INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR
EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL
CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULES OF
EXPENDITURES OF FEDERAL AWARDS REQUIRED BY OMB CIRCULAR A-133

June 27, 2014

The Honorable Nikki R. Haley, Governor
and
Members of the General Assembly
Columbia, South Carolina

Report on Compliance for Each Major Federal Program

We have jointly audited the State of South Carolina's (the State) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the State's major federal programs for the year ended June 30, 2013. The State's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the State's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the State's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the State's compliance.

Opinion on Each Major Federal Program

In our opinion, the State complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 13E16-1, 13E24-1, 13H73-1 and 13H73-2, 13J02-1, 13J20-1, 13L04-1 through 13L04-3 and 13L24-1 and 13L24-2. Our opinion on each major federal program is not modified with respect to these matters.

The State's responses to the noncompliance findings identified in our audit are described in Appendix B – Agency Corrective Action Plans to Findings and Recommendations. The State's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control over Compliance

Management of the State is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the State's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the State's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 13J02-1 to be a material weakness.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questions costs as items 13E16-1, 13E24-1, 13H73-2, 13J20-1, 13L04-1 through 13L04-3, and 13L24-2 to be significant deficiencies.

The Honorable Nikki R. Haley, Governor
and
Members of the General Assembly
June 27, 2014

The State's responses to the internal control over compliance findings identified in our audit are described in Appendix B – Agency Corrective Action Plans to Findings and Recommendations. The State's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedules of Expenditures of Federal Awards Required by OMB Circular A-133

We have jointly audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of South Carolina as of and for the year ended June 30, 2013, and have issued our report thereon dated February 14, 2014 which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedules of expenditures of federal awards are presented for purposes of additional analysis as required by OMB Circular A-133 and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The State's basic financial statements included the operations of certain agencies and component units that have been excluded from the schedules of expenditures of federal awards because each of the entities engaged other auditors to perform an audit in accordance with the Single Audit Act Amendments of 1996. As described in Note 1, these agencies and component units expended \$3,010,895,419 in federal awards during the year ended June 30, 2013.

NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS

STATE OF SOUTH CAROLINA

Notes to the Schedules of Expenditures of Federal Awards
For the Year Ended June 30, 2013

NOTE 1 - BASIS OF PRESENTATION

Entity

For purposes of complying with the Single Audit Act Amendments of 1996, the State of South Carolina (the State) is defined in a manner consistent with the entity defined in the basic financial statements as of and for the year ended June 30, 2013, except that certain agencies and component units included in the basic financial statements are excluded in the accompanying schedules of expenditures of federal awards because these agencies and component units engaged other auditors to perform an audit in accordance with the Single Audit Act, as applicable. The excluded agencies and component units and their federal expenditures for the year ended June 30, 2013 are as follows:

STATE OF SOUTH CAROLINA

Notes to the Schedules of Expenditures of Federal Awards
For the Year Ended June 30, 2013

NOTE 1 - BASIS OF PRESENTATION (CONTINUED)

Entity (Continued)

Accordingly, the accompanying schedules of expenditures of federal awards present the federal financial assistance programs administered by the State, as defined on the previous page, for the year ended June 30, 2013.

Non-Cash Federal Programs

The State is the recipient of federal financial assistance programs that do not result in cash receipts or disbursements, termed "non-cash programs". The distributions under these programs are included in the accompanying schedules of expenditures of federal awards.

Loan Programs

The amounts reported in the accompanying schedules of expenditures of federal awards for the loan programs listed below represent federal capital contributions and administrative costs incurred during the year ended June 30, 2013. All programs/clusters that had either loans outstanding or total expenditures (including administrative expenses) in excess of \$20,856,497 were determined to be Type A programs and were subjected to a risk assessment process for the selection of major programs to be tested.

Clean Water State Revolving Fund (CFDA 66.458) - The Clean Water State Revolving Fund (CWSRF) was established to provide low interest loans to local governments for the purpose of constructing municipal wastewater treatment facilities, nonpoint source pollution facilities and estuary management plans.

Safe Drinking Water State Revolving Fund (CFDA 66.468) - The Safe Drinking Water State Revolving Fund (DWSRF) was established to provide communities with affordable financing in the form of long-term, low-interest loans for the construction of public drinking water facilities.

ConserFund Revolving Loan Fund - This fund was set up using Petroleum Violation Escrow (PVE) funds (CFDA 81.502) by the South Carolina Budget and Control Board - State Energy Office. The fund was established to provide loans to State agencies, school districts, local governments and nonprofit corporations for energy efficiency improvements.

Diamond Shamrock Revolving Loan Fund - This fund was set up using Petroleum Violation Escrow (PVE) funds (CFDA 81.502) by the South Carolina Budget and Control Board - State Energy Office. The fund was established to provide loans to State agencies, school districts, local governments and nonprofit corporations for energy efficiency improvements.

Pursuant to the American Recovery and Reinvestment Act of 2009 (ARRA), the State shall use at least 50% of its ARRA CWSRF and DWSRF funds for additional subsidization in the form of principal forgiveness. During fiscal year 2012-13 the State awarded ARRA principal forgiveness subsidizations totaling \$970,483 (CFDA No. 66.458) and \$79,440 (CFDA No. 66.468). The principal forgiveness subsidizations are not included in the "loans awarded" amounts presented above.

