off or cash payments. At June 30, 2012, the Board did not have employees that accrued compensated benefits.

Fund Balances

The GASB issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions (GASB 54) effective for reporting periods after June 15, 2010. The statement establishes fund balance classifications, provides for a hierarchy of spending constraints for spendable resources and requires disclosure of nonspendable and spendable resources.

GASB 54 provides for two major types of fund balances, which are nonspendable and spendable. Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact.

GASB 54 has provided a hierarchy of spendable fund balances, based on a hierarchy of spending constraints as follows:

Restricted – Fund balances that are constrained by external parties, constitutional provisions, or enabling legislation.
Committed – Fund balances that contain self-imposed constraints of the government from its highest level of decision making authority.

Assigned – Fund balances that contain self-imposed constraints of the government to be used for a particular purpose.

Unassigned – Fund balances that are not constrained for any particular purpose.

At June 30, 2012, all of the Board’s net assets have been classified as unassigned.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenditures and affect disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Note 2. Deposits and Investments

All deposits of the South Carolina Department of Agriculture - Beef Board are under the control of the State Treasurer who, by law, has sole authority for investing State Funds.

State law requires full collateralization of all State Treasurer bank balances. The State Treasurer must correct any deficiencies in collateral within seven days.

With respect to investments in the State's internal cash management pool, all of the State Treasurer’s investments are insured or registered or are investments for which the securities are held by the State or its agent in the State’s name. Information pertaining to the reported amounts, fair values, and credit risk of the State Treasurer's investments is disclosed in the Comprehensive Annual Financial Report of the State of South Carolina.

Note 3. Pension Plan and Other Employee Benefits

The Retirement Division of the State Budget and Control Board maintains five independent defined benefit plans and issues its own publicly available Comprehensive Annual Financial Report (CAFR) which includes financial statements and required supplementary information. A copy of the separately issued CAFR may be obtained by writing to the Retirement Division, 202 Arbor Lake Drive, Columbia, South Carolina 29223. Furthermore, the Division and the five pension plans are included in the CAFR of the State of South Carolina.

The one employee of the Board is eligible to participate in the South Carolina Retirement System and the State Health Insurance Group Plan. The South Carolina Retirement System (SCRS) is a cost-sharing multiple-employer defined benefit public employee retirement system which provides annuity benefits as well as disability and group life insurance benefits to eligible employees and retirees. Section 9-1-480 Code of Laws of South Carolina, 1976 (as amended), states that all State employees unless specifically exempted shall become members of SCRS as a condition of their employment. The responsibility for administration of the systems is assigned by law to the State Budget & Control Board. The Board has no fiduciary responsibility or further liability for the retirement plan beyond the current contributions.
Under the SCRS, employees are eligible for a full service retirement annuity upon reaching age 65 or completion of 28 years credited service regardless of age. The benefit formula for full benefits effective since July 1, 1989, for the SCRS is 1.82 percent of an employee’s average final compensation multiplied by the number of years of credited service. Early retirement options with reduced benefits are available as early as age 55. Employees are vested for a deferred annuity after five years service and qualify for a survivor’s benefit upon completion of 15 years credited service (five years effective January 1, 2001). Disability annuity benefits are payable to employees totally and permanently disabled provided they have a minimum of five years credited service (this requirement does not apply if the disability is the result of a job-related injury). A group-life insurance benefit equal to an employee’s annual rate of compensation is payable upon the death of an active employee with a minimum of one year of credited service.

Effective January 1, 2001, Section 9-1-2210 of the South Carolina Code of Laws allows employees eligible for service retirement to participate in the Teacher and Employee Retention Incentive (TERI) Program. TERI participants may retire and begin accumulating retirement benefits on a deferred basis without terminating employment for up to five years. Upon termination of employment or at the end of the TERI period, whichever is earlier, participants will begin receiving monthly service retirement benefits which will include any cost of living adjustments granted during the TERI period.

Since July 1, 2006, employees participating in the SCRS have been required to contribute 6.5% of all compensation. Effective July 1, 2011, the employer contribution rate became 13.685 percent, which included a 4.30 percent surcharge to fund retiree health and dental insurance coverage. The Board’s actual contributions to SCRS for the fiscal years ended June 30, 2012, 2011, and 2010 were $3,380, $2,984 and $2,763 and equaled the required contributions of 9.385%, 9.24%, and 9.24% (excluding the surcharge) for the fiscal years ended June 30, 2012, 2011, and 2010, respectively. Also, the Board paid employer group-life insurance contributions of $54 in the current fiscal year at the rate of .15 percent of compensation.

