Members of the General Assembly
and
Members of the Legislative Council
South Carolina Codification of Laws and Legislative Council
Columbia, South Carolina

We have performed the procedures described in Attachment 1, which were agreed to by the management of the South Carolina Codification of Laws and Legislative Council (the Council), on the systems, processes and behaviors related to financial activity of the Council for the fiscal year ended June 30, 2017. The Council’s management is responsible for the systems, processes and behaviors related to financial activity. The sufficiency of these procedures is solely the responsibility of the specified parties in this report. Consequently, we make no representation regarding the sufficiency of the procedures described in Attachment 1 either for the purpose for which the agreed-upon procedures report has been requested or for any other purpose.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review, the objective of which would be an opinion or conclusion, respectively, on the systems, processes and behaviors related to financial activity of the Council. Accordingly, we do not express an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The concept of materiality does not apply to findings to be reported in an agreed-upon procedures engagement. Therefore, all findings from the application of the agreed-upon procedures must be reported unless the definition of materiality is agreed to by the specified parties. Management of the Council has agreed that the following deficiencies will not be included in the State Auditor’s Report on Applying Agreed-Upon Procedures:

- Clerical errors of less than $1,000 related to processing cash receipts and cash disbursements transactions unless the errors occur in ten percent or more of the transaction class inspected.
- Clerical errors of less than $1,000 related to reporting packages.
- Errors in applying account coding definitions to accounting transactions unless it is determined that ten percent or more of the accounting transactions inspected were found to be in error.
- Reporting packages which are submitted less than three business days after the due date unless it is determined that more than two of the reporting packages were submitted late.

This report is intended solely for the information and use of the General Assembly and of the governing body and management of the South Carolina Codification of Laws and Legislative Council and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

Reporting Packages (Continued)

16. In addition to the procedure above, perform the following:

- Other Receivables Reporting Package

  Determine if reported amounts were accurate based on inspection of the South Carolina Enterprise Information System (SCEIS) general ledger, the SCEIS Yearend Reporting - Accounts Receivable Current with Customer report and/or Council prepared records. Haphazardly select three receivables at 6/30/2017 to determine if the amounts were properly classified, calculated, and reported on the reporting package.

- Unearned Revenue Reporting Package

  Determine if reported amounts were accurate based on inspection of the SCEIS general ledger, and/or Council prepared records. Haphazardly select three transactions to determine if the amounts were properly classified, calculated, and reported on the reporting package.

- Capital Assets Reporting Package

  Determine if responses and reported amounts were reasonable/accurate based on inspection of the Council provided supporting documentation and agreed amounts reported on the ‘Non-SCEIS Agencies Only - Capital Assets Summary Report’ to the Council’s capital assets worksheet.

- Accounts Payable

  Determine if responses and reported amounts were reasonable/accurate based on the inspection of the SCEIS general ledger, SCEIS Yearend Reporting - Prior Year Payables with Vendor and/or Council prepared records. Haphazardly select the one prior year payable transaction to determine if the amounts were properly classified, calculated, and reported on the reporting package.

- Subsequent Events Questionnaire

  Determine if responses were reasonable/accurate and any required supplemental information was properly prepared and submitted based on inspection of the SCEIS general ledger and/or Council prepared records. In addition, haphazardly select the two prior year payable transactions from the Subsequent Events Accounts Payable Worksheet and determine if the amounts were properly classified, calculated and reported and excluded from the original Accounts Payable Reporting Package submission.

Finding

Prior year payables reported on the Subsequent Events Questionnaire were overstated by $1,355.

Management’s Response

We acknowledge that we overstated the prior year payables on the Subsequent Events Questionnaire submission. In an overabundance of caution, we included a Xerox payment for services rendered in the prior fiscal year and the current fiscal year. We appreciate the useful guidance from the OSA staff for our future determinations of inclusions/exclusions on the Subsequent Events Questionnaire.