Other Federal Assistance

The "Other Federal Assistance" presented in the accompanying schedules of expenditures of federal awards consists of federal financial assistance programs that have not been assigned CFDA numbers. The detail of grants without CFDA numbers is presented in Schedule 2 by State agency.

Pass-Through Expenditures

Federal funds received by one State grantee agency and redistributed (expended) to another State grantee agency (i.e., a pass-through of funds by the primary recipient State grantee agency to a subrecipient State grantee agency), are reported in Schedule 1 as federal expenditures of the primary receiving/expending State grantee agency. This is to avoid duplication and the overstatement of the aggregate level of federal financial assistance expended by the State.

The pass-through funds are included in both the primary recipient and subrecipient State grantee agencies in Schedule 2, the Schedule of Expenditures of Federal Awards by State Agency. The pass-through funds are separately identified in Schedule 2 to provide a complete schedule of all federal funds administered by State agencies within the single audit entity during the year ended June 30, 2013.

When a State agency receives funds as a subrecipient from outside the single audit entity, these funds are included in both Schedules 1 and 2. These funds are included as a part of "Total Passed Through Entities Not Included in Reporting Entity" in Schedule 2.

STATE OF SOUTH CAROLINA

Notes to the Schedules of Expenditures of Federal Awards
For the Year Ended June 30, 2013

NOTE 2 - BASIS OF ACCOUNTING

The expenditures presented in the accompanying schedules of expenditures of federal awards were developed from the South Carolina Enterprise and Information System (SCEIS). SCEIS is the State's accounting system which serves as the primary source of information in the preparation of the State's financial statements. Generally accepted accounting principles for governments require the use of the accrual and modified accrual basis of accounting. The expenditures reported in Schedule 1 and 2 and the related note disclosures are reported on the modified accrual basis of accounting.

Federal revenues and expenditures are included primarily in the governmental funds in the State's financial statements.

NOTE 3 - MATCHING COST

Matching costs, i.e. the non-federal share of certain program costs, are included in the accompanying schedules of expenditures of federal awards when the federal and state portions of costs are combined and the state portion cannot be separately identified.

NOTE 4 - PETROLEUM OVERCHARGE RECOVERIES

In the current and prior years the State received monies relating to recoveries from petroleum companies which had overcharged customers when price controls were in effect. These monies are expended under specific federal programs in accordance with the federal laws and regulations pertaining to such programs. Accordingly, these amounts are included in the accompanying schedules of expenditures of federal awards under the specific federal program to which they relate.

NOTE 5 - RELATIONSHIP TO FEDERAL FINANCIAL REPORTS

The regulations and guidelines governing the preparation of federal financial reports vary by federal agency and among programs administered by the same agency. Accordingly, the amounts reported in the federal financial reports do not necessarily agree with the amounts reported in the accompanying schedules of expenditures of federal awards which are prepared on the basis explained in Notes 1 and 2. The federal financial reports have been reconciled to amounts included in the schedules of expenditures for all major programs.

For the Year Ended June 30, 2013

NOTE 6 - WIC REBATES

During the fiscal year ended June 30, 2013 the South Carolina Department of Health and Environmental Control received cash rebates from infant formula manufacturers in the amount of \$29,425,644 on sales of formula to participants in the WIC program (CFDA 10.557). Rebate contracts with infant formula manufacturers are authorized by 7 CFR 246.16a as a cost containment measure. Rebates represent a reduction of expenditures previously incurred for WIC food benefit costs. Applying the rebates received to such costs enabled the South Carolina Department of Health and Environmental Control to serve 426,691 people.

Condition: The Office of the State Treasurer (STO) is the state agency responsible for complying with the reporting requirements of the Cash Management Improvement Act (CMIA). Federal Regulations require states to submit the annual CMIA report to the Financial Management Service (FMS) by December 31. The STO did not submit the annual report to the FMS by December 31, 2013.

Context: The Financial Management Service (FMS), a division of the United States Department of the Treasury, requires states to monitor clearance patterns to determine State and/or Federal interest liabilities and report the results annually.

A signed original of the Annual Report must be received by December 31 of the year in which the State's fiscal year ends.

Cause: A lack of resources impacted the STO's ability to meet the annual reporting requirements of the CMIA.

Effect: The STO did not file the CMIA Annual Report timely as required by the Code of Federal Regulations.

Recommendation: We recommend the STO implement procedures to ensure the timely completion of the Annual Report.

OFFICE OF THE ADJUTANT GENERAL (E24)

13E24-1. Design Costs Accounting and Reporting

This is a significant deficiency.

Military Construction, National Guard
 CFDA No.: 12.400
 Grant Nos.: W912QG-11-2-2001, W912QG-09-2-2001

Condition: The Office coded and posted project design costs as construction costs to the general ledger. In addition, the Office reported the design costs as construction costs on the SF270 report.