SCRS does not make separate measurements of assets and pension benefit obligations for individual employers. Accordingly, information regarding the excess, if any, applicable to the Board of the actuarially computed value of vested benefits over the total of the applicable pension fund and any balance sheet accruals, less any pension prepayments or deferred charges, is not available. By State law, the Board’s liability under the retirement plan is limited to the amounts contributed during the year. Accordingly, the Board recognized no contingent liability for unfunded costs associated with participation in the plan.

Article X, Section 16 of the South Carolina Constitution requires that all state operated retirement systems be funded on a sound actuarial basis. Title 9 of the South Carolina Code of Laws of 1976, as amended, prescribes requirements relating to membership, benefit and employee/employer contributions for each retirement system. Employee and employer contribution rates to SCRS are actuarially determined. The surcharges to fund retiree health and dental insurance are not part of the actuarially established rates. Annual benefits, payable monthly for life, are based on length of service and on average final compensation (an annualized average of the employee’s highest twelve consecutive quarters of compensation).

Note 4. Post-Employment and Other Employee Benefits

In accordance with the South Carolina Code of Laws and the annual Appropriations Act, the State provides post-employment health and dental and long-term disability benefits to retired State and school district employees and their covered dependents. The Board contributes to the Retiree Medical
Plan (RMP) and the Long-term Disability Plan (LTDP), cost-sharing multiple-employer defined benefit
postemployment healthcare and long-term disability plans administered by the Employee Insurance
Program (EIP), a part of the State Budget and Control Board (SBCB). Generally, retirees are eligible
for the health and dental benefits if they have established at least ten years of retirement service credit.
For new hires May 2, 2008 and after, retirees are eligible for benefits if they have established twenty-
five years of service for 100% employer funding and fifteen through twenty-four years of service for 50%
employer funding. Benefits become effective when the former employee retires under a State
retirement system.

Basic long-term disability (BLTD) benefits are provided to active state, public school district and
participating local government employees approved for disability.

Section 1-11-705 and 1-11-710 of the South Carolina Code of Laws of 1976, as amended, requires these
post-employment healthcare and long-term disability benefits be funded through annual appropriations by
the General Assembly for active employees to the EIP and participating retirees to the SBCB except the
portion funded through the pension surcharge and provided from other applicable sources of the EIP for
its active employees who are not funded by State General Fund appropriations. Employers participating
in the RMP are mandated by State statute to contribute at a rate assessed each year by the Office of the
State Budget, 4.30% and 3.90% of annual covered payroll for 2012 and 2011, respectively. The EIP sets
the employer contribution rate based on a pay-as-you-go basis. The Board paid $1,549 and $1,259
applicable to the surcharge included with the employer contribution for retirement benefits for the fiscal
years ended June 30, 2012 and 2011, respectively. BLTD benefits are funded through a per person
premium charged to State agencies, public school districts, and other participating local governments.
The monthly premium per active employee paid to EIP was $3.22 for the fiscal years ended June 30,
2012 and 2011.

Effective May 1, 2008 the State established two trust funds through Act 195 for the purpose of funding and
accounting for the employer costs of retiree health and dental insurance benefits and long-term disability
insurance benefits. The South Carolina Retiree Health Insurance Trust Fund is primarily funded through
the payroll surcharge. Other sources of funding include additional State appropriated dollars,
accumulated EIP reserves, and income generated from investments. The Long Term Disability Insurance
Trust Fund is primarily funded through investment income and employer contributions.

One may obtain complete financial statements for the benefit plans and the trust funds from Employee
Insurance Program, 1201 Main Street, Suite 360, Columbia, SC 29201.

Note 5. Deferred Compensation Plans

Several optional deferred compensation plans are available to State employees and employers of its
political subdivisions. The employee of the South Carolina Department of Agriculture - Beef Board does
not participate. The multiple-employer plans, created under Internal Revenue Code sections 457,
401(k), and 403(b) are administered by third parties and are not included in the Comprehensive Annual
Financial Report of the State of South Carolina. Compensation deferred under the plans is placed in
trust for the contributing employee. Employees may withdraw the current value of their contributions
when they terminate State employment. Employees may also withdraw the current value of their
contributions prior to termination if they meet requirements specified by the applicable plan. The State
has no liability for losses under the plans.
Note 6. Related Party Transactions

The Beef Board has certain transactions with the South Carolina Department of Agriculture and various other state agencies.

Services received at no cost from State agencies include processing certain accounting records and payroll and disbursement processing from the Comptroller General; check preparation, banking functions from the State Treasurer; and legal services from the Attorney General.

Other services received at no cost from the various divisions of the State Budget and Control Board include retirement plan administration, insurance plans administration, personnel management, procurement services, property management and record keeping; and other centralized functions.

The Department of Agriculture provides to the Board at no cost, office space, personnel review, record keeping, disbursement processing, insurance coverage and other centralized functions. The amount of 2012 expenditures applicable to these services is not readily determinable.

