May 16, 2018

The Honorable Donald W. Beatty, Chief Justice
and
Management of the South Carolina Judicial Department
South Carolina Judicial Department
1231 Gervais Street
Columbia, South Carolina  29201

Dear Chief Justice Beatty:

We have performed the procedures described in Attachment 1, which were agreed to by the Chief Justice and the management of the South Carolina Judicial Department (the Department), on the systems, processes and behaviors related to financial activity of the Department for the fiscal year ended June 30, 2017. The Department’s management is responsible for the systems, processes and behaviors related to financial activity. The sufficiency of these procedures is solely the responsibility of the specified parties in this report. Consequently, we make no representation regarding the sufficiency of the procedures described in Attachment 1 either for the purpose for which the agreed-upon procedures report has been requested or for any other purpose.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review, the objective of which would be an opinion or conclusion, respectively, on the systems, processes and behaviors related to financial activity of the Department. Accordingly, we do not express an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The concept of materiality does not apply to findings to be reported in an agreed-upon procedures engagement. Therefore, all findings from the application of the agreed-upon procedures must be reported unless the definition of materiality is agreed to by the specified parties. Management of the Department has agreed that the following deficiencies will not be included in the State Auditor’s Report on Applying Agreed-Upon Procedures:

- Clerical errors of less than $1,000 related to processing cash receipts and cash disbursements transactions unless the errors occur in ten percent or more of the transaction class inspected.
- Clerical errors of less than $1,000 related to reporting packages.
- Errors in applying account coding definitions to accounting transactions unless it is determined that ten percent or more of the accounting transactions inspected were found to be in error.
- Reporting packages which are submitted less than three business days after the due date unless it is determined that more than two of the reporting packages were submitted late.

This report is intended solely for the information and use of the Chief Justice and management of the South Carolina Judicial Department and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

George L. Kennedy, III, CPA
State Auditor
Cash Receipts/Revenues

1. Compare current year revenues at the subfund and account level from sources other than State General Fund appropriations to those of the prior year. Obtain and document an understanding of variations over $5,000 and 10% in General Funds, $125,000 and 10% in Earmarked Funds and $20,000 and 10% in Federal Funds.

2. Randomly select twenty-five cash receipts transactions and inspect supporting documentation to:
   - Agree transaction amount, date, payor, document number, and account coding to the general ledger.
   - Determine that revenues/receipts were deposited in a timely manner, in accordance with Proviso 117.1 of the fiscal year 2017 Appropriations Act.
   - Ensure that both revenue collections and amounts charged are properly authorized by law.

3. Randomly select twenty-five cash receipts and inspect supporting documentation to determine that receipts are recorded in the proper fiscal year.

Finding

Proviso 117.1 of the fiscal year 2017 Appropriations Act requires the remittance of state revenues to the State Treasurer at least once each week, when practical. The Department has policies and procedures in place designed to ensure timely recording and depositing of monies in accordance with this proviso. Section 1.27 of the Department’s finance manual states, “Revenue batches should be forwarded to Finance 2-3 times weekly or daily if necessary.” This section also states, “Deposits are made at minimum once a week or as necessary.” We determined that personnel responsible for receiving cash did not always follow Department policy. As a result, we noted two cash receipts were not deposited timely as defined by Section 1.27 of the Department’s finance manual.

Management’s Response

The Judicial Department’s procedures for handling cash/checks are designed to ensure the Department’s assets are safeguarded and properly accounted for in a timely manner. Our procedures do not provide a definition for timeliness. As the finding states, “Revenue batches should be forwarded to the Finance 2-3 times weekly or daily if necessary.” The Division which initially received the referenced checks did send multiple revenue batches to Finance within a week of receiving them. The finance manual also states, “Deposits are made at minimum once a week or as necessary.” The Finance Division did make multiple deposits within a week of the Department receiving the checks. By following Department procedures, the two $25 receipts in question were deposited in seven and eight business days. Proviso 117.1 does not clearly define timeliness, it states revenues must be remitted to the State Treasurer at least once each week, when practical. The proviso does not define the number or type of days that make up a week. Based on the type of funds received and the steps taken to ensure the receipts were properly accounted for, the deposits were made in a reasonable (practical) amount of time.

4. Compare current year non-payroll expenditures at the subfund and account level to those of the prior year. Obtain and document an understanding of variations over $250,000 and 10% in General Funds, $125,000 and 10% in Earmarked Funds and $100,000 and 10% in Federal Funds.