Context: While testing the July, 2013 SF270 report for grant W912QG-11-2-2001, we determined that the Office had reported design costs totaling \$93,348 as construction costs. The description of work performed on the vendor invoice documented that the services were for design fees. Additionally, we noted that the Office had incorrectly coded and posted to the general ledger three of 25 cash disbursements as construction costs instead of design costs. The vendor invoice for each transaction described the services as design services. The three cash disbursements related to W912QG-09-2-2001 and totaled \$114,867. Finally, we determined that the Office reported one of three disbursements on the September 2013 SF270 report as construction costs, while the other two were reported as design costs.

Criteria: The Master Cooperative Agreement(s) dictate budgets for design costs. Additionally, an entity's controls should be designed to operate individually, or in combination, to effectively prevent, or detect and correct misstatements and to include documentation that adequately supports cost.

Cause: The Office explained that vendor invoices did not provide sufficient detail to distinguish design cost from construction cost. The Office could not provide corroborating evidence to support their classification.

OFFICE OF THE ADJUTANT GENERAL (E24) (CONTINUED)

13E24-1. Design Costs Accounting and Reporting (Continued)

Effect: Due to a lack of adequate documentation to support certain costs reported on the SF270 reports for construction, the Office exceeded the design budgets for grant W912QG-11-2-2001(\$93,348) and grant W912QG-09-2-2001 (\$47,813) and reported the budget overruns as construction costs on the SF270 reports.

Recommendation: We recommend that the Office develop and implement procedures to ensure that design and construction costs are properly coded and recorded in the general ledger and properly reported on the SF270 reports. The procedures should ensure that the person approving the accounting transaction verify the accuracy of account coding. We also recommend that the Office require that vendors provide invoices in sufficient detail to ensure that costs are properly classified in its general ledger.

13H73-1. Maintenance of Effort

This is a repeat finding.

Rehabilitation Services - Vocational Rehabilitation Grants to States
 CFDA No.: 84.126
 Grant No.: H126A110060

Condition: The South Carolina Vocational Rehabilitation Department (the Department) did not meet the grant maintenance of effort requirement for federal fiscal year (FFY) 2011.

Context: We tested the Department's compliance with the grant's requirements for the FFY 2011 federal grant which closed during the current audit period. The Department's maintenance of effort requirement for the federal fiscal year 2011 grant was \$12,739,234. The Department expended \$11,551,343 which created a maintenance of effort deficiency of \$1,187,891.

Criteria: 34 CFR Section 361.62, states, "The amount otherwise payable to a State for a fiscal year under this section shall be reduced by the amount by which expenditures from non-federal sources under the State Plan for the previous fiscal year are less than the total of such expenditures for the fiscal year two years prior to the previous fiscal year."

Cause: The Department relies on State general funds as its predominate funding source for meeting its federal maintenance of effort requirements. State budget cuts affected the Department's ability to meet the grant's maintenance of effort requirement.

Effect: Because the Department's State funding has been significantly affected by recent State budget cuts it was not able to meet the grant's maintenance of effort requirement.

Criteria: Federal regulations require that eligibility determinations be made within a reasonable period of time. 29 USC 722 (a)(6) defines a "reasonable period of time" as 60 days from the application for services, and allows for exceptions under certain circumstances. The Department's written guidelines for eligibility determination are in accordance with the details of this federal requirement.

Cause: Department personnel could not explain why the Department had not completed the eligibility determination within the prescribed time requirements. Documentation was not available to adequately support the delays.

Effect: The Department did not determine client eligibility timely for four clients tested.

Recommendation: We recommend that the Department develop and implement procedures to ensure that eligibility determinations are timely in accordance with applicable federal regulations.

Medicaid Assistance Program
 CFDA No.: 93.778
 Grant Nos.: Various

Condition: The South Carolina Department of Health and Human Services (the Department) did not remit the federal share of recoveries and collections in accordance with the State Medicaid Manual, CMS 45 Section 2500.6 B.

Context: We noted that the Department did not use the correct Federal Matching Assistance Percentage (FMAP) to calculate the Federal share of Medicaid recoveries processed through MMIS.

Criteria: The State Medicaid Manual, CMS 45 Section 2500.6 B states, in part, "...Upon receipt of such funds, determine the date or period of the expenditure for which the refund is made to establish the FMAP at which the original expenditure was matched by the Federal government. Make refunds of the federal share at the FMAP for which you were reimbursed. When recoveries cannot be related to a specific period compute the Federal share at the FMAP rate in effect at the time the refund was received."

Cause: The Department has the ability to identify the specific period and related FMAP rate in effect at the time most refunds are received, but it has elected to reimburse the Federal grantor using the current FMAP on those recoveries processed through MMIS.

Condition: The South Carolina Department of Alcohol and Other Drug Abuse Services (the Department) did not obtain Data Universal Numbering System (DUNS) numbers from its subrecipients prior to making sub-awards.

Context: The Department was not aware of the compliance requirement and had not implemented procedures to ensure that it requested and received DUNS numbers from its subrecipients prior to making subawards to its subrecipients.

Criteria: 2 CFR, Part 25, prohibits making subawards to subrecipients unless the subrecipient has provided its DUNS number.

Cause: Misinterpretation and/or miscommunication about the documentation requirements associated with subrecipient DUNS numbers led to this noncompliance.

Effect: The Department was not in compliance with 2 CFR 25.

Recommendation: We recommend that the Department develop and implement procedures to ensure compliance with 2 CFR, Part 25 with respect to the DUNS numbers. We also recommend the Department maintain adequate documentation to demonstrate compliance.