The Board also had financial transactions with various State agencies during the fiscal year. Certain payments were made to divisions of the State Budget and Control Board for office supplies, telephone, interagency mail, and data processing services. The amount of 2012 expenditures applicable to related party transactions is not readily available.

Effective November 1986, the South Carolina Beef Board, as Qualified State Beef Council, started remitting a portion of its assessment proceeds to the Cattlemen's Beef Promotion and Research Board. The authority for the formation of the Cattlemen's Beef Promotion and Research Board was the Beef Promotion and Research Act of 1985 (the "Act"), approved on December 23, 1985, by the United States Congress: The "Act" provides for the establishment of a coordinated program of promotion and research designed to strengthen the beef industry's position in the marketplace, as well as to maintain and expand domestic and foreign markets and uses for beef and beef products. As provided in the Act, the Secretary of the United States Department of Agriculture (the "Secretary") issued the Beef Promotion and Research Order, effective July 18, 1986, which provides the terms and conditions for the Act's administration. The Cattlemen's Beef Promotion and Research Board, which was created and approved by the Secretary to administer the Act, consisted of various members who are representatives of the cattle industry in the United States, including importers. Amounts recorded as accounts payable to Cattlemen's Beef Promotion and Research Board at June 30, 2012 is $12,648.

The program is financed exclusively by a $1 per head assessment on sales of domestic and imported cattle and beef products. The assessments are remitted to the South Carolina Department of Agriculture - Beef Board. The Cattlemen's Beef Promotion and Research Board receives approximately one-half of assessment monies and the South Carolina Beef Board retains the remainder.

Annually the Board may make a contribution that is customarily approximately 10% of the Cattlemen's Beef Promotion and Research Board annual assessment amount to the National Cattlemen's Beef Association (formerly the National Live Stock and Meat Board). For the current fiscal year the Board elected to make a contribution of $7,929.

Note 7. Risk Management

The South Carolina Department of Agriculture - Beef Board is exposed to various risks of loss and maintains State or commercial insurance coverage for known risks.
Management believes such coverage is sufficient to preclude any significant uninsured losses to the South Carolina Department of Agriculture - Beef Board. The South Carolina Department of Agriculture - Beef Board has not had any claims in the past three years. There were no significant reductions in insurance coverage from coverage in the prior year. The South Carolina Department of Agriculture pays insurance premiums to certain State agencies and commercial insurers to cover risks that may occur in normal operations. The insurers promise to pay to or on behalf of the insured for covered premium losses sustained during the policy period in accord with the insurance policy and benefit program limits. Several State funds accumulate assets and the State itself assumes substantially all risks for the following:

1. Claims of covered employees for health and dental insurance benefits (Office of Insurance Services); and
2. Claims of covered public employees for long-term disability and group-life insurance benefits (Office of Insurance Services).
3. Claims of covered public employees for workers’ compensation insurance benefits (State Accident Fund).

The South Carolina Department of Agriculture and other entities pay premiums to the State's Insurance Reserve Fund (IRF) which issues policies, accumulates assets to cover the risks of loss and pays claims incurred for covered losses related to the following Fund assets, activities, and/or events:

1. Personal property and equipment - Eighty percent of each loss is covered by the IRF. Losses are subject to a $1,000 deductible.
2. Data processing equipment - Coverage is up to $100,000 per loss with a $1,000 deductible.
3. Torts.

The IRF is a self-insurer and purchases reinsurance to obtain certain services and specialized coverage and to limit losses. The IRF’s rates are determined actuarially.

State agencies are the primary participants in the State’s Health and Disability Insurance Fund and in the IRF.

The South Carolina Department of Agriculture purchases insurance coverage for employee fidelity bond insurance coverage arising from theft or misappropriations. The policy has a $1,000 deductible with a coverage limit of $50,000.

The South Carolina Department of Agriculture - Beef Board has not recorded any estimated losses or expenditures related to the deductible or policy limits because there is no evidence of asset impairment or other information to indicate a loss should be recorded.

All payments for insurance to the IRF and for fidelity coverage are made by the Department and the Beef Board does not reimburse any of those expenses.

We have audited the balance sheet of the South Carolina Department of Agriculture – Beef Board (“the Board”) as of and for the year ended June 30, 2012, and have issued our report thereon dated September 11, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the Board is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Board’s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board’s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Board’s internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies, or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings, we identified a certain deficiency in internal control over financial reporting that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings as item 2012-1 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and which are described in the accompanying schedule of findings as item 2012-2. Specifically, compliance with the Beef Promotion and Research Act of 1985 (“the Act”) and the Beef Promotion and Research Order (“the Order”) relative to the use of funds collected by the Board and with the terms described in Section 1260.181 (b)(7) of the Order relative to prohibited uses of funds collected by the Board, is the responsibility of the Board’s management. As part
of our audit as of and for the year-ended June 30, 2012, we assessed the risk that noncompliance with the Act and
the Order as explained above, could cause the financial statements to be materially misstated.

