During our inspection of terminated employees, we observed three hourly employees who were terminated and not receiving paychecks. However, they were not removed from the House payroll system in a timely manner.

Management’s Response

We terminate the employee as soon as we are aware of the departure. I have contacted our IT department to create a program that will assist us when an employee is not clocking in. It was noted in the file with their correct termination date.

Finding

During our inspection, we observed one instance in which State funds were used to pay for a first-class airline ticket, in violation of Proviso 117.20.N.

Management’s Response

We are working to ensure our travelers use the most economical means of travel. The CG’s regulations for air travel states ‘...travel by commercial airlines coach or tourist class, except where exigencies require otherwise.’ We are working diligently with the airlines to ensure none of our travelers for the House travel first class again.

Additionally, haphazardly select four capital asset acquisitions to confirm they were properly capitalized. Also, inspect the capital asset retirement to confirm it was properly removed from the House’s books and that the disposal was properly approved.

   - Operating Leases Reporting Package

     Determine if amounts agree to the South Carolina Enterprise Information System (SCEIS) general ledger, the SCEIS Yearend Reporting Operating Lease Expense with Vendor report and/or House prepared records. In addition, based on inspection of invoices and lease agreements, determine if rental payments were properly classified, coded and calculated by inspecting and recalculating the following reported amounts: (1) Five haphazardly selected contingent rental payments; (2) One haphazardly selected payment for each vendor included in the remaining rental payment classification (Other Adjustments); and (3) All future minimum lease payments are properly reported.