Condition: The automated data processing and information retrieval system has not been implemented.

Context: The Department did not implement the automated data processing and information retrieval system as required by Section 454 (24) B. As a result, the Department received a letter from the USDHHS Division of Administration for Children and Families (ACF) dated January 27, 1998, providing formal notice that ACF intends to "disapprove South Carolina's State IV-D Plan." The letter states that the basis for this decision is "South Carolina's failure to submit a State plan amendment by December 31, 1997, certifying that it is operating an automated child support enforcement system that meets all the requirements enacted on or before the date of enactment of the Family Support Act in accordance with Section 454 (24) (A) of the Act, as amended by the PRWORA." The Department and USDHHS have reached an agreement in which the Department pays penalties to USDHHS for their noncompliance. Because the automated information and retrieval system has not yet been implemented, certain data necessary for proper completion of the OCSE 34A financial report is not available. The Department used the best available data and estimates in completing the report but we could not attest to the accuracy of that data.

**13L04-1. Child Support Automated System and OCSE 34A Report
 (Continued)**

Criteria: Section 454 (24) (B) of the Social Security Act (the Act), as amended, by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA), requires states to have an operational automated data processing and information retrieval system for child and spouse support. The system must be in place by October 1, 1997, and meet all the requirements of paragraph (16) of the Act. The Secretary of the U.S. Department of Health and Human Services (USDHHS) must approve the system.

Cause: The Department has contracted with an outside vendor and they have continued to make significant progress in the development and implementation of a statewide system.

Effect: The Department is not in compliance with federal requirements.

Recommendation: We recommend that the Department continue its progress in implementing a data processing and retrieval system that complies with Section 454 (24) (B) of the Act.

Child and Adult Care Food Program
 CFDA No.: 10.558
 Grant No.: 5SC300329

Condition: The prior year single audit reported that the Department did not adequately monitor its subrecipients. During the current period we performed tests of the Department's subrecipient monitoring to determine if the Department had corrected the prior year deficiency. We determined that the Department had implemented some changes but had not corrected all of the prior year deficiencies.

Context: We noted for fifteen of the forty vendors selected for testing management did not obtain the certifications stating whether the subrecipients were required to have audits performed under A133 requirements.

For five of the forty subrecipients reviewed for the Child and Adult Care Food Program, we noted management did not conduct program reviews in the required timeframes.

For one of the forty subrecipients reviewed for the Child and Adult Care Food Program, we noted the internal audit division failed to notify the program area that a vendor failed to respond as to whether an audit was required or not, so follow-up procedures could not be conducted.

13L04-2. Subrecipient Monitoring (Continued)

Criteria: 31 USC § 7502 (f)(1) Each pass-through entity shall - (A) provide such subrecipient the program names (and any identifying numbers) from which such assistance is derived, and the Federal requirements which govern the use of such awards and the requirements of this chapter; (B) monitor the subrecipient's use of Federal awards through site visits, limited scope audits, or other means; (C) review the audit of a subrecipient as necessary to determine whether prompt and appropriate corrective action has been taken with respect to audit findings, as defined by the Director, pertaining to Federal awards provided to the subrecipient by the pass through entity.

OMB Circular A-133 specifies that the grantee perform certain monitoring procedures to ascertain if the pass-through entity's monitoring provided reasonable assurance that subrecipients used federal awards for authorized purposes. When deficiencies are noted, 7 CFR Part 226.6 (c) (4xi) states that except as noted in this paragraph (c)(4), the State agency is prohibited from allowing more than 90 days for corrective action from the date the pass-through agency received the notice.

Cause: Program management and DSS internal audit are responsible for monitoring subrecipients. Program management is responsible for providing the internal audit department with the names of all new vendors entering the Child and Adult Care Food Program. The vendors in question were not provided to the internal audit department.

Effect: The Department is not in compliance with Federal requirements.

Condition: The Department could not provide the required time and effort certifications for employees that work solely on a single Federal award or cost objective.

Context: For five of forty and three of forty time and effort certifications were not provided for the Social Services Block Grant and Child Support Enforcement grants, respectively.

Criteria: OMB Circular A-87, Attachment B, 8, h., (3), states, "Where employees are expected to work solely on a single Federal award or cost objective, charges for their salaries and wages will be supported by periodic certifications that the employees worked solely on that program for the period covered by the certification. These certifications will be prepared at least semi-annually and will be signed by the employee or supervisory official having firsthand knowledge of the work performed by the employee."

SOUTH CAROLINA COMMISSION FOR THE BLIND (L24) (CONTINUED)

13L24-1. Maintenance of Effort (Continued)

Context: We tested the Commission's compliance with the grant's requirements for the FFY 2011 federal grant which closed during the current audit period. The Commission's maintenance of effort requirement for the federal fiscal year 2011 was \$1,664,008. The Commission expended \$1,649,153 which created the maintenance of effort deficiency of \$14,855.

Criteria: 34 CFR Section 361.62, states, "The amount otherwise payable to a State for a fiscal year under this section shall be reduced by the amount by which expenditures from non-federal sources under the State Plan for the previous fiscal year are less than the total of such expenditures for the fiscal year two years prior to the previous fiscal year."