We concluded that the risk of such material misstatement was sufficiently low and that it was necessary to perform
tests of the Board’s compliance with the Act and the Order. In connection with our audit, items 2012-1 and 2012-2
came to our attention that caused us to believe that the Board has not complied, in all material respects, with the Act
and the Order referred to above.

In connection with our audit, nothing came to our attention that caused us to believe that the Board failed to comply
with the terms, in so far as they relate to accounting matters of the Act and the Order relative to the use of funds
collected by the Board and with the terms described in Section 1260.181 (b)(7) of the Order relative to prohibited
uses of funds collected by the Board. However, it should be noted that our audit was not directed primarily towards
obtaining knowledge of such noncompliance.

The Board’s response to the findings identified in our audit is described in Appendix A. We did not audit the Board’s
response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the State Auditor, Commissioner and Management of
the South Carolina Department of Agriculture – Beef Board and is not intended to be and should not be used by
anyone other than these specified parties.

September 11, 2012
2012-1 Deficiencies Noted in Financial Records and Statements

**Condition:** Our audit disclosed deficiencies in the preparation of financial statements, reconciliation processes, and recording of transactions in the books of the Board. The deficiencies include the following:

1. The Board did not record approximately $6,000 in assessments due to the Cattlemen’s Beef Promotion and Research Board at June 30, 2012 as an accounts payable causing liabilities and expenses to be understated.
2. The assessments remitted to the Cattlemen’s Beef Promotion and Research Board and accounts payable were understated by approximately $2,000 because various assessments were not reported on the transmittal forms and the Board personnel did not detect it.

**Cause:** The Board did not perform an adequate review of the transactions recorded in the South Carolina Enterprise Information System (SCEIS) to ensure that all accounts payable for period ending June 30, 2012 were properly reflected in the financial statements. The Board did not have someone other than the preparer recalculate the reported amounts on the transmittal forms to ensure accuracy. The Board was not properly reconciling their assessments recorded in the South Carolina Enterprise Information System (SCEIS) to the assessments reported on the forms submitted to the Cattlemen’s Beef Promotion and Research Board.

**Effect:** Procedures in place by the Board did not detect errors that caused the financial records to be inaccurate.

**Criteria:** Generally accepted accounting principles require that all transactions be properly recorded and good internal control procedures require procedures to be in place to detect errors. Section 1260.312 of the Beef Promotion and Research Order requires assessments to be properly remitted to the Cattlemen’s Beef Promotion and Research Board by the 15th day of the month following the month in which assessments are received by the Board.

**Recommendation:** The Board should implement procedures to ensure that all information used to prepare the financial statements is accurate. The Board should ensure that all assessments recorded in SCEIS are properly reconciled to assessments reported by the Board on the Cattlemen’s Beef Promotion and Research Board remittance forms. The Board should ensure that all information reported in the financial statements is accurately stated in accordance with generally accepted accounting principles.

2012-2 Assessments Not Remitted Timely

**Condition:** Our testing of assessments disclosed instances where assessments received by the Board were not remitted timely to the Cattlemen’s Beef Promotion and Research Board.

**Cause:** Unknown.

**Effect:** Noncompliance with Section 1260.312 of the Beef Promotion and Research Order.

**Criteria:** Section 1260.312 of the Beef Promotion and Research Order requires assessments to be properly remitted to the Cattlemen’s Beef Promotion and Research Board by the 15th day of the month following the month in which assessments are received by the Board.
**Recommendation:** We recommend that procedures are implemented to ensure that the Board properly complies with the Beef Promotion and Research Order.
MANAGEMENT’S RESPONSE

APPENDIX A
September 27, 2012

Rogers Laban, PA
P. O. Box 124
Columbia, South Carolina 29202

Please see below our responses to the audit findings reported in the Financial Statements of the South Carolina Beef Board:

2012-1

1. The invoice to the Cattlemens Beef Promotion and Research Board in the amount of $5,840.00 for May assessments was not received in the Finance Department until July 19, 2012, six days after the last day to make payments in Fiscal Year 2012. The Beef Board, as well as the entire department, was notified by email several times (May 5 and again on July 6) prior to the close of the fiscal year of the final date to make Fiscal Year 2012 payments. The final date to make Fiscal Year 2012 payments, as set by the S. C. Comptroller General’s Office, was July 13. We will strive to ensure payments are sent to the Finance Division in a timely manner in order to make sure they are processed in the correct fiscal year.

2. We will put in place a “safeguard” to check with SCDA Financial Division before operating check-off computer program for all SC entries per that month.

2012-2

1. We will put in place a reported timely manner between 3rd to 7th day of the month to begin computer entries per CBB program.