Cause: The Commission relies on State general funds as its predominate source for meeting federal maintenance of effort requirements. State budget cuts affected the Commission's ability to meet the grant's maintenance of effort requirement.

Effect: Because the Commission's State funding has been significantly affected by recent State budget cuts, it was not able to meet the grant maintenance of effort spending requirement.

Recommendation: We recommend the Commission continue its efforts to resolve this issue through waiver or other methods. We also recommend that in the future the Commission identify other revenue streams to offset losses in State funding.

Grant Nos.: H126A110061 and H126A120061

Condition: The Commission did not complete the federal
 fiscal year 2012 RSA-2 report accurately.

Context: Based on the procedures performed we found
 the following:

- Schedule II. Number of Individuals Served and
 Expenditures by Service Category.
 - 14. Total Section 110 Funds Expended on Services
 - Amount reported as expended was understated
 approximately \$1.1 million.

Criteria: Policy Directive RSA-PD-09-04 states, "The
 RSA-2 report must reflect all expenditures made during
 the Federal fiscal year from Federal, State and other
 rehabilitation funds." In addition, to be effective,
 an entity's system of internal controls should include

93.558, 93.767, and 93.778

Condition: The Office of the State Treasurer (STO) is the state agency responsible for complying with the reporting requirements of the Cash Management Improvement Act (CMIA). Federal regulations require states to submit the annual CMIA report to the Financial Management Service (FMS) by December 31. The STO did not submit the annual report to the FMS by December 31, 2012.

Recommendation: We recommend the STO implement procedures to ensure the timely completion of the Annual Report.

CFDA Nos.: 84.027, 84.173, 84.048, 10.555

Condition: For 8 out of 8 (Special Education Cluster), 17 out of 17 (Career and Technical Education), and 23 out of 23 (Child Nutrition Cluster) subrecipients selected for testing did not have written procedures establishing:

- A monitoring process for the financial, programmatic and reporting responsibilities of subrecipients.
- Communication to ensure that all subrecipients were aware of program requirements, allowable costs and activities, federal registering requirements (if any).
- Follow-up guidelines and/or sanctions for non-compliant subrecipients.

Recommendation: We recommend that the Department develop and implement written procedures establishing follow up guidelines. These guidelines should include penalties for noncompliance. The department should communicate the policy to subrecipients once they have been adopted.

Current Status: Resolved. Special Education, Title I, and Child Nutrition Cluster were selected as major programs for Fiscal Year 2013. Compliance with the subrecipient monitoring requirement was tested and no exceptions were noted.

CFDA No.: 84.126

Condition: The South Carolina Vocational Rehabilitation Department (the Department) did not meet the maintenance of effort requirement. The Department's maintenance of effort requirement was \$14,113,497. The amount the Department contributed was \$13,093,728. The cause of the shortfall was due to state budget reductions.

Recommendation: We recommend that the Department continue its efforts to implement procedures to ensure that it meets the maintenance of effort compliance requirement.

Current Status: In its corrective action plan the Department stated that it is continuing efforts to apply corrective action. Based on our testing we determined that the Department did not meet the Maintenance of Effort requirement for the latest closed grant. As a result this finding is repeated on Schedule 3 at **13H73-1. Maintenance of Effort.**

12H73-2. Reporting

CFDA No.: 84.126

Condition: Several exceptions were noted during the testing of the federal fiscal year 2011 RSA-2 report including misstated amounts.

Recommendation: We recommend the Department develop and implement procedures to ensure the accuracy of the information on the RSA-2 report.

Current Status: In its corrective action plan the Department described the implementation of new review procedures to help ensure that accurate information is reported. Based on our testing of the federal fiscal year 2012 RSA-2 report, the Department has taken appropriate corrective action. This finding will not be repeated.

CFDA No.: 93.917

Condition: The Department of Health and Environmental Control (DHEC) is not in compliance with the eligibility requirement for the Ryan White Program for clients to be recertified in a timely manner.

Recommendation: We recommend the HIV program implement policies and procedures to ensure clients are being recertified in a timely manner in order to ensure compliance with stated regulations.

Current Status: During the fiscal year 2013 audit, we tested 60 program clients for eligibility compliance. We noted that program management has implemented a policy to ensure that clients are properly recertified twice per year that has been agreed to by the Health Resources and Services Administration (HRSA). This finding will not be repeated.

12J04-2. Cash Management

CFDA No.: 93.917

Condition: The South Carolina Department of Health and Environmental Control (the Department) drew down federal funds before using available HIV drug rebate funds.

Recommendation: We recommend the Department establish procedures to ensure compliance with Federal cash management regulations pertaining to the disbursement of rebate funds.

Current Status: During the fiscal year 2013 audit, we tested the cash draws for the HIV program. Our audit procedures determined that the Department has taken adequate steps towards implementation of procedures to ensure this compliance requirement is met. This finding will not be repeated.

CFDA No.: 10.557

Condition: The South Carolina Department of Health and Environmental Control (the Department) did not fully comply with the regulation to perform reviews on food instruments as well as take appropriate follow up action.

Recommendation: We recommend the Department continue its efforts to implement procedures to ensure that it meets all grant compliance requirements related to food instruments and cash-value vouchers. This should include, but not be limited to: reviewing food instruments processed regularly and in a timely manner, ensuring follow up action is taken in a timely manner, and also establishing an accounts receivable for noted vendor overcharges.

Current Status: The Department's corrective action plan regarding the FY12 audit finding stated that the Overcharge Report was modified to identify vendor overcharges on all food instruments. The corrective action plan also stated that the WIC Program had worked with the Department's Bureau of Financial Management to ensure that overcharges are recorded and documented in the Agency's financial management system. During our Fiscal Year 2013 audit we determined that the aforementioned corrective actions have been properly implemented. This finding will not be repeated.

CFDA No.: 93.563

Condition: The Department did not implement the automated data processing and information retrieval system as required by Section 454 (24) (B). As a result, the Department received a letter from the USDHHS Division of Administration for Children and Families (ACF), dated January 27, 1998, providing formal notice that ACF intends to "disapprove South Carolina's State IV-D Plan." The letter states that the basis for this decision is "South Carolina's failure to submit a State plan amendment by December 31, 1997, certifying that it is operating an automated child support enforcement system that meets all the requirements enacted on or before the date of enactment of the Family Support Act in accordance with Section 454 (24) (A) of the Act as amended by the PRWORA."

Recommendation: We recommend that the Department continue its progress in implementing a data processing and retrieval system that complies with Section 454 (24)(B) of the Act.

Current Status: The Department has not yet implemented the required system. This finding is repeated on Schedule 3 at **13L04-1. Child Support Automated System and OCSE 34A Report.**

12L04-2. Subrecipient Monitoring

CFDA No.: 10.558

Condition: the prior year single audit reported that the Department did not adequately monitor its subrecipients. During the current period we performed tests of the Department's subrecipient monitoring procedures to determine if the Department had corrected the prior year deficiency. We determined that the Department had implemented some changes but had not corrected all of the prior year deficiencies. The Department did not adequately monitor its subrecipients and as a result did not implement corrective action procedures timely.

Recommendation: We recommend the department continue its progress in implementing corrective action to address the prior year finding, we recommend the Department establish accurate and complete subrecipient populations by program for reporting and monitoring.

Current Status: The Department has not yet fully implemented its corrective action plan. This finding is repeated on Schedule 3 at **13L04-2 Subrecipient Monitoring.**

Funds that were allocated to the counties and went unspent were not returned in order to reduce drawdown request. Additionally, no documentation supporting the programmatic review was retained to show if funds were spent with federal requirements.

Recommendation: We recommend that Department retain supporting documentation of its review of expenditures at the county offices.

Current Status: During our review of advances to the county offices we noted no exceptions. This finding will not be repeated.

12L04-4. Eligibility

CFDA Nos.: 93.575, 93.596, 93.713

Condition: The Department is not in compliance with its internal controls over the eligibility process because during testing three case files were discovered that did not include DSS form 37110 as required by department ABC policy.

Recommendation: We recommend the Department continue its progress for improving eligibility control procedures. The improvements should be designed to ensure compliance with the ABC Child Care Program Policy Manual.

Current Status: The department updated its internal control procedures and removed the requirement for DSS form 37110. This finding will not be repeated.

Recommendation: We recommend the Department continue its progress for improving eligibility control procedures.

Current Status: During the fiscal year 2013 audit we reviewed 60 case files and noted all sampled files contained the necessary approvals. This finding will not be repeated.

12L04-6. Cash Management

CFDA Nos.: 93.575, 93.596, 93.713

Condition: Cash drawdown amounts did not agree to supporting documentation.

Recommendation: We recommend the Department strengthen its procedures to ensure all drawdown requests submitted to the Federal Government are timely and appropriate.

Current Status: During our testing of current year draws we noted no exception. This finding will not be repeated.

Recommendation: We recommend the Commission continue to develop and implement procedures to ensure accurate and timely federal reports.

Current Status: In its corrective action plan the Commission communicated continued implementation of procedures designed to apply corrective action. Our testing revealed evidence of continued corrective action being taken by the Commission. However, due to exceptions note during our testing of the RSA-2 report filed during our audit period this finding is repeated on Schedule 3 at **13L24-2. Reporting.**

12L24-3. Suspension and Debarment

CFDA No.: 84.126

Condition: The Commission did not verify contractor suspended or debarred status when contracting for services. During our review of transactions associated with contracted services, we determined that the Commission did not have procedures in place and operating to ensure that contractors are not suspended or debarred.

Recommendation: We recommend the Commission implement procedures to ensure compliance with Federal suspension and debarment requirements. The Commission should verify that potential contractors are not suspended or debarred by either adding a certification clause to contract documents, collecting a certification from the contractor, or performing a check of the Excluded Parties List System (EPLS) at epls.gov.

Current Status: In its corrective action plan the Commission explained that they would ensure compliance with 2 CFR Section 180.300. Our follow-up revealed that the Commission was in the process of applying corrective action. In addition, no additional non-compliance was noted. This finding will not be repeated.

**AGENCY CORRECTIVE ACTION PLANS TO FINDINGS AND
RECOMMENDATIONS - FEDERAL AWARD PROGRAMS AUDIT**

THE HONORABLE CURTIS M. LOFTIS, JR.

State Treasurer

July 7, 2014

Richard H. Gilbert, Jr., CPA
Deputy State Auditor
1401 Main Street, Suite 1200
Columbia, SC 29201

Dear Mr. Gilbert:

The South Carolina State Treasurer's Office respectfully submits the following corrective action plan for the finding identified in the Schedule of Findings and Questioned Costs for the year ended June 30, 2013.

13E16-1. Cash Management Improvement Act

Condition: The Office of the State Treasurer (STO) is the state agency responsible for complying with the reporting requirements of the Cash Management Improvement Act (CMIA). Federal Regulations require states to submit the annual CMIA report to the Financial Management Service (FMS) by December 31. The STO did not submit the annual report to the FMS by December 31, 2013.

Recommendation: We recommend the STO implement procedures to ensure the timely completion of the Annual Report.

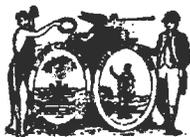

Response: During Fiscal Year 2013 the State changed computer systems which issues and reconciles checks. The lack of experience with the new computer system lead to more time being spent to calculate and verify check clearance patterns. Additional time spent on verification plus limited available staff time to devoted to preparing the annual report meant missing the deadline. STO staff notified the Financial Management Service (FMS) for approval to submit the FY 2013 CMIA Annual Report after December 31, 2013. For the future, the State Treasurer's Office staff will build on the experience of the new computer system and devote more time and resources to ensure the timely completion of the CMIA Annual Report by the required deadline.

Sincerely,

Paul D. Jarvis, Jr.
Senior Assistant State Treasurer

Dear Mr. Gilbert:

The Office of the Adjutant General appreciates the opportunity to submit the attached corrective action plan for the finding noted in the Statewide Single Audit for the fiscal year ended June 30, 2013. If you have any questions or need any further information, please contact me at (803) 299-2031 or garrickfl@tag.scmd.state.sc.us.

Corrective Action Plan

13E24-1 Design Costs Accounting and Reporting

When brought to our attention we immediately started working with the staff procuring construction related services to ensure proper general ledger account codes are assigned. This effort included: (1) educating staff through written communication regarding the various related general ledger account codes including their definitions and examples and (2) having the staff ensure that purchase orders include sufficient detail to support the general account code being used. We have also implemented a more thorough review process throughout procurement and payment. Finally, the staff procuring these services will be working with vendors to ensure invoices provide sufficient detail to support the service(s) for which we are being charged.

Single Audit – Response

13H73-1. Maintenance of Effort

Condition: The South Carolina Vocational Rehabilitation Department did not meet the grant maintenance of effort requirement for federal fiscal year (FFY) 2011.

Recommendation: We recommend the Department continue its efforts to resolve this issue with the federal grantor through waiver or other methods. We also recommend that in the future the Department identify other revenue streams to offset losses in State funding.

Agency Response: We concur with the finding and have strengthened our ongoing analysis of available non-federal funds by implementing monthly management reviews of those funds to meet match and maintenance of effort requirements. State budget cuts have been largely restored to required match level, but we continue to consider other revenue streams as possible sources of match in the event of future economic uncertainty.

13H73-2. Eligibility

Condition: The Department did not complete its eligibility determination within prescribed federal regulation.

Recommendation: We recommend the Department develop and implement procedures to ensure that eligibility determinations are timely in accordance with applicable federal regulations.

Agency Response: We concur with the finding, and have policies and casework in place that should have prevented it. Local staff are required to monitor all cases in status 02, 06, and 10 every week to expedite case progression. In the event eligibility cannot be determined within 60 days, an extension letter should be sent to the applicant explaining the need to extend the time period noted in the letter.

Another tool is the caseload listing screen which shows time in status as well as compliance messages. The message relevant to this finding notifies the counselor and support staff that the 60 day eligibility time limit is approaching.

We will implement the following corrective action steps to address these issues including:

- Upgrading computer programs to spot compliance trends. This data will identify compliance trends in a proactive manner.

- During the coming quarter (July – September, 2014) webinar training will be conducted statewide to stress the importance of this and other compliance requirements.
- Senior staff in each area office will conduct topical reviews specifically about this requirement. A corrective action plan with steps/dates to address the findings will be required.
- Upon completion of the corrective action plan, repeat topical reviews will be conducted to note improvement or identify other needed corrective actions.

Dear Mr. Gilbert:

We have reviewed the audit finding for the Fiscal Year 2013 Statewide Single Audit for the South Carolina Department of Health & Human Services (DHHS), and offer the following response for your consideration.

12102-1 Federal Share of Recoveries and Collections

Recommendations: We recommend that the Department continue its efforts to develop and implement procedures to ensure that recoveries and collections are reimbursed in accordance with CMS 45 Section 2500.6B.

Response: SCDHHS concurs with the finding and is well into the development phase of processes and procedures to ensure recoveries are reimbursed in accordance with CMS regulations 2500.6B of the State Medicaid Manual. This systematic functionality is currently in test and is expected to be operational in FFY 2015.

If you have any questions or need additional information, please let me know.

Re: Fiscal Year 2013 Single Audit

Dear Mr. Gentry:

I am writing in response to the Schedule of Findings and Questioned Costs – Schedule 3, which states that the South Carolina Department of Alcohol and Other Drug Abuse Services (DAODAS) was not in compliance with 2 CFR 25 (which prohibits making awards to a subrecipient unless the subrecipient has provided its DUNS number).

Subsequent to this finding, DAODAS obtained the DUNS numbers for its subrecipients, and the master list of DUNS numbers will be reviewed annually. This master list will be maintained by the DAODAS Grants and Contracts Section.

If there are any questions, please contact me at 803-896-1145.

Sincerely,

Mr. Richard H. Gilbert, Jr., CPA
Interim State Auditor
1401 Main Street, Suite 1200
Columbia, South Carolina 29201

Dear Mr. Gilbert:

The South Carolina Department of Social Services respectfully submits the following corrective action plan for those findings identified in the Single Audit Schedule of Findings and Questioned Costs for the year ended June 30, 2013.

13L04-1. Child Support Automated System and OCSE 34A Report

This is a significant deficiency. This is a repeat finding.

Child Support Enforcement
CFDA No.: 93.563
Grant No.: 1004SC4004 and 1104SC4004

Recommendation: We recommend that the Department continue its progress in implementing a data processing and retrieval system that complies with Section 454 (24) (B) of the Act.

Corrective Action: Since the Department's response to a similar finding in the previous Single Audit, testimony in the Contract Controversy hearing before the Chief Procurement Officer (CPO), which began on October 21, 2013, concluded after 47 days. Closing arguments had been scheduled to be held on June 17, 2014, but will now be submitted in writing to the CPO on July 19, 2014, to allow mediation efforts between the State and Hewlett Packard to continue. Shortly after testimony concluded, the parties agreed to attempt to settle the contract dispute through mediation. The mediation effort is still in process. If mediation efforts are unsuccessful and the closing arguments are submitted as scheduled on July 17, 2014, the CPO should render his decision within 60 to 90 days of that date.

In parallel to the hearing and mediation activities, the State is continuing to assess the viability of the code and other artifacts produced by the defaulted contractor to determine the remediation effort needed to complete the project. The State is working with the federal Office of Child Support Enforcement (OCSE) to gain federal support and funding for the project. In response to the State's funding request dated January 14, 2014, OCSE approved \$5,000,000 in federal funding to support the assessment activities being performed by State project staff.

13L04-2. Subrecipient Monitoring

This is a significant deficiency. This is a repeat finding.

Child and Adult Care Food Program
CFDA No.:10.558

Recommendation: In addition to continuing to implement corrective action to address the prior year finding, we recommend the Department establish accurate and complete subrecipient populations by program for reporting and monitoring.

Corrective Action: The Department has updated the approval procedures for suspended and subsequently approved vendors, to receive the same audit requirement notifications as a new operator. Vendor audit notification letter content has been updated, specifying that for profit vendors are required to furnish a financial audit and non-profits follow OMB Circular A-133 requirements, for their most recent fiscal year. Internal Audit Division has filled the vacant position that is responsible for monitoring and testing program auditing requirements.

Agency Contact: Mike Reeves (803) 898-7494

13L04-3. Allowable Costs-Time and Effort Reporting

This is a significant deficiency. This is a repeat finding.

Child Support Enforcement and Social Services Block Grant
CFDA No.: 93.563 and 93.667
Grant No.: Various

Recommendation: We recommend the Department strengthen its procedures to comply with OMB Circular A-87.

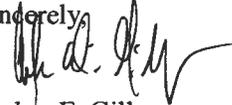

Social Services Block Grant (93.667) \$ 94,924
Child Support Enforcement (93.563) \$ 70,786

Corrective Action: The Department implemented procedures last fiscal year to ensure that all time and effort certifications are returned as prescribed. Certifications are logged in as they are received. Follow up is done to contact those areas that have not submitted their certifications by the due date. The Department will also implement a new method of gathering employee information to ensure that all staff who are assigned to a federal program at any point in time during the requisite six month period are included in the certification. Any changes or transfer of staff are indicated by the supervisor upon review and verification of the listing and supporting documentation for those changes submitted to the Cost Allocation area as well as Human Resources.

RE: AGENCY'S CORRECTIVE ACTION PLAN (FY 2013 Single Audit Findings Response)

Dear Mr. Gilbert:

The SC Commission for the Blind appreciates the professional attitude and conduct of the auditor's staff during the audit of our agency's financial records and will ensure corrective actions are taken regarding all findings.

1. Maintenance of Effort

We concur with the findings. As additional information, we would like to point out that planning and budgeting forecasts over the last six years have been adjusted by erratic state funding. During this time period, there have been six years with mid-year reductions and some of those years, there were multiple mid-year reductions in funding. Since FY 2001, SCCB's state appropriates have been reduced \$1,996,877 (or 48%) and as a result of this negative trend, there will be years it will not be possible to ensure that MOE requirements will be met. However, we will continue to budget and plan in an attempt to meet federal MOE requirements.

2. Reporting

SCCB will have the Budget Coordinator thoroughly review all reports and backup documentation after the reports are keyed, but prior to the reports being submitted to RSA. This will reduce the chances of keying errors. Also, data extracted from SCEIS and AWARE will be verified with appropriate department managers before submission.

Sincerely,

A handwritten signature in cursive script that reads "Juan M. Sims".
